THE DANCE OF THE COWS

Farmington—Ernest Sprute never saw a cow dance. But on Monday afternoon he was entertained by a whole barnful, when his water pump motor shorted onto the pipes and stanchions shocking his whole herd of cattle. Ernest was in the farm yard when suddenly he heard a chorus of bellowing from the barn. Running to find the trouble, he opened the door and saw the rare sight. Some cows were trying to get all four feet of the ground at once when he shut off the "juice". Non of the herd suffered ill effects.

ADOLPH HAD A LITTLE GOAT

Williams—Many people have remarked about the oddity that Adolph Larson, who with his team is employed in the timber yards here, always has a nanny goat tagging the team to and from work. While employed southwest of Williams the goat and Adolph's horses became fast friends. When he finished his work there and drove his team to town the goat followed. The goat refuses to be separated from the horses except when a train passes. Then she ducks behind anything that affords shelter.

While we are at it, permit us to mention that some time ago the matter of getting a locker plant in this village was a common talk away a lot of people, but no action was taken until recently. A few live wires took a hold of it and due to the moral support, as well as the financial part of it the different business places in the village are generously buying a goodly number of shares. The day might not be so far o when the plant is completed ready to serve the people of the village as well as the surrounding country.

From where I sit . . . *by* Joe Marsh

Ben Ryder and the Wanderlust

During the war, Ben Ryder talked about the trips he'd take when gasoline rationing was ended. Used to pore over roadmaps—checking mileages and charting routes.

Now Ben's taking quite a lot of ribbing. Soon as rationing was lifted, he decided he liked staying home, puttering in the garden, playing chess, sharing a pleasant glass of beer with friends.

"Shucks," admits Ben sheepishly, "as soon as you can go, then it's just as good as having gone!

You might as well stay home . . . enjoy your friends and family."

From where I sit, that's a pretty common trait in human nature.

Take that glass of beer, for instance. During Prohibition, Ben was sure a formidable thirst. But come repeal, Ben suddenly finds he's happy with a friendly, moderate glass of beer—and nothing more. Yep—just tell folks the way's the limit, and they'll settle for a piece of friendly earth.

A DUST PROGRAM THAT WILL GIVE BETTER RESULTS THAN EVER

it's the new combination of

YELLOW CUPROCIDE and DDT

- Now you can plan to protect your crops with a *systematic* dust program that's *really* effective . . . with the new combination of YELLOW CUPROCIDE and DDT that means increased crop yields through *better* disease and insect control.
- YELLOW CUPROCIDE, again available in quantity, has the *highest copper content* of any active ingredient on the market. This fact plus its extremely *small particle size* and *great sticking qualities* assure longer lasting blight protection.
- A YELLOW CUPROCIDE dust combined with DDT (made from Rohm & Haas D-50 DUST, a finely divided 50% DDT product) offers a combination that's outstanding . . . one that will prevent both early and late blight *and* control potato insects as well.
- A regular weekly dusting schedule of YELLOW CUPROCIDE and DDT will give you results you've long been looking for. Ask your dealer, or write us, for a folder describing this new, more effective dust program.

POSTWAR COUNCIL SAYS STATE NEEDS 40,000 NEW HOMES

Must Build 10,000 New Homes Each Year to Make up Deficit

Minnesota needs at least 40,000 new homes to catch up with its housing deficit, and at least 10,000 new dwelling units a year to keep up with ordinary demands, the Minnesota Postwar Council reported today in approving a survey made by a special reconversion committee on housing. The housing committee said that its estimate of 40,000 dwelling units needed to make up present deficit is undoubtedly conservative, and that the estimate of 10,000 new units a year is based on construction during 1930 to 1940, and therefore is also low.

Ward Lucas, Winona, chairman of the council, in submitting the report to Governor Thye said:

"We wish to emphasize that the key to relief from the present situation is first an increased supply of building materials which is primarily a problem for national action, and later an increased supply of building craftsmen which is primarily a problem for local action. Distribution facilities through which building materials move from producer to consumer are just as adequate and ready to perform effective service now as they were when there was a supply of materials, but they cannot create materials and can guarantee a supply only if production is adequate. The use of some temporary housing will further complicate our reconversion problems."

The council pointed out that the housing committee, of which Dr. Donald J. Cowling was chairman, was evenly divided on whether an immediate special session of legislature is necessary to do anything about housing. Eleven members of the committee present at the March 1 meeting voted 6 to 5 for an immediate session of the legislature. However, the Minnesota Postwar Council, in approving the report, voted 10 to 3 against an immediate session of the legislature. The chairman of the council, and four members who were out of the state, did not vote. 3 members did not vote on the special session question.

University Offers Free Service to Communities in Planning Recreation

A wholly new service available to municipalities and boards of education has been created by the University of Minnesota through appointment of an expert community adviser on community recreation programs. He will work as a member of the department of physical education and athletics, and his services will be provided free of charge to committees seeking advice on such points in a recreation program as general organization, administration, leadership, facilities, financing and the like.

In announcing the new service, Frank McCormick, department director, called attention to the fact that Minnesota has in his department the only four-year curriculum for the training of recreation leaders in the United States. Professor Edwin Haislet directs this program.

Gerald B. Fitzgerald, a graduate of Notre Dame university with a graduate degree from the University of Minnesota, has been named recreation consultant to fill this position. He has had wide experience as summer playground diligence in recreation, starting with recreation in St. Paul in 1928. He has taught in several colleges universities including the leadership training program at the University of Minnesota. During the war he was for four years a recreation director with the USO.

OWNER FOUND WITHOUT POSTOFFICE ADDRESS

St. Paul — An interesting coincidence was that which happened recently, when a letter came to the St. Paul postoffice, addressed simply "John E. Porthan, Minnesota, Amerika." The letter bore a Finnish stamp and postmark and was turned over to the local office of Help Finland, Inc. It came to the attention of Mrs. Walter J. Monska, a committee member, who at once gave the correct address. She knew it because Mr. Porthan happened to be her uncle.

Dispose of Quietly

Born of an infamous black market of the 1830's is the verb "burke," meaning to suppress or to dispose of quietly. Surgery was then making its first beginnings as a science. Men known as bodysnatchers, or, more subtly, Resurrectionists, supplied corpses at a price to medical schools, with no questions asked. In Edinburgh, one William Burke delivered bodies to anatomists so frequently and in such perfect condition that questions were asked, and Burke was tried and hanged for murder.

THE FINEST OIL MONEY CAN BUY
New Varcon Motor Oil is the "detergent" type which provides a washing action in removing varnish, ring-sticking and sludge-forming materials.
Once again necessity was the mother of invention. During the war it became necessary to develop an oil that would
1. Give service in Arctic cold or jungle heat.
2. Keep engines clean.
3. Prevent piston sticking.
4. Protect against rapid engine wear.
5. Stop corrosion of bearings.
New Varcon Motor oil is that kind of oil. It really is different. It is outstanding. It is marvelous. A-N-D, mile for mile it doesn't cost a penny more than the old type of oils.

Report Name Changes to Social Security Board

With thousands of young women getting married to returning veterans, the Social Security Board urges that all changes of names of workers be reported to the nearest office of the board so that an orderly and accurate record may be maintained of all workers' accounts.

"Reports on changes of name for whatever reason should be recorded at the Social Security Board office," stated John R. Goldman, of the Grand Forks office. Such reporting will assure the worker that all of his or her wages are accredited to the proper account and will aid the worker in establishing his or her claim in later years.

Hid Tracks

In China—to keep Jap raiders from carrying off the rails—the Canton-Hankow railway for several years made a practice of removing and hiding the tracks beforehand, putting them back after the enemy went away.

J. B. McNulty, extension specialist from University Farm, St. Paul, will conduct a check-up meeting on farm accounts in the Civic and Commerce rooms in Thief River Falls on Wednesday afternoon, April 3, starting at 1:30 p. m. All farmers keeping account books are invited to attend the school.

In addition to the discussion of farm accounts, Mr. McNulty will take up the following topics:

How much capital is needed to purchase and equip a farm with machinery and livestock?

How much debt can a buyer assume without incurring a big risk of loss of personal or farm property or both?

What are the alternatives to get started farming without buying the real estate or perhaps the personal property? This is a discussion of wages plus a share of the earnings, partnership and farm leases.

Sprouting Onions

Onions that sprout in the kitchen at this season should not be discarded. The USDA suggests that the tender green sprouts offer a colorful and flavorful pickup for spring salads and many other dishes. Cut the sprouts in small pieces and add to salad greens, deviled eggs, white sauce, cooked vegetables or stews. The part of the onion that has softened may be cut away, but the rest is still good to save and use.

MINNESOTA HISTORICAL SOCIETY

CONSERVANCY DISTRICT BOARD MET SATURDAY

Advised by Rep. Hagen of Further Delay in Red Lake River Work

The board of directors of the Red Lake River Drainage and Conservancy district, at a meeting in this city last Saturday afternoon, took initial steps necessary to take over the administration of the proposed project.

At the same time W. J. Kirkwood, vice president of the board, read a message from Rep. Harold C. Hagen dissipating hopes that the channel improvement project would get under way this year. In his message printed in full below, Rep. Hagen expressed the belief that all remaining hurdles would be surmounted so that the work can get under way in 1947.

Mr. Kirkwood and L. W. Rullen, secretary of the board, reported on their recent conference with the army engineers of the St. Paul district, at which time they were told of assurances that the conservancy district will be called on to give the federal government.

The board then proceeded to adopt a resolution agreeing to provide all necessary flowage easements and rights-of-way, and also to assume the cost of altering bridges where necessary, or in lieu thereof, to make a cash contribution of $33,220, which sum the affected counties already have pledged themselves to contribute.

The board agreed to maintain the improved river channels, and to undertake to prevent stream pollution.

Acting for the Red Lake River Development association, W. E. Dahlquist turned over to the conservancy district board a collection of records held by the association relating to previous developments in connection with the long-sought project.

Board members present at the meeting Saturday included Ole Melby, Oklee, president; Mr. Kirkwood, Olaf E. Glstad of Gryglia; Emil Wagner, Gonvick; and John C. Hadlicki, Trail; in addition to Secretary Rullen and Treasurer Robert J. Lund.

MRS. KILAND WILL CONDUCT CANCER DRIVE IN COUNTY

Pennington Co. Asked to Give $350 in Campaign Starting April 15th

Minnesota's statewide campaign to raise $224,000 to combat America's No. 1 enemy, cancer, will open shortly with citizens committees organized in every county to carry on an all-out attack to curb the disease which it is estimated will kill 175,000 Americans in 1946.

Mrs. Marjorie Kiland, Pennington county chairman, stated that the drive for the county's quota of $350 will be conducted the week of April 15.

Workers in the campaign will be responsible for a two-fold job. In addition to seeking the $224,000 which has been set as Minnesota's share of the $12,000,000 which the American Cancer Society is raising in April for cancer research and education, they will spread the message throughout the state that cancer can be cured in about 50 per cent of the cases. At present, only 15 per cent of all persons becoming ill from cancer are saved.

Sixty per cent of all funds raised in the April drive will remain in Minnesota to be used for Minnesota cancer projects, approved by the Minnesota Cancer Society. The remaining 40 per cent will go to the American Cancer Society to finance research into the disease on a nationwide scale.

Alice Lind to Compete in Regional Speech Event

By virtue of having won a rating of excellent in the humorous section of the District 31 interpretative reading contest at East Grand Forks Wednesday evening of last week, Alice Lind, Lincoln high school student, will enter the regional contest at Bagley Friday evening. It was announced today. Others who competed in various divisions at East Grand Forks were Betty Sandberg, Agnes Benson and Audrey Hylden.

Annual Meeting of Red Lake Electric Co-op Is Conducted

In spite of unfavorable weather, the usual large attendance was registered at the annual meeting of the Red Lake Electric Cooperative held Wednesday afternoon in the community hall at Red Lake Falls.

Nine men were elected to the board of directors of the association, including C. W. Beyer, Joseph Brunelle, V. E. Copp, Millard Dalley, H. I. Pinstad, Henry W. Paul, Joseph F. Skala, Joseph W. Ste. Marie and Carl Swanson.

The membership approved three proposed amendments to the articles of incorporation of the association. The first amendment increases the capital stock to $25,000 and is necessary for the reason that the corporation has reached the limit of membership and has a long waiting list of applicants who cannot be accepted and issued stock until the capital stock is increased.

The second amendment increases the limit of indebtedness to $2,000,000 and is necessary if the cooperative is to expand its lines in the future.

The third amendment lengthens the terms of the directors to three years with only three to be elected each annual meeting instead of nine.

Principal speakers at the meeting were W. E. Dahlquist of this city and Rev. L. E. Proulx of Brooks.

STATE CHIEF WILL TALK TO BUSINESS WOMEN APRIL 8TH

Carol Marx of Owatonna To Speak Next Monday Night in Palm Garden

A special meeting of the Thief River Falls Business and Professional Women's club has been called for Monday evening, April 8th, in the Palm Garden Cafe, when Miss Carol L. Marx of Owatonna, president of the Minnesota Federation, will be the honored guest.

Miss Marx will use as her topic "How Good Are We?" During the afternoon, she will conduct an informal session with members, officers and prospective members. A continuation of this discussion will follow the evening dinner.

All members and any other business and professional women interested in attending the dinner, are asked to contact Florence Anderson, club president.

VFW UNITS PLAN JOINT INDUCTION

Local Post, Auxiliary to Install Next Monday

Recently elected officers of Post No. 2393 of the Veterans of Foreign Wars, together with those of auxiliary unit, will be inducted at joint installation rites next Monday evening, April 8, in the Civic and Commerce rooms in the Auditorium, it was announced today.

Heading the rosters of officers to be installed are Wallace Hallingrud, who will succeed Morris Johnson as commander of the VFW post and Mrs. Fred Beringer, who will assume the presidency of the auxiliary, succeeding Mrs. Frank Steineke.

The induction ceremonies will be followed by a social hour and the serving of lunch.

Early Spring Receives Setback in Past Week

Hopes for an unusually early start on spring seeding operations in this locality received a setback during the past week when rain and snowfalls brought a total precipitation of .77 inch, including a blanket of approximately three inches of wet snow that arrived Wednesday. Temperatures during the week ranged from a high of 67 last Friday to a minimum of 29 Wednesday morning, according to the power plant weather observer.

Mission Worker from Wisconsin to Speak Here

Mercy Hospital Assn. Building Fund Boosters to Meet Next Saturday

As a result of conflicts with other local meetings Saturday, the rally of supporters of the Mercy Hospital association building fund campaign scheduled for that day has been postponed to next Saturday afternoon, April 6, at 2 o'clock in the Palm Garden Cafe, it was announced today by C. D. Gustafson, president of the association. Invited to attend are residents of the area tributary to Thief River Falls in Red Lake and Marshall counties, a previous meeting of Pennington county residents having been held.

ON-THE-JOB VETS TRAINING TOPIC OF C & C TONIGHT

Program to be Outlined at Dinner Meeting in Palm Garden Cafe, 6:15

At a meeting this evening at 6:15 in the Pine Cave of the Palm Garden Cafe, members of the Civic and Commerce association, together with a large number of invited guests, will hear an explanation of the on-the-job training program for war veterans, financed in part by the federal government.

The speaker will be F. J. Lieben, state supervisor of distributive education with the state department of education, and head of the on-the-job training program for veterans.

In addition to local citizens, businessmen of nine neighboring communities have been invited to be present at the dinner, it was announced by Russel E. Olsen, Civic and Commerce secretary.

JAMAICA OFFICIAL VISITS THIS CITY

Is Making Study of U. S. Co-op Groups

In order to obtain first-hand knowledge of farmer cooperatives in this area, Bert Grange of Jamaica, British West Indies, made a one-day visit to Thief River Falls during the past week. Mr. Grange is at present on leave of absence from his position in the agriculture and land department of the Jamaican government and is spending much of that time in studying, and working in, cooperatives in that country.

To alleviate the poor living conditions of the farmers of Jamaica the British government is encouraging development of cooperatives and it is Mr. Grange's hope to be able to go back soon to help in a program that promises to benefit his people.

While in Minneapolis recently, attending the annual meeting of Midland Cooperative, Mr. Grange he expressed a desire to see some typical farmer co-ops so was invited by Emmett Hope of this city to accompany him in his return trip to Thief River Falls.

J. A. Erickson Named on Engineers' Committee

County Engineer J. A. Erickson of Thief River Falls has been named district chairman of the membership committee of the Minnesota Association of Professional Engineers, H. P. McNeely, president, announced this week. The association has 600 members in nine district societies in Minnesota.

Minneapolis Pastor to Attend Conference Here

Pastor Gustaf F. Johnson, well know Minneapolis Preacher evangelist, is scheduled to be in Thief River Falls for a union Bible conference, April 23-28, arranged by the Union Gospel Tent Mission, said Rev. L. W. Lindholm, chairman.

Ownership of Minnesota forest land in 1945 was 25 per cent farm woods, 24 per cent commercial, 16 per cent federal, 35 per cent state and tax-forfeited.

ELBOW LAKE EDITOR HEADS STATE D-F-L

State Convention Is Conducted in St. Paul During Past Week-end

Harold Barker, Elbow Lake newspaper publisher, Sunday was elected state chairman of the Democratic-Farmer-Labor party in a surprising 245-144 victory over J. E. McKenna, Cloquet attorney at the state convention in St. Paul.

Barker, 56, was speaker of the house during the Farmer-Labor regime in 1937 and just recently returned from service as a captain in World war II. He also is a veteran of World war I.

Election of Barker was a direct defeat for Mayor Hubert H. Humphrey of Minneapolis and Harney Allen, Detroit Lakes, 1944 DFL nominee for governor, who gave the seconding speeches on behalf of McKenna before the voting started.

But Barker, regarded as a middle of the roader, not only carried the three big counties, Hennepin, Ramsey and St. Louis, 112 and two-thirds to 32 and one-third, but also the rural counties, 132 and one third to 111 and two-thirds.

After Barker's victory the convention, in a conciliatory mood and recognizing various factions, quickly elected three vice chairmen and three vice chairwomen without opposition.

They were George L. Phillips, Minneapolis; Allen, and Rep. Thomas Vukelich, Gilbert, as first, second and third vice chairmen, and Mrs. Marian LeSueur, Minneapolis, Mrs. Eugene Anderson, Red Wing, and Mrs. Jasper Russell, St. Paul, as first, second and third vice chairwomen.

In another harmony move, Orville Freeman, 27, former marine captain, in charge of veterans affairs in Mayor Humphrey's office was elected state secretary.

Freeman succeeds Paul Tinge, St. Paul former state Farmer-Labor chairman, who withdrew his nomination after a battle developed. Tinge then was elected state treasurer.

Barker, who succeeds Elmer Kelm, Chanhassen, who resigned when named collector of internal revenue for Minnesota, called for a strong DFL organization to defeat the Republican party in the state and to aid the Democratic party on a national level.

"Unless we succeed in electing a liberal legislature in 1946 the state of Minnesota may have a sales tax and may see further reduction in state taxes on iron ore," Barker declared.

"Our liberal legislators also will have to work to prevent further raids on the state school fund, which the state administration has dipped into in order to create the impression it has a good financial record," he added.

At the closing of the convention Harold Barker was endorsed as the D-F-L party's candidate for governor. Endorsements for other offices were deferred to a later meeting, probably to be called before the end of April.

LIONS CLUB HEARS PHONE OFFICIAL

Club Backs Civic Center Plan with Reservations

Stan Vall of the Minneapolis office of the Northwestern Bell Telephone company was the guest speaker at the Lions club luncheon meeting Wednesday noon in the Palm Garden.

He discussed wartime developments in the field of radar, and said the equipment has great possibilities for a peacetime use in navigation, aerial surveying, blind flying and allied fields. Mr. Vall also showed samples of radar equipment as well as of the coaxial cable for use in television as well as in the telephone field.

At the meeting the club went on record as endorsing the recommendation of the Civic and Commerce association and Rotary club to the effect that under the new zoning ordinance the blocks including the Auditorium and public library be reserved for a civic center. The recommendation, however, was made with the stipulation that, in the event the civic center plan is adopted, the west side park in Block 38 should be released for commercial building.

30 Farmers Are Guests of Rotary at Luncheon

A group of thirty farmers from thruout this community were guests of the Rotary club at its luncheon meeting Tuesday noon in the Evelyn Hotel. The program consisted of motion pictures dealing with radar and telephone improvements, supplied by the Northwestern Bell Telephone company, together with an explanatory talk by Stan Vall of the Minneapolis office of the telephone company.

NORWEGIAN LADY THANKS GOODRIDGE RESIDENT FOR AID

Writes Letter Voicing Thanks for Clothing Shipped to Norway

Mrs. H. A. Dahlen of Goodridge, one of many from this locality who contributed to a clothing collection for Norwegian relief late last year enclosed her name and address with her parcel, and recently received a letter from the recipient in Norway, of which the following translation was made by Rev. J. K. Lerohl of Oklee.

Maere, Dec. 2, 1945

Dear Madam:

Accept our hearty thanks to you and all who sent clothing of various kinds to us. Sorry there were not more names and addresses so we cannot write and thank the individual donors; but we hope that you will bring our thanks and appreciation to all who gave us very good and useful gifts.

There were many happy recipients who the gifts were distributed in our neighborhood. We got ladies' and girls' dresses, ladies' coats, men's coats, socks and caps, etc. All have been distributed to about 450 families in our Parish.

The distribution was quite a task, but it went very nicely, and I think everybody got something they needed and could use. We have some people here that were evacuated from Finmarken—northern Norway— and they are surely to be pitied because they lost everything they had during the war.

I was in Sparbu, about 10-12 miles north of Trondheim. Steinkjer is our nearest town. That town was bombed and burned April 21,1940.

There are so many here that would like to send their personal greetings and thanks to the many who have given gifts, so please try to bring them our sincere thanks and appreciation. You can be sure the gifts were received with gratitude by everybody.

After five years of war it cannot be denied that we were in need of many things; but anyway we are happy that the war is over and that we now can enjoy peace and freedom again.

We wish you and yours and all other good donors a very blessed Christmas.

Sincerely
Elise Wang

STOCK SHIPPERS TO MEET TUESDAY

Two Directors to be Named at 1946 Session

The annual meeting of the Thief River Falls Livestock Shipping association will be conducted in the Civic and Commerce room in the Auditorium Tuesday afternoon, April 9, at 2 o'clock, Christ Nelson, secretary, announced today.

In addition to hearing reports covering operations of the association in 1945, members will elect two directors, the terms of Mr. Nelson and Carl Reisenegger expiring at this time. Dividend checks from the Central Cooperative association at South St. Paul also will be distributed.

A short talk will be given at the meeting by Carl Spong of Fargo.

O. M. Mandt Operated on in Minneapolis

O. M. Mandt member of the Pennington county board, underwent an operation Wednesday of last week in University Hospital, Minneapolis He was expected to be released from the institution yesterday, but will be required to remain in Minneapolis for observation for some time.

A bumper crop of Minnesota wild rice or manomin is about a million and a quarter pounds, the general annual average about 500,000 pounds.

DISTRICT COURT TERM SLATED TO END LATE TODAY

Ernest Kidder Found Guilty on Charge of Third Degree Assault

After deliberating three hours, a petit jury in Pennington county district court found Ernest Kidder of Sanders township guilty on a charge of third degree assault, alleged to have committed on his wife, who testified against him. Judge Oscar R. Knutson will impose the sentence Monday.

Testimony in the case, for which the court room was packed with adult listeners, was probably the most sordid ever heard in district court here. Kidder had been found guilty of second degree assault in court last November, following which his request for a new trial had been granted.

Ralph Cheney, who had recently pleaded guilty to a charge of grand larceny in the second degree, arising from the misappropriation of funds, was sentenced Tuesday by Judge Knutson to serve an indeterminate sentence of up to five years. The sentence, however, was suspended and Cheney was placed on parole under the supervision of the state parole board.

A jury was drawn Wednesday morning to hear testimony in the action of Underwriters at Lloyds of Minneapolis vs. C. E. Snyder, arising from an automobile accident. Following completion of the case, expected late today, the court term will be concluded.

RITES ON TUESDAY FOR MARTIN OWEN, EMPLOYE OF CITY

Died of Heart Attack Friday While on Duty at City Incinerator

Funeral rites were conducted Tuesday in Trinity Lutheran church by Rev. C. O. Thompson for Martin H. Owen, 73, who passed away suddenly while on duty at the city incinerator last Friday.

Born February 3, 1873, he moved to Marshall county near Grygla in 1904 where he set up a homestead. He was united in marriage to Lizzie Anderson September 9, 1906 at Thief River Falls.

POWER PLANT'S NET INCOME IS $108,402 IN 1945

Earnings Revealed in Annual Report of City Clerk P. G. Pederson

Due to a more than ten percent increase in sales of electric current and to greater use of the water turbines permitted by a more ample flow of water, the municipal power plant in 1945 recorded a net income of $108,402.65, compared to $88,311.88 in 1944, the previous high mark, it is revealed in the annual report of City Clerk P. G. Pederson, completed during the past week.

Producing a total of 5,857,000 kilowatts of electricity in 1945, compared to 5,077,800 in 1944, the plant last year had a total revenue of $180,068.60. Total assets of the utility, including $120,000 in government obligations are reported at $529,829.70.

The operating revenue of the water department in 1945 was $67,526.01, while operating expenses were $18,074.24 and capital outlay $2,872.95, leaving a net income of $4,475.22. The filtration plant handled a total of 173,043,000 gallons of water during the year.

As the result of the issuance last year of $250,000 in filtration plant bonds, the proceeds of which are held in the city treasury and in government bonds, the city's net bonded debt increased from $217,000 at the end of 1944 to $441,000 on December 31,1945.

In addition to the filtration plant bonds, outstanding obligations include $106,000 in light plant bonds, $55,000 in sewage treatment plant bonds and $30,000 in water works bonds. The city has on hand cash to retire the waterworks bonds, which mature July 1.

Major items of disbursements from the current expense fund of 1945 included street expenses, $152,655.80; sanitation and waste removal, $10,893.78; recreation, $9,076.73; general government expenses, $8,989.21; police department, $11,563.12; and fire department, $11,224.35. Other principal disbursements were for the poor fund, $4,236.81; veteranstions fund, $7,030.76; library fund, $3,123.66; and park fund, $6,190.17.

The sports arena had receipts of $3,459.50 in 1945, the revenue from roller skating, ice skating and operation of the refreshment booth. Area disbursements aggregated $2,904.23.

Beverly Jean Bruckler Speaks Marriage Vows with Manley R. Hauge

Marriage vows were exchanged under an arbor of white lattice, calla lilies and ferns by Beverly Jean Bruckler, daughter of Mr. and Mrs. Sigmund Bruckler and Manley Russell Hauge, coxwain in the United States Navy, son of Mr. and Mrs. Oscar Hauge, formerly of Thief River Falls and St. Hilaire, in one of the most charming ceremonies of the season, Rev. Father Bernard J. Schaller officiated Sunday afternoon, March 3, at 1:30 o'clock at the St. Emydius Catholic church of Lynwood.

Two hundred friends witnessed the ceremony, performed in a setting of candles and azaleas. The bride, who was given in marriage by her father was lovely in white marquisette of sweetheart design, with ruffled marquisette bustle forming a full train. Her three-quarter length veil was held in a peaked crown of orange blossoms and seed pearls, and she carried a bouquet of white gardenias and wide white satin streamers.

Eleanor Greer, who attended her sister as matron of honor wore a blue net gown in the off-the-shoulder mode, with a matching coronet of blue net. She carried white gardenias and pink carnations held with wide ribbon streamers. Rosella Hauge and Elaine Greer were bridesmaids.

Their costumes, in yellow and pink net respectively, were similar to the maid of honor's and they carried bouquets of gardenias, lilies, and carnations.

Wilmer Greer, brother-in-law of the bride, was best man, and Cecil Shuey, U. S. Army, and Sidney Roy, U. S. Navy, who attended school with the groom at St. Hilaire, were the ushers.

Two year old Sharon Searey, flower girl, wore a blue net formal gown and carried a basket of red rose petals. Two and a half year old Greer was ring bearer. He carried a white satin heart on which the two wedding rings were placed.

On their return from Lake Arrowhead, the newlyweds will live at 804 West Cedar street, Compton.

Young Mrs. Hauge graduated from Compton junior college, lower division, in 1941, and has been employed by a Los Angeles paint concern.

Mental Disorders Lead Army Rejection Causes

Mental and personality disorders have caused the rejection of more selective service registrants, and accounted for more disability discharges from the armed forces, than any other defects, according to selective service system.

More than 4 out of every 10 rejections for mental and personality disorders were due to psychoneurotic disorders or psychopathic personality. The psychoneuroses are a large group of mental disorders which are characterized chiefly by special combinations of anxiety, fears, compulsions, obsessions. Generally a psychoneurosis results only in a partial disorganization of the mind. A psychopathic personality is characterized largely by emotional immaturity or childishness, with marked defects of judgment, foresight and ordinary prudence. This group is unable to adapt to reality and profit from experience.

On January 1, 1943, an estimated 561,700 or 17.8 per cent of the 3,463,600 registrants aged 18-37 in the rejected classes, were so classified because of mental and personality disorders. Rejection rates for these disorders have increased with each successive year of selective service operations. During 1940 and 1941, approximately 22 of every thousand registrants examined were rejected for this defect. In 1942 the rate increased to 50, in 1943 to 74 and in 1944 to 120 per thousand examined.

Growing Hardy Chestnuts Is Profitable to Farmer

Growing of second-generation Asiatic chestnuts — desirable because they are resistant to the chestnut blight that has swept away American chestnuts—is proving a desirable side line for an Ohio farmer who is planting the nuts from two trees and selling two-year-old seedlings to neighbors. Orders are running ahead of the supply, according to reports to the USDA, which 30 years ago imported the foundation seed and distributed seedling trees in the eastern states.

This Ohio farmer in 1917 got two two-year-old Chinese chestnuts for trial and planted them in fertile, well - drained, moist soil along a fence row near his home. After about 10 years they began bearing but it was not until 1940 that he planted a few of the nuts he had stored over winter. Planted 6 inches apart in 12 inch rows, the seedling chestnuts have space to grow for two seasons and are then ready for transplanting.

The two parent trees are good bearers of moderate sized nuts — about the size of American chestnuts. Buyers want them primarily because of their disease resistance, for planting on home grounds, or in some cases in woodlands where it is hoped the Asiatic chestnuts will be as good seeders as the American chestnuts were and plant themselves from occasional seed trees in wooded tracts.

Pores Invisible

The word "pore" is rather loosely used for two structures of the skin. The true pore, anatomically speaking, is not visible. It is the opening of the sweat duct within the skin, and passes from the subcutaneous sweat glands to the skin surface. The pore that is so often spoken of, for instance, when enlarged pores are discussed, is not really a pore at all. This little visible opening is in reality a "follicle" — the follicle of baby hair, the "bloom" on the complexion.

Still Valuable, Too

In the early days of Pennsylvania, beaver pelts were used for money. Today, because of wise conservation laws, beavers are still living in that state.

Community Club to meet

Community Club of Goodridge will meet in the Goodridge gym Tuesday April 9.

Trailers Need Protection

Trailers, in gardens and on lawns largely, are made of rather thin wood, which is easily susceptible to warping and decay. Lattice work of this kind should be kept thoroughly painted to seal out moisture. White and green paint are especially favored for this kind of work which automatically beautifies trellises and lattices while giving them necessary protection.

Bedtime Bath

The bedtime bath should be soothing, so make it moderate in temperature, followed by a moderate rinse. Children or grownups who cannot go to sleep often find a soothing bath just the thing to quiet nerves and produce sleep. Wise mothers often give tepid baths to fussy children and find that these baths quiet young nerves perfectly before daytime nap periods.

DOLL EXHIBIT AT FINAL SESSION OF KNOX PTA MONDAY

Officers Also Will be Elected at Meeting Monday Afternoon

A doll exhibit will be the feature of the last meeting of the Knox PTA Monday afternoon, April 8, at 3 p. m. Story-book dolls, old-fashioned dolls and dolls of many lands will appear in the exhibit which is being staged by the third grade pupils under the direction of Miss Olga Bloomsness. Lunch will be served by the mothers of the 5th and 6th grade pupils.

During the business meeting members will have an opportunity to make suggestions for next year's program

A slate of officers for next year, prepared by the nominating committee consisting of Mrs. Earl Ripley, Mrs. Howard Gibson and Mrs. H. O. Chommie, will be voted on at the meeting.

At the March meeting it was voted to buy materials to make draperies and slip covers for use in the teachers' and nurse's rooms. The committee, Mrs. Milton Zimmerman and Miss Olga Bloomsness, hope to have the material by Monday, and the Knox teachers have volunteered to do the sewing. Mrs. L. N. Bennes and Mrs. H. O. Chommie, who are in charge of having pictures framed for the classrooms, report the pictures are now framed and can be seen in the various rooms.

The PTA solicitation to procure rooms or apartments for faculty members is underway with Mrs. A. W. Hensrud and Mrs. A. C. Purdy at the head.

President J. L. Morrill.

When Dr. James Lewis Morrill is inaugurated eighth president of the University of Minnesota on April 25, he will be only the second of the eight to have held a college presidency before he was elected at Minnesota. Dr. Morrill was named while president of the University of Wyoming. Marion Leroy Burton, fourth president, 1917-1920, had been president of Smith College, a woman's institution, before coming to Minnesota.

One Minnesota president, William Watts Folwell, its first, was a soldier in the Civil War, then a college teacher before accepting the presidency of the university.

Three were college deans before being advanced to the university presidency.

President Morrill has spent most of his life in university work, although for a while he was a successful newspaper man and during the first world war he was in government service. At Ohio State, before going to Wyoming, he taught education, was alumni secretary and a member of the athletic board and rose to the important administrative post of vice president. He is thoroughly conversant with all aspects of university life, not only from the educational point of view, but in the alumni and athletic fields and from the student standpoint.

His inauguration in Northrop Auditorium Thursday morning, April 25, will be preceded by two days of educational conferences at which nine of the leaders of American education will speak, among them the presidents of Harvard, Cornell, Illinois and Hunter College, New York City.

Colorful academic ceremonies will be an added attraction at the actual inaugural exercises.

Napoleon's Exile

Elba, tiny island between Corsica and the Italian mainland, achieved fame as Napoleon's "Thumb Nail Empire." In May, 1814, when Napoleon arrived there in exile, the diminutive French leader had seen his empire, once a sizable slice of Europe, shrink to this 89 square-mile Mediterranean rock. He left the island in February, 1815, after building a few "palaces" and villas, some of which he never used; constructing roads, developing commerce and bankrupting himself in an attempt to bring about prosperity in his new domain. Chafing under enforced exile, he returned to France with a few soldiers and began the famous 100 days which ended in his defeat at Waterloo on June 18, 1815, and subsequent banishment by the British to St. Helena, where he died in 1821.

Insect Castes

How does it happen that the social insects—termites, ants, bees—produce workers, soldiers, queens and castes? Biologists have never advanced an explanation. Along comes Dr. Stanley E. Flanders (University of California) with a hypothesis that is plausible. He studied Hymenopters, which are closely related to ants, and collected enough evidence to convince him that the rate at which eggs are laid (ovofar as it affects the amount of food in the egg) controls caste. The first brood of Hymenopters always consists of small workers, but succeeding—broods—gradually—increase in size. Only after the largest workers have appeared are there queens and males.

Lynch Law

England and Ireland as well as colonial America have claims to the origin of the verb lynch. The American account traces it to Charles Lynch, a Virginia planter who took the law into his own hands in punishing his colonist-neighbors who sympathized with George III. His brand of justice became known as Lynch's law, then as lynch law, before it came into common use in verb form.

Storing Shoes

Flax Was No. 1 Cash Grain Crop in State Last Year, Says Report

Flax was the No. 1 cash crop in Minnesota last year, producing $40,582,000 for farmers in the state. It was No. 1 grain crop in cash income received and in cash return per acre.

Figures compiled by Roy A. Bodin, United States statistician for Minnesota, plus straw income and acreage payments reveal flax to be at the top of the list of farm crops in gross cash returns last year. At the same time, it was fifth in acreage and sixth in bushels produced.

In 1945, an aggregate of 1,083,000 acres of flax in the state yielded 11,913,000 bushels at a price of $2.91. That, with a $5 acreage payment and 250,000 tons of flax straw at $2 per ton, gave flax an average cash return per acre of $37.47.

MERCY, NOT JUSTICE

In a small southern community, a Negro revival meeting was holding forth. Also in session was the Grand Jury. Sinners were being gathered in swiftly and efficiently by the exhorting preacher. That is, all except one hardened individual who, despite all the efforts of the earnest shepherd and his co-workers, would not break down and confess his sins.

The poor fellow writhed in the torments of an awakened and cruelly prodding conscience, but could not be induced to speak.

"Come on down, brother," shouted the pleading, perspiring preacher, "confess your sins. The Lord will forgive you."

"Ah knows He will," moaned the reluctant candidate, "but de Lord ain't settin' on dat Grand Jury!"

1946 Flaxseed Support Price $3.60 Per Bushel

The 1946 flaxseed crop will be supported at $3.60 per bushel thru direct payments to producers upon presentation of acceptable evidence of sales, it was announced today by Charles N. Kranz, Marshall county AAA chairman.

The Triple-A head stated that flax payments will be the difference between the established $3.60 support price, and the $2.10 ceiling announced November 8, 1945. The basis will be No. 1 flaxseed f. o. b. Minneapolis.

Mr. Kranz pointed out however, that flaxseed from the 1945 crop will not be eligible for such a payment.

Minnesota Historical Society Adds Members

Evidence of the growing interest in Minnesota history by the people of the state is reflected in the membership of the Minnesota Historical society, which has reached a total of 1868, the greatest in its history. Mr. Ralph J. Mather, chairman of the publicity and membership committees, announced that between October 30, 1945, and March 1, 1946, the society's membership was increased by 328 active and institutional members. Since December, 1945, the number of newspapers holding membership has more than doubled.

Store Sales in Valley up Sharply over 1945

Sales volume at department and general stores in the Red River Valley of Minnesota during February rose 23 per cent over the same month last year. The total for January and February was 31 per cent above that of the same 1945 period. In all trade areas of Minnesota sales in February were 29 percent higher than in February 1945, while comparison of the two-month totals indicate an increase of 22 percent, according to a summary by the Federal Reserve Bank of Minneapolis.

WASHINGTON PTA TO MEET MONDAY

Dahlquist to Address Session at 3 o'Clock

W. E. Dahlquist, speaking on conditions in Europe as seen in his recent trip to that continent, will be a guest of the Washington PTA at its April meeting next Monday afternoon, April 8, at 3 p. m. at Washington school.

Music for the afternoon will be furnished by the fifth grade pupils, Miss Edna Larson, instructor. Fourth grade mothers will be hostesses for the social hour and the refreshments that will follow the program, co-chairman being Mrs. C. M. Adkins and Mrs. Ben Hage.

The usual prize will be awarded to the room having the most parents present. The third graders, with Miss Viola Bredeson as teacher, won the award last month. Girl scouts will be on hand to care for younger children so that mothers may enjoy the meeting. Mrs. Warren Ferber, president of the Washington PTA will preside at the business session.

At an executive committee meeting held March 26 in the Palm Garden Cafe further plans were formulated for the spring festival which will be held April 26, and committees were appointed.

Wilhelm Michelet, Once Judge of Probate Here, Succumbs in St. Paul

Wilhelm Michelet, former local resident who served as judge of probate a few years following the organization of Pennington county, died Sunday in St. Paul, where he had made his home for some years. He was 72 years old. Services were held Tuesday afternoon, with interment in Lake wood cemetery, Minneapolis. Surviving his death are his wife, two daughters, Mrs. J. W. McCrary of Silver Springs, Md., and Mrs. Robert W. Adams of St. Paul and a brother, Simon Michelet, of Washington, D. C.

Ben Schuster Succumbs Monday at Malta, Mont.

Ben Schuster, former local horse dealer who left this community about thirty years ago for Malta, Montana, died Monday night in the Malta hospital from the after-effects of burns sustained recently in a prairie fire. He was 68 years old. His wife died a year ago, and there are no children. His brother *C. C. Schuster of this city left for* Malta Tuesday morning in company with Milan Hanson.

Services Held For Infant Child April 3

Private funeral services were held at St. Bernard's church Wednesday for the infant child of Mr. and Mrs. Anton Kotrba of Goodridge. Father Merth officiated and the interment was made in the St. Bernard cemetery. The child is survived by his parents, one brother, his grandparents, Mr. and Mrs. James Sherry of Tabor, and his grandmother Mrs. Francis Kotrba of Goodridge.

Date of Services at St. Johns Church Changed

Services formerly scheduled for Wednesday evening at St. John's Lutheran church will be conducted Friday evening at 8:15, according to an announcement made today by Rev. V. E. Schroeder, pastor.

TOURIST SEASON TO BE BEST EVER

Tourist Bureau Expects More Visitors than in '45

The year 1945 is generally regarded as the biggest resort season in Minnesota ever had. Despite the handicaps of wars ending in Europe and still going on until late summer in the Pacific, the restrictions on all sorts of travel and shortages of equipment and even food supplies, visitors from all parts of the nation still managed to reach Minnesota. Most resorts were operating and they generally were filled to capacity.

But from all information reach-Minnesota tourist bureau Director Verne E. Joslin of St. Paul, 1946's records will be dwarfed when the pent-up flood of vacation and relaxation seekers begins to spread across the state in the very near future.

The railroads, bus companies and airlines have assured the National Association of Travel officials that the rush of returning fighting men will be over by late May, and that *the transportation companies by* then also will have much new equipment which has long been on order. By mid-summer they expect not only to be able to take care of civilian travel but to actually be competing between themselves for more of it.

That is why the association chose June 1, 1946, for the start of Victory Vacation Year which will continue until June 1, 1947. It also coined the companion slogan; "You Have Earned It—Now Enjoy It."

Many of the more popular Minnesota summer resorts already have nearly all the requests for reservations they can handle, and such advance reservations are especially necessary this year as protection against disappointment for prospective visitors.

CITY COUNCIL PROCEEDINGS

Thief River Falls, Minnesota,

The City Council of the City of Thief River Falls, Minnesota, met in special session in the Council Chambers in the Auditorium and Municipal Building on March 18th, 1946. The meeting was called to order at eight o'clock P. M. with all members present: Bergland, Bredeson, Engelstad, Anderson, Berge, Nelson.

The matter of a rental charge for the use of a room in the basement of the Auditorium and Municipal Building now occupied by the Internal Revenue Department was discussed and it was the opinion that such department should be required to pay rent for such office space. The matter was referred further to the Committee on Public Buildings to fix the amount of such charge and the Clerk was directed thereafter to advise the Collector of Internal Revenue, St. Paul, Minnesota, of such action.

The City Attorney was directed to draft an amendment to the present Ordinance governing the sale of 3.2% non-intoxicating Malt Liquors in connections with establishment of closing hours for sale by such licensees.

Alderman Berge introduced a resolution fixing the salary of the Street Commissioner, establishing a monthly salary of three full time employees of the Department and moved adoption of the resolution. The motion was seconded by Alderman Engelstad and, the resolution was thereupon passed and adopted by unanimous roll call vote.

Motion was made, seconded and carried that the meeting adjourn and the meeting was thereupon declared adjourned.

City Clerk.

RESOLUTION

At a special meeting of the City Council held March 18, 1946, Alderman Berge seconded by Alderman Kelstad introduced the following resolution and moved its adoption:

BE IT RESOLVED by the City Council of Thief River Falls, Minnesota, that

There be and hereby are established the following salaries on employees of the Street Department of the City, which salaries are effective as of March 1st, 1946.

Street Commissioner	$180.00 per month
1 full time employee	150.00 per month
2 full time employees, each	135.00 per month

The Mayor and Clerk are hereby authorized and directed to issue and deliver the City's checks in accordance herewith.

ROLL CALL

CONSERVANCY BOARD INFORMED OF DELAY IN R. L. RIVER WORK

(Continued from page 1)

Congressman Hagen's message to the board follows:

"Have just received word from U. S. Engineer's office at St. Paul that surveys are now nearly complete and studies are advanced. A revised estimate of cost of the project based on current prices and including proposed minor changes is scheduled for submission to the chief of engineers U. S. Army about June 1, 1946, after review by the division engineer, upper Mississippi division.

"Preparation of detailed plans and specifications will be delayed until the proposed minor changes are approved by the chief of engineers, after which it is estimated that about six months will be required for this phase of the work. Have just again talked to officials in War Department engineers office here in Washington and they have assured me this project would be included in their list to go to the Budget Bureau later this year.

"*If we can get the Budget Bureau* to keep it in their report to congress and then if we can get the House appropriations committee to approve it, which I feel sure can be done we should be all set for construction next year. Project was included in the original Budget Bureau report but in its submission to Congress earlier this year this and all other new projects were deleted and only projects on which previous work had been done were reported to the House.

"The project is in excellent position and there is no need for discouragement so far as I can see. Of course much work has to be done here in Washington and I presume additional compliance steps and measures must be taken by your organization and the local civic units involved."

139 GET DIPLOMAS AT N. W. SCHOOL

Commencement Rites Held Last Thursday

A total of 139 students received diplomas and advanced certificates at the 38th annual commencement exercises at the Northwest School of Agriculture, Crookston on Thursday, March 28. All of the Red River Valley counties of Minnesota and several counties of North Dakota were represented in the graduating classes.

Eighty-six students received diplomas from the regular course, and fifty-three students received certificates from the advanced course.

Dr. John C. West, president of the University of North Dakota, gave the commencement address.

Edward Nelson of Kennedy, president of the senior class, spoke for the graduating classes. The names of students winning school honors and scholarships were announced by Superintendent T. M. McCall.

Broody Hens

Remove broody hens from nests as soon as they go broody and shut them up in a coop with wire bottom or slatted bottom which is off the ground. Feed them and induce them to eat well. The sooner they are broken up, the sooner they will lay again. If they are frequently and persistently broody, it is advisable to sell or kill them for food.

Outlines Methods for Checking Coccidiosis

Spring rains and warmer weather should put every poultryman on guard against coccidiosis outbreaks, and L. M. Black, extension poultryman at Rutgers university, outlines the following points to observe in protecting a flock of chicks against this destructive disease.

"Use deep, absorbent litter and don't change it unless an outbreak of disease appears," he says. "To encourage dryness, start chicks on a floor covered with two inches of satisfactory litter.

"Stir the litter frequently.

"Add new litter each week so that it is four inches deep by the time the chicks are five weeks of age.

"Use hardware cloth stands for waterers and ventilate the house properly. This will prevent accumulations of moisture which are conducive to coccidiosis.

"Separate the sexes early and provide adequate floor space per bird.

"Install sloping roosts early and keep the brooder house comfortable but not too hot."

That trip over the Alaskan Highway you were planning on making as soon as the war was over probably will have to be postponed a year. The road will not be open to tourist traffic this summer for several reasons, mainly because there are hundreds of miles of the highway without gas or service stations. Canada has now taken over that portion which lies within the Dominion but as yet has adopted no program for development. Maybe your trip will have to be postponed several years.

That hundred thousand dollars net profit earned by our municipal power plant last year is going to come in handy in several ways. Besides paying for most of the regular operating costs of the city it will help substantially in meeting the increased costs of much needed construction. This profit has been earned on a rate structure that compares favorably with those of private utilities in other towns of this size. Private utility companies are now reducing rates however, and that is a pretty good argument in favor of another reduction locally. Our rates should be kept in line with those of other cities in our class. But we have need for profits too merely to pay for the improvements that are needed to maintain a light and water department. The improvement at the dam is costing more than the estimate and will require more money than was provided by the bond issue for this purpose. The very much needed rebuilding of our water intake and filtering system is going to cost more than we anticipated. And if we do not clean the muck out of the river bed above the dam we soon will be able to walk across the river through the weeds. We have need for profits.

Contrary to predictions most of our automobiles survived the war in usable condition. At any rate they still are being used in sufficient quantities to create a parking problem again and local officials are wondering what to do about it. There still are two solutions. One is to provide more parking space and the other is to use available parking space to its full capacity. That means time limits on parking to force those of us who live in town to make room for those who come to town to do business. It means that some of us will have to walk to work on busy days. The two hour parking system that we had before the war should be resumed. And speaking for one who is a frequent fine payer for forgetfulness, let us be thankful that our town does have a parking problem.

Some Washington officials are disturbed because price to a prize fight will be as high as $100, four times the previous high for the best seats. They fear this will give people the impression that inflation is already here. Sure, let's keep it a secret.

We feel better about the weather when we remember that ordinarily we would still have at least a week to go waiting for the ditches to open up.

Looking Backward

1916—THIRTY YEARS AGO

The Lincoln high school basketball team was eliminated by Fergus Falls in the first round of the state tournament.—The Petersen-Biddick established its produce business here this week.—Paul Engelstad is a member of this year's graduating class at Northwest School, Crookston.—Dr. O. From where I sit ... by Joe Marsh
Sam and Lud, War and Peace
Like everybody else, folks in our town talk about the best way of preserving peace. Some believe one thing, some another. But when it comes to Lud Denny and Sam Hackney—each has a self-invented Plan.
Talking things over at Bill Weber's, Sam and Lud got so worked up arguing against each other's Plan, they almost came to blows. Now each one thinks the other is a public enemy—for not agreeing with his Plan!
Seems to me there's the problem in a nutshell! No plan in the world can lead to peace—'til folks respect each other's views; allow for differences of taste; and learn to live with opposite opinions.
From where I sit, real peace begins with people—neighbor living informally beside neighbor—regardless of who votes how, or who drinks beer or cider, or who wears city clothes or overalls. Peace starts with Tolerance!

SPORTSMENS CLUB HAS BIG MEETING

173 Present at April Session Tuesday Night

A total of 175 persons attended the April meeting of the Pennington County Sportsmens club Tuesday evening in the Civic and Commerce rooms and heard a talk by Stan Vail of N. W. Bell Telephone company of Minneapolis dealing with radar and other developments in the communications field.

Also presented were motion pictures of fishing expeditions supplied by Field & Stream magazine. In company with other northwest groups, the club adopted a resolution recommending to the state conservation department that Lake of the Woods below the 49th parallel be closed to commercial fishing.

Announcement was made that Harold Olson had won first prize of $10 in the recently completed membership contest staged by the club. Oscar Erickson of Goodridge won second prize of $7.50, while Julien Provencher was awarded third prize of $5.

Lunch was served at the close of the meeting by a committee headed by Mr. Provencher.

Oens Bowlers Win City Straightaway Title in Tournament This Week

The Oen's bowling team—John Langseth, Johnny Jaranson, Emil Dostal, Gordy Reierson, Heinie Wang, and Jess and Wally DuChamp — successfully defended their city straightaway bowling championship this week, having a 78-pin lead over the runner-up Pharmacy team in the tournament just concluded on the Mint alleys. In third place was the Poppler's Furniture team with a 6760 total.

After the first block had been bowled, the Pharmacy, with a 35-39 total, held a 36-pin lead over the defending champion Oen's, who had a 3593 total. In the final block, Oen's piled up a 3390 total for an aggregate of 6983, while the Pharmacy slumped to 3256, and a total of 6805. The Poppler's team, rolling the high single game of the tourney, a 919, came in with a fine 3434 to bring their eight-game pin-total to 6760.

Supervising the demonstrations will be Quentin Jones and Miss Laverne Hendrickson, physical education directors, who will be assisted by James Magnuson and Clifford Aas, students.

LINCOLN FACULTY DEFEATS SENIORS

Win Basketball Tilt by Score of 45 to 33

With their lineup re-inforced by the presence of several "ringers," the high school faculty defeated the Seniors, the interclass champions, in a basketball game in the gymnasium Friday afternoon.

The Seniors, with Bill Lane and Wes Hovie doing much of the scoring, head a 21 to 19 lead at the half, but the Faculty, rolling up 13 points in the third period, gained the lead and then increased thir advantage in the final period.

Don Nelson was the game's high scorer, having eight field goals and a free throw for 17 points. Hazel Beadle with nine points, and Bill Lane with eight points, were high scorers for the interclass chathpions.

Final Kick

The city's senior team will give the basketball season its final season on its final boot this week-end when they play in the independent basketball tournament getting underway this afternoon at Roseau. The locals, and they will be playing as Cliff Bjorkman's Toggery, are expected to lineup in their first game against Argyle tonight with Don Nelson and Loren Jung at the forwards, John Lindenmeyer at center, and Red Elde and Pete Michalsky at the guards.

That's a lineup with speed, height, and ruggedness, and in Don Nelson and Pete Michalsky, the Toggery has a pair of boys that can run all night. The only failing that the boys have is that they haven't been able to play together very much this year, and as a result they are a bit uncertain in their team-play. Blackie Stephens, Carl Lee, Clutch Haug, Austin Shanahan, Wes Burrell, Bob DuChamp, and several others, will complete the tournament squad.

The Toggery team is picked to get by its first round opponent, Argyle, but the semi-finals, against Roseau the probable winner over Warren, will be something else. Roseau, with several of the boys that were members of the regional championship high school team in its lineup, is being touted as one of the finalists. And the Warroad 66's with three of the Dumais boys on the squad, and which has played an extensive schedule of games has been installed as the tournament favorite. Warroad has racked up late-season wins over both Roseau and Thief River Falls.

Prowler Track

Track Coach Quentin Jones's, smile has been a bit broader than usual the past few days, and it isn't all because of those two field goals and the free throw that he scored for the faculty in its basketball game against the Seniors—those two field goals were the "blows" that put the quietus on the Senior's hopes for a win. But Jones is pleased, too, out the outlook for his district championship track squad.

Among the more than fifty boys that have reported for the drills are are seven lettermen—captain Phil Beadle, Ninak Carlson, Cliff Aase, Al Thompson, Les Vigness, Bob Melby and Jim Kleinvachter. Merrin Higinbotham, who one day will be a regional champion, Bud Salveson, John Hanson, and Dick Davidson are among the promising candidates that have reported.

Coach Jones' Prowlers will break into competition by running in the Beaver Relays at Bemidji on May 4th. On the following week the newly-formed North Valley conference will hold its first annual track-and-field meet in the stadium of North Dakota University at Grank, Forks. May 18th will find the Prowlers defending their district title, and then will come the regional meet at Bemidji.

Soft-ball Talk

The boys are already gathering on the street corners and exchanging talk about how they are going to bat over .400, and the pitchers boasting about all the stuff they'll have on the ball, and managers are making room for championship trophies. That means that another soft-ball season is here. Walt Larson, Bill Gray, Gordy Reierson, Wally DuChamp, Stan Larsen, Johnny Jaranson, and a number of others will call a meeting for the purpose of organizing a league and drawing up a season's schedule. With the service men returned and returning, it should be easy to line up a six or eight team league.

There have been several changes in the rules this year. For one thing the short fielder has been eliminated, bringing the team membership to nine players instead of ten. And the pitching distance has been increased from forty feet to forty-three feet; and the base line distance has been increased from fifty feet to fifty-five feet. That last change is the one that will be most drastic, especially to such boys as Gordy Reierson and Bill Gray. That fact is, that additional five feet may be enough to keep *Gordy* out of soft-ball for even last year, with a fifty-foot base-line, it often was touch-and-go, whether or not Gordy would make the run, and he isn't any thinner this year.

MINNESOTA "U" SUMMER SCHOOL PLANS REVEALED

First Session Under Way June 17-July 27; Second July 30-Aug. 31

Because most of its veteran students, who at present make up over a third of total enrollment, are expected to stay in college the year around, the University of Minnesota expects to have by far the biggest summer session attendance in its history, according to the director, Prof. A. H. Teeter. Veterans draw educational benefits only when in college, and in addition, are in a hurry.

Nevertheless the usual program, particularly for public school teachers, will be offered on the regular scale and every provision made to care for the regular clientele of the summer sessions, Mr. Teeter said.

The first summer term will run from June 17 to July 27 and the second term from July 30 to August 31, enabling teachers to return home in time for the opening of public schools the day after Labor Day.

"Workshop" courses, so popular with teachers, will be conducted in several fields among them, curriculum planning, group and individual guidance in high schools, childhood education and development, music education, play production and rural education. The summer session also will continue the workshop in higher education which has been carried over several years as a cooperative venture of a group of colleges in North Central Association of Colleges and secondary schools.

Play Table

Saw off the legs of an old unused table to a height of about 18 inches and use as a play table for the children. It can be easily taken from one room to another or outside.

RUSHING THE FOOTBALL SEASON . . . Villanova college, Philadelphia, has started spring football practice with its biggest turnout since 1941. Left to right are Richard Jansen, Burgenfield, N. J.; Art Scher, Sharon, Pa.; Ed. Sicak, West Warwick, R. I., and Al Litwa, Camden, N. J., who are all candidates for backfield positions. Most colleges will not start spring training until after Easter.

Soap Crumbs

Dry suds are an excellent outlet for odds and ends of soap that are too small for regular use at the sink or tub. These should always be saved and used in soap jelly or other ways so that not a single soap bubble is wasted.

HOLT

Funeral services were conducted at the Emmanuel church at Ringbo on Tuesday afternoon for Helmer Larson former Holt resident. Rev. J. I. Nystuen of Greenbush officiated. Interment was made in the family lot in the Emmanuel church cemetery.

Helmer Larson son of Matt and Emma Larson was born Oct. 22, 1889. He made his home with his parents on a farm near Holt until 1909 when he went to International Falls being foreman of the Saw Mill there for about 20 years. He later was connected with the paper mill. Mr. Larson was married at International Falls where Mr. and Mrs. Larson resided until his wife, due to nervous condition, became a patient at Willmar Hospital where she passed away March 19, 1946. Mr. Larson had returned from attending funeral services for his wife when he stopped at Thief River Falls to visit his mother, Mrs. Matt Larson. He passed away very suddenly at his mother's home Saturday morning, March 25, 1946 at the age of 56 years, 5 months and one day.

The Grygla Coop Store held its annual election day on Wednesday. There were quite a few families from this community who attended to allow any large segment of the economy to suffer. They want everyone to prosper. They know that they can produce all the food and fiber the people need. The war proved that.

Through their cooperative effort farmers have achieved some measure of economic security. They buy equipment and supplies and sell their products—at cost. They furnish themselves with the services they require because they all are part and parcel of their cooperative. They have equality in all decisions.

Farmers' cooperatives are non-profit enterprises. All the earnings are returned to the farmers as savings—on the basis of their patronage.

Thus, in teaming up with others, the individual farmer has met the problem common to all farmers:

For, true cooperation is founded on a regard for one's own neighbors.

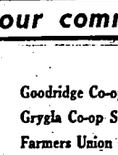
One must do for others what he wishes them to do for him. Thus, true team work brings into action the Golden Rule.

Your neighbor, the farmer, wants you to know how he built his co-ops. He wants you to understand his attitude. He welcomes your friendship and goodwill.

Drop in at the nearest farmers' co-op. Get acquainted with the manager. He's your neighbor.

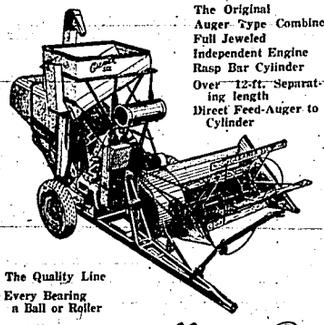
The problem of the farmer is one of obtaining a stabilized income.

Farmers know that it is dangerous for Americans



The men brought their hammers and their saws

The women brought along their kettles and their "cittles"



These cooperatives help build your community

Farmers are your neighbors—They want you to know that—

Cooperatives put the GOLDEN RULE into action

"As ye would that men should do to you, do ye also to them, likewise."

That is a scriptural injunction which everyone learns in childhood. Too often it is forgotten in the stress and strain of daily living.

Your neighbors, the farmers, have put the Golden Rule into action through their cooperatives. Human necessity led farmers to work together for the common good. This working together is not new. Farmers have practiced cooperation for generations before there were co-ops.

The old barn raising bee is an example of farmer-cooperation. The farmer who needed a barn called on his neighbors. The whole community helped to build the barn. The men brought their hammers and their saws. The women brought along their kettles and their "cittles". Working together as a team, the farmers raised their neighbor's barn.

That spirit of cooperation among farmers has come down through the years.

Today, farmers continue to be America's cooperators. Three out of every four farmers in the great Northwest belong to one or more cooperatives.

Times want ads bring results.

Extending Meat

One way of extending meat is to use the meats with vegetables—serve meat stew or pie. Potatoes, carrots, parsnips, turnips, green beans—almost any vegetable you can name goes well in meat pies and stews. The pasty top on pies not only stretches the flavor; it adds a full body to the stew and is crisp and tasty. Cereals of all kinds offer themselves as meat extenders—meat sandwiches with gravy, meat loaves or meat shortcake are all good and take little meat to give lots of flavor.

A robin has been sighted altho it looks awfully cold for it to stay long.

Grygla Co-op Store Has Annual Stockholders' Meeting

The annual Stockholders' meeting of the Grygla Co-operative Co., was held at the R. N. W. Hall on Wednesday, March 27. The beautiful day saw one of the largest crowds in town to attend the meeting in several years.

Two songs by the Ladies chorus opened the meeting followed by two musical selections by Willard and Wilfred Sletten.

The meeting was called to order by the president after which the minutes were read by Hans E. Hanson, secretary, who also read a list of new stockholders, showing a large increase in membership.

Betty Ann Ellingson then gave a reading which was followed by a monologue by Mrs. G. L. Halmrast.

The annual financial statement of the company was read by the secretary. It was shown that the organization had had a very successful year in spite of adverse conditions caused by the wartime emergency.

Total net sales for 1945 were $122,522.71 compared to $132,416.76 for the previous year. Total operating returns this year were $11,661.00 compared to $5,449.00 for the previous year. It may be noted that sales in both years included produce. The decrease in sales is largely due to a general shortage of merchandise on the market.

The working capital of the company increased $2,456.96 giving the store a net working capital of $34,240.19, which means that the current assets exceed the current liabilities by this amount.

Total assets of the company this year were $54,066.89 as compared to $49,301.72 a year ago.

The members voted to continue the subscription to the Co-op Builder, the weekly paper which is mailed to all shareholders with the company paying the subscription. It was also voted to continue the Group Life Insurance for another year.

Mr. Dowyer of the C. C. W. spoke briefly citing the difficulties that retail stores have had in getting merchandise to sell. He also added that there was no immediate chance that there would be much improvement in the situation.

Officers elected were Roland Sundberg, Curtis Smith, and Pete Tarness. Officers holding over are Adolph Erickson and Hans E. Hanson. After the meeting, members of the board met and organized as follows: President, Curtis Smith; Vice President, Adolph Erickson and Secretary, Hans E. Hanson.

Free lunch tickets were given out to seven hundred people.

AS AMERICAN as "The Neighborhood Bridge Club"

Because Americans are a social people, the bridge club is a neighborhood institution. When the cards are cut and the game begins, a glass of beer has a way of appearing on the table along with the score pad and pencil. Somehow . . . moderate, refreshing beer seems to add the final touch of sociability and pleasure to all those friendly occasions when good neighbors get together.

To every American . . . banker, truck driver, farmer, mechanic, office worker . . . a glass of beer writes a pleasant period to any hard day's work. The right to enjoy this sociable drink of moderation and good sense is part of our American heritage. It fits right into the greatest pattern of living in the world . . . America.

Beer belongs . . . enjoy it

Now Being Manufactured

CUT-OFF CORN HARVESTER OFFERS NEW ADVANTAGES

The work of the new-two-row corn harvester which mounts on the larger Farmall tractors is to: (1) cut the stalks; (2) snap and husk the corn, and deliver them to the wagon; and (3) to shred the cut stalks and deliver them to the ground as the outfit moves through the field. Advantages: (1) Reduces shell corn loss in the field over previous methods; (2) Reduces ear corn loss over previous methods; (3) Shredding stalks eliminates 95 percent of corn borers; (4) Shredding stalks facilitates plowing and restores humus to the soil; (5) Shredded fodder can be raked up for use as bedding or roughage feed for livestock. The cut-off corn harvester is one of the most advanced recent equipment developments for farming. This machine will prominently featured in International Harvester Company's record field demonstration of farm equipment for postwar.

NEWFOLDEN

The W. C. T. U. will meet with Mrs. H. Stokke on Tuesday, April 9 at 2:30 p. m. Clarice Sherva will be in charge of the program.

Henning Peterson made a trip to East Grand Forks on Friday to get his wife, who has been visiting her daughter, Mrs. Ted Eido of that place for the past 6 weeks. Mr. Peterson reports that the Eido family is leaving East Grand Forks.

Langdon, N. Dak., where Ted has purchased an interest in the creamery, which he will now operate.

Miss Martha Kleppe left on Monday for Moorhead after spending the week end with her sister, Mrs. H. C. Klingsen.

Marshall Myhrer, son of Rev. and Mrs. Thv. Myhrer, arrived home on Sunday from Camp McCoy, Wisc. from the army.

Misses Edith and Nadine Moen arrived on Friday from Chicago to spend a few days with relatives and friends.

Chester Tandberg left on Monday for Warren, where he will be employed for some time in the locker plant.

Belgian War Bride Arrives

Mrs. Lisetta Lannoye, wife of Gordon Lannoye, formerly of Ghent, Belgium, arrived here last Tuesday morning to join her husband. Mrs. Lannoye left Camp Phillip Morris, LeHarve on March 5, stopped several days in England and made the complete journey in 20 days.

Mr. and Mrs. Lannoye were married on July 26, 1945 in Ghent, where Gordon was stationed for some time while overseas with the army. Immediate arrangements were made for a passport for his wife to America, but with all the delays of red tape Gordon arrived here over 3 months ahead of her. We have not heard what Mr. and Mrs. Lannoye intend to do, or where they will make their home, but wherever it may be we wish them happiness and prosperity.

The Newfolden Co-operative Livestock Shipping association held their annual meeting on April 1. In spite of very bad roads it was attended by a fair number of patrons. The report showed that the association shipped a total of 609 cattle, 863 calves, 164 hogs and 3188 sheep and lambs during the year, for which the patrons received the net amount of $79,968.00. The meeting voted to continue shipping at the same rates of expenses as heretofore, which is as follows: cattle over 300 lbs. 50 cents, calves and hogs 71 cents and sheep 81 cents per cwt. which is a low, if not lower, than any other similar association in this area. The same board of directors were reelected for the coming year. Namely: Ole Engstrom, M. L. Thle, Ben Fisher and Andrew Korgen. Mr. Forbes, County Agent gave an intetresting talk and also showed some pictures. At the close of the meeting free lunch was served to all.

The community sale and market day held here last Wednesday was a huge success. A record crowd attended the sale, which brought a total of $45,250. Pieces of business conducted guessing contests, with some very nice prizes given away. This added interest to the day and a brisk trade was reported by all stores and cafes.

Ralph Stratmoen of Dilworth arrived on Saturday evening for a visit with his wife and son.

Mr. and Mrs. Bertil Haugen of Gully, were visitors at the Magnus Bakke home on Sunday.

Miss Eileen Johnson visited her father, Nels Johnson, at Thief River Falls on Saturday.

Warren Wins Tournament

In a three day tournament held here on March 28, 29, 30 in which some close and exciting games were played, Warren won the championship over the 8 independent teams playing.

In the elimination games played on Thursday afternoon and evening Kafstad won over Lake Bronson 55-46, Warren won over Argyle 62-42, Middle River won over Newfolden 51-45 and Halma won over Strandquist 54-29. This left Kafstad, Lake Bronson, Argyle, Newfolden and Strandquist from further play in the tournament.

On Friday evening Halma was taken into camp by the hard playing Middle River team in a close game ending 40-37, and the fast Warren quint ran away from Kafstad to the tune of 50-27.

The consolation game between Kafstad and Halma on Saturday evening proved to be a thriller with Halma gradually wearing down Kafstad's 5 point lead in the first quarter until they tied and passed them in the final period, winning by a score of 51-45. The championship game between Middle River and Warren was, as should be but many times is not, the best game of the tournament. Although, season and fighting the Middle River team came from behind, overcame the faster, smoother Warren quintet 9 point lead to tie the game at 45 all at the final whistle. In a 3 minute overtime period Warren broke away to sink 3 buckets in the first few seconds of play. This proved to be too big a handicap for Middle River and the overtime ended with Warren the champions by a score of 52-46.

All games were well played, good sportsmanship was shown by players and fans, the refrees, Nels Peng and Don Willey did a good job and all in all we are well pleased with our tournament even if we were eliminated the first game.

Oliver Van Deusen

Oliver Van Deusen was born December 14, 1854 at Eaton Rapids, Mich. Here he grew to manhood, and in 1885 was united in marriage to Estelle Snyder, also of Eaton Rapids. He lived at Eaton Rapids until 1906, when he came to Wolford, North Dakota in March. He resided at Wolford until June 3rd, 1945, when he came to Newfolden, Minnesota to make his home here with his son, Ralph. He enjoyed excellent health until about two years ago. He passed away at Newfolden on Saturday, March 27, 1946 at the age of 91 years 3 months, and 13 days due to a heart condition.

He is survived by his wife, Estelle, of Newfolden, three sons, Ray of Los Angeles, Calif., Ralph, of Newfolden, Minnesota, John of Ashton Idaho, and a daughter, Beulah of Yakima, Washington. One daughter, Genieve, preceded him in death in 1933. He is also survived by four brothers; George of Lansing, Michigan, and James, Eugene and John of Eaton Rapids, Mich., and thirteen grandchildren and seven great grandchildren. Funeral services were held at Newfolden at the Lutheran church Friday, March 29, Rev. E. J. Raaum officiating, and at the Wolford Presbyterian church at Wolford, N. D. and he was buried at the Cemetery at Wolford. His wife attended the services at Newfolden, but was unable to go to the services at Wolford because of her physical condition.

Mrs. John Doran, Rodney, Joanne and Myrena and Eileen Johnson spent last Sunday afternoon at the Emil Hellquist home at Rosewood.

Mrs. O. B. Hall spent a couple weeks at the Johnnie Ness home, returning to her home last Wednesday.

Mrs. Sam Lee left on Wednesday evening for Minneapolis where she will visit a day with Prudence at Augsburg College. Then they will go to Westfield, Wisc. for a few days visit. At the same time Sherman Lee, of Madison, Wisc. will spend his spring vacation with his sister and brother-in-law, Mr. and Mrs. Matt Keiller.

A telegram was received here on Monday stating that Arthur Shern of Oakland, California was drowned on Sunday afternoon. Details of the accident are lacking at this time. Arthur Shern was a son of Mr. and Mrs. Oscar Shern of Marsh Grove.

McFarlane-Moen Nuptials

A quiet wedding was solemnized on Monday evening, when Miss Louise McFarlane became united in marriage to Arthur Moen. The wedding took place at the home of Rev. Thv. Myhrer, who officiated. Mr. and Mrs. Joseph Turhelm were attendants. The bride, who is a daughter of Mrs. Alma McFarlane of Spruce Valley, is a popular young lady of this community and is a graduate of the Newfolden high school. The groom, who is the son of Andrew K. Moen, is a progressive young farmer of Spruce Valley, and is well known here. The young couple will makethelr home at the A. K. Moen farm, which is now operating. We join their many friends in wishing them a long happy wedded life.

Mrs. Johnnie Ness was a guest at the John Doran home from Sunday till Tuesday of this week.

Mr. and Mrs. Bill Lindahl motored to Ross last Wednesday where they visited Mrs. Lindahl's mother, Mrs. G. Brantau and also Mr. and Mrs. Conrad Braaten. They returned the same evening.

The Middle River Independent basketball team went far on the way to championship in the tournament which was played in the Newfolden gym on Thursday, Friday and Saturday evenings of last week. The neighboring communities that part took in the tournament were: Kafstad, Lake Bronson, Warren, Argyle, Middle River, Newfolden, Strandquist and Halma. These teams played on Thursday night. Kafstad defeated Lake Bronson. Warren defeated Argyle, Middle River defeated Newfolden and Halma defeated Strandquist.

Middle River had defeated Newfolden before and it was a good game. We took the lead of 22 to 2 in the first quarter. It ended 45 to 34.

The main five of the team were Rodney Hallquist, Raymond Majala, Ingvald Rostedt, Lloyd Anderson and Gerald Carriere. Subs put in were: Maurice (Frenchie) LaFrance, Eddy Lokkesen, Elmer Severson, Hilmar Anderson.

On Friday night our opponents were the boys from Halma, who defeated Strandquist on Thursday night. Our main five had a change with Rodney Hallquist, Raymond Majala, Lloyd Anderson, Tug Rostedt and Al Maulee in the place of G. Carriere. Subs that night were Frenchie LaFrance and Gerald Carriere. The score was 47-50. The game was an exciting one and brought out a large crowd.

On Saturday night they fought for the championship and fought is only a mild word for it. The game all the way through was close. It ended with a tied score of 45-45 and the game was extended for another five minutes Lloyd Anderson with the ball for a free throw which would have won the game for Middle River, but he missed it and the ball was in the hands of Warren and they made several before those five minutes were up. The boys kept everyone on their toes and put up a good fight all the way through.

Our best players were put out on fouls all three nights but it didn't enable them to lose.

Miss Helga Scramstad, who has been a patient in the Mercy hospital for the past month returned home on Saturday with her brother in-law Aksel Gormsen and and Amos Aase of Gatzke. She underwent an operation for kidney stones about two weeks ago and is feeling fine now. Grow more Malting Barley

● When you make your final plans for crops this year, be sure to include a fair-sized section of land for your crop of malting barley. That's one way to put extra dollars in your pocket next fall. There is a strong demand for malting barley —and malting barley gets a premium price from maltsters.

Be sure you plant seed of acceptable varieties

Only certain varieties of barley are accepted at premium prices by maltsters. So be sure you plant the ones that will pay off. These varieties are:

MANCHURIA WISCONSIN 38
(listed alphabetically)

Plant early, treat seed, use commercial fertilizer

See your local grain and feed dealer for seed barley. Ask your County Agent for further information. Select well-drained clayish soils, plant early, treat seed, allow to reach full maturity, and then harvest and thresh carefully so that you'll get full prices for your crop.

In 1945, Malting Barley was the most profitable cash crop in Minnesota

Narrow Shelves

Narrow shelves promise to be a feature of the postwar kitchen and storage room for canned goods, because they save the housewife time and also save lumber or other building materials. Research workers in household equipment at the New York Experiment station report that much time may be saved if packaged or bottled food supplies stand only one row deep. This makes it easy for the housewife to see her stock at a glance, and to remove any single item without reaching over or disturbing others. The studies show that in the average home kitchen about 175 frequently used items are kept on cupboard shelves. Most of these need shelf space no wider than 4½ inches, the rest only 6½ inches.

All-Cellanese Rug

The first all-cellanese rug is now being introduced. These are unusually brilliant with a natural sheen which will not wear off or deteriorate. These yarns are mothproof and also flameproof. CAUTIONS ON USE OF SUGAR STAMPS

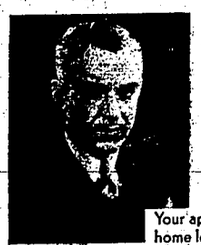
Don't Hurry to Cash Them in, OPA Advises

Although this territory is still some time removed from the canning season, housewives have been cashing ration stamp 9, allocated for canning sugar, at a startling rate, according to Charles L. Hughes, head of the district OPA ration section at Fargo.

"On March 13—just two days after stamp 9 was validated—54 percent of the stamps being cashed were of that issue, and the percentage has increased steadily," Hughes said. This same tendency on a national scale resulted in shortages in some sections, particularly in areas relying for supplies upon sugar cane crops.



"It is not anticipated there will be any sugar shortage because of the number of sugar beet refineries located in this territory," Hughes said. "However, it is well to keep in mind that stamp 9 will continue current until Oct. 31 and that a second canning stamp will be validated.

"Don't use stamp 9 until you are ready to can," Hughes warned, adding that special requests for canning sugar cannot be honored. The canning sugar total for the the 1946 season will not exceed 10 pounds."

Sugar Substitute

Honey can replace up to half of the sugar needed in jams and preserves. Corn syrup can be substituted for a fourth of the sugar in jams and a half of the sugar in preserves.

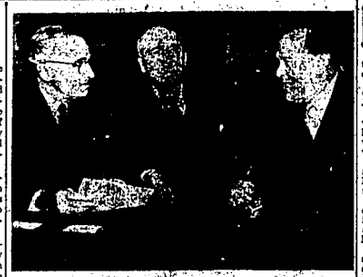
Minnesota Still Needs Many More Nurses, Says Officer of State Group

To relieve the present nurse shortage in Minnesota, hospital administrators, doctors, patients, and civilian nurses are eagerly looking forward to the return of nurse veterans and to the graduation of cadet nurses, it was reported today by Ruth V. Johnston, personnel consultant for the Minnesota Nurses association.

"According to reliable estimates," Miss Johnston said, "even these two supplementary sources of nursing personnel will fail to meet current nursing needs in Minnesota."

This continued shortage in nursing personnel makes it necessary to distribute all available nurses in the state in such a way that the most critical nursing needs can be met, stated the counsellor.

"The Minnesota Nurses' Association has established a professional counseling and placement service," Miss Johnston continued, "to help adequately distribute available nurses, and to counsel both civilian and veteran nurses and auxiliary workers, as well as prospective nursing students, concerning their educational, vocational and personal problems.



"The service also provides a place for employers of nurses to report their nursing needs for local, state, and national referral, and to secure help in filling their nursing openings."

HITCH HIKING HEN PAYS FARE WITH EGG

Maynard—When Alvan Wareham drove onto the elevator scales to weigh some corn he had just loaded at the Archie Benson farm, he discovered a brown hen peacefully perched on the spare tire. Before the corn was unloaded, biddie had laid an egg. Both hen and egg were conscientiously returned to the Benson farm.

Orange Juice

Sliced oranges give more vitamin C than orange juice, and unstrained juice more than strained juice. Strained orange juice contains only from a half to three-fourths the amount of vitamin C contained in the segments, so it is the most extravagant way to use oranges.

PUBLIC NOTICE!

TO HOUSEHOLDERS OF THE CITY OF THIEF RIVER FALLS, MINN.

Ordinance No. 126, relating to the disposal and handling of garbage authorizes the Board of Health to adopt rules and regulations controlling such disposal and method of handling.

In accordance with such provisions of the Ordinance, the Board has established and adopted the following rules and regulations:

1. Wrap all garbage in paper and deposit in container. Such paper wrapping prevents garbage from freezing in winter and keeps the container clean during the summer.
2. Only matter which will burn shall be placed in container. Glass, tin cans, ashes etc. are not considered garbage and should not be deposited therein. The Garbage Collector is not required to remove such refuse matter.
3. Garbage containers should not be over 20 gallon capacity, must be of galvanized material and have a fly tight cover.
4. A platform should be provided by the householder to support the container and to prevent it from being tipped and should be so constructed as to support the container to a height of 12 inches off the ground.
5. The container must be placed as near the alley as possible to facilitate the removal by the Collector.
6. Persons who do their own hauling of refuse and garbage material are requested to observe the following rules:

When transported in open vehicles be sure that paper and other refuse is so loaded that it will not fall or be blown from the vehicle thereby littering the roadway leading to the Incinerator.

To facilitate keeping the Incinerator Grounds in order, please observe sign posts which have been erected and which indicate where various kinds of material shall be deposited.

SPECIAL NOTICE TO RESIDENTS ADJACENT TO THE RED LAKE RIVER

Attention is called to the privisions of Ordinance No. 74, relating to the contamination of the public water supply, which makes it unlawful and contrary to the provisions of such Ordinance, for any person to deposit any filth or refuse matter on or near the banks of such river or in the waters of such river within the corporate limits of the City of Thief River Falls.

News of R. R. Valley Home for the Aged

We were sorry we forgot to mention in last week's news that Mr. and Mrs. Adolph Erickson were our guests for Sunday dinner.

We were glad to get our storm windows off last week, and Gust Hanson always does a quick job, so its a pleasure to see him get around. And even though the weather is quite a bit colder we are glad the job is done.

Will Huwe from Bemidji, came up for a load of household goods which have been stored in one of the garages. Mrs. John Paulsen and Mrs. Moe have also moved things together and Simon Holmberg rented the south garage.

Mr. and Mrs. Ole Tveit and two little daughters from north of Mavie, visited with us on Wednesday and brought us some good thick cream, which we surely enjoyed. We also had cream from Mr. and Mrs. Oscar Anderson from Gatzke, and some real home made head cheese from Mrs. Andrew Wells of Goodridge. Mrs. Wells also brought a pretty Afghan for for the ladies' settee. We are indeed happy for the interest shown and the kindness to us.

Joe Ruttvold made a trip to Grygla last week and Frank Brodin around the week end to Bemidji, Middle River on Thursday and his son to Hallock on Saturday.

John Hanson who has been with us nearly a year, left the first part of the month to make his home with his mother-in-law at Newfolden for the summer months. His room will be occupied by Mrs. Augusta Carlson of this city.

Mrs. Mary Peterson of Oslo came here on Monday to room on second floor with Mrs. Erickson. Mr. and Mrs. Ole Hoff and Miss Freda Hoff of Oslo accompanied her here.

Ole Jaramson has visited us twice recently bringing some very good papers to read and we also appreciate much the good book that Axel Johnson of St. Hilaire brought in.

Miss Bella Roen came from Fargo where she has spent the winter and stopped over a day with Mrs. John Paulson on her way to Rosevelt where she expects to spend the summer.

Rev. and Mrs. Paul Thompson and little daughter Darline Mae, called on the Moes on Monday while shopping in the city returning to their home in Bemidji the same evening.

Mrs. Alpha Kjorvestad of Grand Forks is spending a few days here with her mother, Mrs. Sortland, and also visiting other friends in the city.

On Thursday afternoon at 3 o'clock Rev. C. R. Carlson of the Gospel Tabernacle and his guest speaker will have service here, and on Sunday afternoon at 2:30, Rev. Ronholm speaks again. Both of these services will be conducted in the Norwegian language and we invite you all to come.

The missionary circle of the Baptist church is sponsoring meetings by Mrs. Solveiga Knutson of Bemidji to be held Tuesday and Wednesday evenings at the Baptist Church and Friday afternoon and evening here at the Home. Mrs. Knutson has traveled extensively and her lectures on Petrecine and the wandering and persecuted Jew of today are very educational and inspiring. We invite you to attend these lectures.

The newly decorated rooms on third floor surely look inviting. Mr. Brodin is the proud occupant of one and Mr. Brownlie of the other. Mr. Solmonson is doing some fine work and will keep him busy for some time to come.

Cattle Losses From Grubs Are Over $50,000,000

Further information on cattle grub damage, from the National Livestock Loss Prevention Board, echo the annual loss to the livestock industry at from $50,000,000 to $100,000,000.

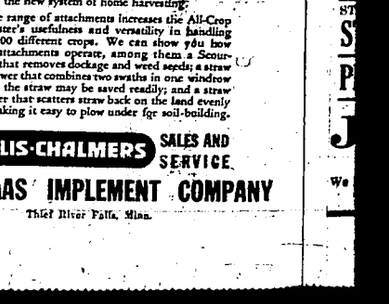
Average devaluation on grubby cattle is from 25 cents to $1 per hundredweight, and averages from $30 upward per carload. Spending 3½ cents for the proper insecticide, the board adds, may prevent a grub "duck" of $3.60 per head. Other excerpts follow:

"Controlling cattle grubs and lice is one of the livestock grower's cheapest and quickest means of increasing needed supplies of meat, milk and good leather. In 1942, 35 per cent of all cattle hides in the United States—some 6½ million —were graded as grubby. Leather ruined by grubs would provide shoe soles for 2½ million marching men for a year. We are now failing to meet our leather requirements by about 24 per cent—approximately the percentage of hides partly ruined by grubs.

"Practical, unified operating plans are necessary to clean an area and to prevent its reinfestation."

Wood Cells

It has been found that when wood is impregnated with a resin solution such as a lacquer, the resin may fill the wood cells but the properties of the wood are not fundamentally altered. It will still shrink and swell with changes of humidity, and the grain will raise when a sanded face is exposed to moisture. However, if the wood is impregnated with resin-forming chemicals capable of reacting with the wood cellulose, and the resin then polymerized within the wood, the properties of the wood are profoundly altered. When sufficiently treated, the wood is dimensionally stable under varying humidity conditions, does not show grain raising; is hardened, can be highly polished, has increased wearing qualities, and has markedly increased compressive strength as well as much higher strength in tension across the grain. In fact, the tensile strengths in all directions tend to be the same, a most unusual property for wood.



We welcome value comparisons. See our fine monuments and jparkers. We have a very complete stock of Marbles and Granites... the finest in the land. Our sizable volume are modest establishment enables us to deliver sound values. Stop by and see our latest designs. You are always welcome.

QUEEN OF THE HARVEST..

All-Crop Harvester . . . Queen of the harvest!
Quietly and efficiently it has ended the weariness of shocking and threshing, and taught the new system of home harvesting.
A wide range of attachments increases the All-Crop Harvester's usefulness and versatility in handling over 100 different crops. We can show you how these attachments operate, among them a Scour-Kleen that removes dockage and weed seeds; a straw windrower that combines two swaths in one window so that the straw may be saved readily; and a straw spreader that scatters straw back on the land evenly . . . making it easy to plow under for soil-building.

RED CROSS NEWS NOTES

By Mrs. Millard Peterson
Publicity Chairman

The Red Cross advisory board of the Pennington county Red Cross chapter met Thursday evening, March 28th in Herman A. Kjos' office in the court house. Mr. Kjos, chapter chairman, reported the Red Cross drive went well over the top, exceeding the quota of $3,975.

After some discussion it was decided to send Mrs. Thomas Peck and Mrs. Gunder Legvold to the Junior Red Cross continuation center on the University of Minnesota Campus April 18 and 19. For the first aid and water front instruction to be given by the Red Cross at Camp Doerge, Grimes, Iowa, June 12 to 22 it was voted to send Quentin Jones, recreation instructor at Tindolph park, and a qualified lady to receive instruction.

A movie film, entitled, "Boats and Paddles" will be purchased by the local Red Cross to be shown at various functions for water safety purposes.

The Red Cross books which covered the period between 1941 and 1945 have been audited and found correct.

Mrs. Lars Hylden and G. W. Booren, co-chairmen of the Red Crossing sewing room, had hoped that the layettes for infants of war-stricken areas would be finished by Easter, but ther are still 160 sleepers and dresses to be sewed. All the cutting is done, but we need volunteer sewers. Will you volunteer your services and help the workers to finish at an early date? The chairman will appreciate your needed help.

Cold Cooked Potatoes Used for Many Dishes

Cold cooked potatoes have what's needed for many a good and nourishing meal. The homemaker will get the full food value from the cold cooked potato which has been boiled in its jacket. She can plan meals based on the cold potato or be thrifty and use leftovers.

Cooked potatoes are the basis for hash browned potatoes. Slice or chop cooked potatoes into small pieces. Heat a very little fat in a frying pan, add the potatoes seasoned with salt and pepper. For a crisp crust, add about a quarter of a cup of water for four cups of diced potatoes. Cook over low heat without stirring until there is a golden crust on the bottom. Serve with one side folded over the other like an omelet.

Use leftover mashed potatoes as the sides and top for a meat pie. Fill the center with a well-seasoned stew of leftover bits of meat or fish with vegetables. Put a mashed potato crust on top. Bake in a hot oven until pie is hot through and lightly browned on top. If you have only a little leftover potato, make just the upper crust.

Giants Sterile

Giants are never born of gigantic parents because extremely large people are usually sterile. This is true generally of men and women more than 7 feet tall. Dwarfs, or people measuring less than 4 feet, are also sterile as a rule.

8,000 Physicians Added To Rolls During 1943

There were 5,952 additions to the medical profession in 1943, according to the data presented in the 42nd annual compilation of medical literature and allied statistics by the Council on Medical Education and Hospitals of the American Medical association.

The report says that the number of physicians removed by death in 1943 was 3,382. "It would appear, therefore," the report says, "that the physician population in the United States last year was increased by 2,570. In view of the accelerated curriculum with two classes graduating from most schools in 1943, one might expect that additions to the profession should be considerably higher. This in reality is the case at the present time. However, many physicians who obtained M.D. degrees in December of 1943 were not able to receive licenses until early in the year 1944, owing to administrative details . . .

"Estimated figures indicate that on February 1, 1944, the number of physicians in continental United States, including those licensed in 1943, was 186,496. Excluding physicians who are in military service, engaged in full time hospital work, retired, not in practice or engaged in full time teaching, there remain about 100,000 physicians in private practice, some of whom are part time teachers. . . ."

So. American Guava Makes Tasty Addition to Spreads

The common or garden guava, a perennial favorite among desert-loving Latin Americans, is now playing an important part in helping to keep United States servicemen fit and happy. Because guava has a vitamin C content from 10 to 20 times that of other fruits used in making jams and jellies, the War department is adding it to apples, oranges, apricots, peaches, grapes and other fruits used in making spreads.

Ten per cent of guava added to other fruits in the preparation of jams and jellies more than doubles the vitamin C content of the mixture. In other words, one pound of guavas contains as much of the scurvy-preventing vitamin as nine pounds of the other fruits named.

As the vitamin C content of guava varies widely in accordance with the variety of the fruit and its ripeness, scientific cultivation might produce high-yielding strains with an even higher vitamin content than the wild fruit which is now largely used in Latin American countries.

Sugar Syrup

A sugar syrup goes farther than plain sugar in sweetening iced tea or fruit punch. To prepare sugar syrup, heat equal parts of sugar and water until sugar is completely dissolved. Keep left-over syrup tightly covered in the refrigerator. Corn syrup may also be used to sweeten summer drinks. Try some iced beverages without sugar.

Take My Word For It!

By FRANK COLBY

READERS' CORNER

From Major H. N. B., Ft. Leavenworth: Your recent article on the British pronunciation "leftenant" for lieutenant, reminds me that in my reading of Johnston's "History of Cecil County, Maryland (1880)," I noticed that in rosters of some 1812 army units from that country, lieutenant is actually spelled "leftenant." It would appear that up to and including the War of 1812, the pronunciation "leftenant" prevailed in America, too.

Answer: It was dialectal even then, for neither the spelling nor pronunciation "leftenant" appears in Noah Webster's original American Dictionary of the English Language (1828).

From G. H. R., Milwaukee: What is the pronunciation of the French term "de rigeur," meaning "good"?

Answer: The phrase is: de rigeur. It means "in accordance with good form." Pronounce it: duh re-GUR.

From F. P., Houston: Ever since election day I have been "electorially" electricuted. Can you do anything to emphasize that the correct word is: electoral?

Answer: I might take a practice swing or two. There is no such word as "electorial." The correct word is electoral, pronounced: ee-LEK-tor-al.

"The Bells of St. Mary's"

A picture richly endowed to minister a lift to dropping spirits and balm to aching hearts.

Painting Glazed Tile

When painting the hard and glossy surface of glazed tile, close attention should be paid to details of mixing and application. Mix thoroughly together one part of floor varnish and four parts of flat wall paint. Both paint and varnish should be of high quality materials. Apply one good coat to the tile surface. This will dry with a fair gloss which may be lessened—after the paint has become thoroughly dry—by a light rubbing with fine steel wool. Follow this with a coat of heavy paint, paint reduced to the desired consistency with flatting oil, if you wish a flat or nearly flat finish. If a higher gloss is desired, add a larger proportion of varnish.

Import Pests

Most of our very injurious crop pests and plant disease came from abroad. They now cause crop losses estimated to total more than $3,000,000,000 a year in the United States.

GROWING WITH YOUR CHILD

Institute of Child Welfare, University of Minnesota

Training in the Use of Money

Economists tell us that women do 75 per cent of the buying in the United States. Women control most of the buying of foodstuffs, clothing, household goods and equipment, for their families; in addition they control large amounts of money in the form of annuities, and income from investments. This poses some serious questions in regard to the training of girls in the management of money.

Recently E. Prevey, studied the ways parents use to teach their children the use of money. She first studied the practices of parents in relation to the way their high school age children, both boys and girls, used money. Four years later she made a follow-up study of the same cases to see what changes had taken place in their money-managing ability. One finding was that boys are given many more experiences which are valuable in training in the use of money than are girls. Early practice in handling money is definitely related to later ability to use financial resources in adulthood.

When the subjects with the greatest money-managing ability were compared with the least money-managing ability, it was found that learning to save for some future need was an important childhood experience for the good managers. Likewise, high school students with the greater money-managing ability were also the young adults with the better financial habits. Parents who encouraged experiences in earning money had children who were able to manage their own incomes in adulthood.

Adult money habits are likewise related to general adjustment in the high school period. Satisfactory emotional and home adjustment in childhood increased the likelihood of good planning in the use of money in early adulthood. However, money management is quite specific and not closely related to independence in other ways. General satisfactory adjustment is more related to good money practices than is self-reliance.

This study has the following implications for parents and teachers. The child and adolescent should be given experiences in earning and using money. Since girls will control much of the spending, they should be given as much opportunity as boys in this respect.

High school students should become familiar with the family's finances and learn about the family expenses, plans for saving, and goals toward which the family can afford, but helps build a close-knit family and aids in general good emotional and family adjustment. Sharing home responsibilities and privileges, and practice in earning and spending money are aids in the development of ability to manage money carefully in adulthood.

Porch Furniture

Lawn and porch furniture that is to be refinished should first be cleaned thoroughly by washing in benzine or gasoline. Then remove all loose paint by sandpapering, dust thoroughly and apply two coats of enamel or lacquer.

Shirt Storage

If shirts are to be put away folded, hang them on coat hangers until completely dry. Then fold each shirt according to following steps: 1. Place shirt, front side up on table and button top, middle and bottom buttons. 2. Place front down and fold each side of shirt over, lengthwise, for about one-fourth of the width. 3. Fold one sleeve along back lengthwise, then fold other sleeve on top of it. 4. Fold up the tail of the shirt about 7 to 9 inches. 5. Then fold again, bringing the bottom fold up to the collar. Pin to shoulder yoke at both upper corners. 6. If desired, shirt may be folded over a piece of cardboard cut to fit.

MARVENE SUDS

...does a better job than soap... no hardwater scum...no soapy film

This country is short of industrial fats, mighty short.

The supply is so low that the government must decide how much fat can be released to make soap; how much for other peacetime goods. The shortage would be even worse without the wonderful help American housewives are giving by turning in used fats.

Keep saving to tide us over this emergency. It will help you get more soaps and other products you want so much.

Oil Eggs

Oiling is an excellent method of preserving eggs and causes little or no effectiveness along with water glass. Eggs should be oiled the day after gathering. The eggs are dipped in the oil and must be completely covered, then drained for a few minutes on a rack. They can then be placed in cartons or cases and stored in a cool place. Oil used should be a light grade and free of odor, and should not be heated. Mineral oil may be used.

Trucking Terminals

Though trucks in the United States today are hauling about one-fourth as many ton miles of freight as the railroads, serving many of the 54,000 communities that lack rail connections, the industry has developed few union trucking terminals. One was established in Indianapolis 25 years ago; other such terminals have been operating at Newark, Chicago, St. Louis and Cincinnati.

New Food

In cooking and eating soybean sprouts, remember you are dealing with an entirely new food. Sprouted beans will be crunchy and chewy and no amount of cooking will soften them—in fact, too much cooking toughens the bean. Cook the beans and sprouts in a large amount of salted water in an uncovered pan from 15 to 20 minutes for most dishes. If they are to be used in a salad, cook only five minutes.

Sprouts may be used in many interesting ways. They can be sauteed and served as a plain vegetable. Since the soy is high in fat, only a small amount of fat should be used in frying. Bean sprouts are tasty when steamed and added to a sour sauce, such as mock Hollandaise. They can be added to cooked vegetable mixes or casseroles and stews. Try them in making typical chop suey dishes. If soy sauce is not available as a flavoring for these dishes, use a mixture of three tablespoons molasses, three tablespoons Worcestershire sauce, and a pinch of ginger.

MIDLAND CO-OP IN ANNUAL MEETING IN MINNEAPOLIS

Group Goes on Record in Favor of Continuing Price Control by OPA

Anti-inflation resolutions urging congress (1) to extend the price control powers of the Office of Price Administration and (2) to retain income tax rates at present levels were adopted by delegates from local purchasing cooperatives at theannual meeting of Midland Cooperative Wholesale in Minneapolis March 25-27.

Pointing to the need for better public health facilities in rural areas, the meeting also called for legislature action in Minnesota, Wisconsin and Iowa to permit cities or counties to form health authorities which would be able to use any federal funds which may be made available.

A fourth resolution commended newspapers of the Northwest for their fair treatment of cooperatives, particularly with regard to the controversial taxation issue.

Speaker after speaker at the meeting, including Senator Wayne L. Morse of Oregon, Dean I. L. Baldwin of the University of Wisconsin School of Agriculture, Hjalmar Bjornson, Minneapolis Tribune editorial writer, and M. W. Thatcher, general manager, Farmers Union Grain Terminal Ass'n, warned that unless the people, as citizens and voters, take over the government, the government will take over the people.

"We must elect to our legislative offices," said Senator Morse, "men who are willing to go there and exercise a complete independence of judgement on the issue to come before them without any thought of reelection."

General Manager A. J. Smuby of Midland reported a sales increase of $1,299,683 in 1945 to a record volume of $11,476,146, with net savings of $716,402, before income taxes.

Attending the meeting from Thief River Falls were Oscar Nelson, Consumers Co-op manager, and Gunsten Skomedal of Viking.

NEW SPORTSMENS LICENSES TO BE ON SALE THIS YEAR

$5 Permit Will Cover Fishing, Trapping and Big Game Hunting

A new type of game license, issued for the first time in late 1945, will be available again this year, the state game and fish division reports. This "Sportsman's license," is a combined permit for individual fishing, small and big game hunting, and trapping. The fee is $5.00, but the purchaser is privileged to pay any additional sum as evidence of his desire to support the state's conservation program. A letter of acknowledgment will be sent by L. F. Fiern, game and fish director, to each contributor thanking him for the gift.

The total cost of fishing, hunting, and trapping licenses is $5.25 so that a saving of 25 cents effected in the purchase of the sportsman's license. In addition to the saving of money, the game and fish division believes the new license will appeal to many sportsmen because of the ease of securing and carrying it.

Fishermen are reminded that individual licenses should be purchased in the county of their residence, as it may be impossible to to find license agents having out-of-county licenses when they arrive at their destination on the first fishing trip.

Ample supplies of all kinds of licenses, except big game, have been in the hands of every county auditor for some time, and anglers who expect to be at their favorite lake on the opening day are advised to purchase their licenses now. The 1946 synopsis of the fishing laws is in the final stages of preparation and will be distributed as soon as possible.

13 IN PENNINGTON FORFEIT LICENSES

Drivers Penalized in January and February

Pennington county had six revocations and seven suspensions of drivers licenses in the first two months of 1946, according to figures released by the Minnesota highway department. State totals were 368 revocations and 1,953 suspensions in two months, compared to 239 revocations and 474 suspensions in the same months last year.

In the month of February there were 132 revocations. Of these 123 followed conviction for driving while under influence of intoxicants.

Suspensions in February totaled 866. Of these 582 were made under provisions of the 1945 safety responsibility act, due to failure to file releases or certificates of insurance, or failure to deposit cash or securities to cover claims resulting from accidents. There were 419 reinstatements.

Suspensions for other causes included 47 for speeding, 27 for failure to take driving test, 20 careless driving, 79 failure to file continued proof of financial responsibility, 63 not having current drivers license, 20 ignoring signs or signals.

Sixty-two persons found guilty of driving without a license will be required to file proof of financial responsibility for future accidents before new licenses can be issued to them.

Lists of names of persons whose licenses have been revoked or suspended are sent by the department each month to Sheriff Arthur Rambeck and to the police departments in each city and are open to public inspection.

MORE THAN 70 YEARS IN THE SAME ST. PAUL HOUSE

St. Paul—In 1876 a Mr. Leier and his bride, recently arrived from Austria, built a home in the wild suburbs of St. Paul. Today, surrounded by children, grand children, and great grand children, Mary Leier, 95, still lives in that home, now numbered 1027 Park Street.

Farmers Urged to Keep Equipment in Repair

Ominous warnings in all of the farm publications point to a gloomy outlook for new farm machinery and urge farmers to keep their present machines in repair for the coming season's operations. Northern Chevrolet Company, local Massey-Harris dealer emphasizes that some materials are harder to get now than ever and foundry production nationwide is less than 50 per cent capacity. In view of this pessimistic forecast of new machinery supplies Chris Rinkel today announced a spring overhaul plan to help farmers keep their equipment operating at maximum efficiency.

Finger Bowl

Back in the old days, after you had grabbed beef in your fists and dug fragments of stew out of a public pot with your fingers, the servants would wheel in a 40-gallon tub of warm water into which you plunged your hands and arms for a complete scrub and rub-down. From that tub comes today's finger bowl.

Painted Furniture

The first consideration when you start painting and decorating furniture, is the kind of surface or finish you will have to paint over. Generally speaking, these conditions will fall in three classes, 1. bare wood, 2. a surface in good condition and 3. a surface in bad condition. Treatment for each of these conditions is taken up here. Follow the instructions closely, and you will have no difficulty. As an extra precaution—whatever surface or old finish you may be painting over should be clean and free from wax, grease, or any other foreign matter. Remove wax and grease thoroughly with turpentine before you do any painting.

RESIGNATIONS OF 13 TEACHERS FILED TO DATE

G. E. Ahre to Resume Duties as High School Music Supervisor

Resignations were received from thirteen members of the public school faculty previous to the April 1 deadline, the local board of education was informed by Supt. P. L. Fjelstad at its April session Monday evening. On the same date in 1945 there was a total of 19 vacancies, he added.

Those tendering their resignations to take effect at the close of the school year include Bernard Broderick, Cecilia V. Allen, Laverne Hendrickson, Hedwig Husby, Mrs. Ruth Legvold, M. E. Tonning and Ingeborg Espeseth, all of the high school faculty; Iris Ayers, Marie Sandberg, Mildred Thompson and Arlene Jelle, Knox school teachers; and Irene Braaten and Violet Pudas, Washington school.

Three teachers have been secured to fill vacancies, Mr. Fjelstad said. Miss Harriet Demarias of Red Lake Falls, now teaching at Long Prairie, will be mathematics instructor in the high school. She is a graduate of the College of St. Catherine. Miss Helen Schornack of Perham, now teaching at Dawson, will be second grade teacher in the Knox school. She is a graduate of St. Cloud teachers college.

It was also announced that Glendon E. Ahre, who recently was given his discharge from the army with the rank of major after four years of service, will resume his position as senior high school band and vocal instructor starting June 1. During the summer months Mr. Ahre will give instruction to school pupils, as well as giving private lessons.

The board voted to call for bids on a new roof for the old section of the Lincoln building as quickly as it appears that contractors and materials for the project will be available.

Announcement was made at the session that the annual election of members of the board of education in School District 38 will be held Tuesday evening, May 21, and that filings for places on the board will be received starting next Monday April 22.

Rates were set on virtually the same basis as last year for tuition fees and transportation charges for pupils in closed rural schools who attend school in this city.

SENIORS TO OFFER CLASS PLAY MAY 7

"Garden of the Moon" Will Be Presented

The Lincoln high school class of 1946 has chosen for their class play, "Garden of the Moon," a romantic drama by Arthur Jearue. They will present the play in the high school auditorium Tuesday, May 7.

The scene, laid in a moonlit garden, is beautiful and unusual. Although most of the action takes place in the present, a flashback in the second act carries the audience back to the beginning of the century.

A large cast of seniors and a well-staffed production group are already busy in order that their presentation may do justice to the romantic charm of the drama.

VFW Post and Auxiliary Conduct Installation

With more than 100 members present, the local post of the veterans of Foreign Wars and auxiliary Monday evening conducted their installation of recently elected officers in the Civic and Commerce rooms. Ward Long served as installing officer for the VFW, while Mrs. S. Wahlbeck served for the auxiliary. Lunch was served at the close of the evening by members of the auxiliary unit.

Pre-school Clinics Set for First Week in May

Mrs. Andy [illegible], pre-school clinic [illegible] stated today that the annual pre-school clinics will again be conducted at the three elementary schools the first week in May. Any child who has his fifth birthday on or before Jan. 1, 1947, is expected to register. A more detailed announcement will be made following Easter vacation.

CIVIC GROUP TOLD OF 'ON-THE-JOB' GI TRAINING PLAN

F. J. Lueben of State Education Department Gives Details of Plan

A dinner meeting of the Civic and commerce association last Thursday evening in the Palm Cafe was attended by nearly 100 persons, including several from nearby communities. President L. D. Harts was in charge of the program.

Supt. Philip J. Fjelstad introduced the speaker of the evening, F. J. Lueben of the state department of education, who has charge of the on-the-job training program for veterans.

Pointing out military duty prevented many young men from learning a trade, Mr. Lueben stated that a special program had been devised by the Veterans Administration under the GI law providing supplemental income for the veterans while engaged in the training program.

Mr. Lueben said that, with schools and colleges curently filled to capacity, on-the-job training provides an effective alternative, in addition to which he added that many trades cannot be learned in school.

It was announced at the meeting that a local committee on veterans training has been set up with Mr. Fjelstad as chairman, and that the committee will meet each Tuesday Wednesday and Thursday afternoon at 5 o'clock. Other members of the committee are Paul Gray, VA representative here, H. B. Hafteoth, county service officer; Ed Stonich, manager of the U. S. employment service office and Russell E. Olsen, secretary of the Civic and Commerce association.

3 ROTARIANS GIVE VOCATIONAL TALKS

G. E. Ahre Announces Music Center Plans

Three members of the Rotary club gave classification talks at the luncheon meeting Tuesday noon in the Evelyn hotel. Bill Ekstrand, manager of the Ace Hardware store, discussed his vocation, while Hugh Carlson, local manager of the Triangle Transportation company, told of the steady expansion in the bus company's operations in recent years.

G. E. Ahre, who is shortly returning to his duties as Lincoln high school music director, told of plans in the making for a new music center in Thief River Falls, with himself and Harold F. Harrison as co-directors. He stated that the center which will open as soon as suitable quarters can be procured will provide instruction in piano, voice, band and orchestra instruments and acrobatic and tap dancing.

Mrs. Marjorie Kiland, county director of the campaign to raise funds to combat cancer, solicited support of the club in the drive now getting underway.

J. H. Ulvan Takes Over Duties in Indianapolis

In a letter to the Times this week J. H. Ulvan, former editor of the Tri-County Forum in this city, stated that he is now serving as telegraph editor on the Daily Times at Indianapolis, Indiana.

Minnesota producers annually more than 500,000 tons of paper products.

Members of the Rotary club have consented to conduct a solicitation in the business district of the city next week in connection with the nation-wide campaign for funds to combat cancer, it was announced today by Mrs. Marjorie Kiland, local chairman.

Stating that the quota for Pennington county has been set at $350 Mrs. Kiland added that those in the city or rural areas who are not solicitated may aid the drive by leaving their contribution with E. O. Peterson, treasurer at the Union State bank. In the event the goal is oversubscribed, the surplus will be set aside to be used for the same purpose in 1947, it was announced.

Minnesota has one of the highest cancer death rates of any state in the union and the rate is going up steadily, Dr. Harold S. Diehl, dean of medical science at the University of Minnesota disclosed this week as the statewide campaign swung into action.

With 4,000 volunteers carrying on a campaign for $224,000 as Minnesota's share of the $12,000,000 being raised nationally in April for cancer education and research, civic leaders of th state called for an all-out attack on cancer.

"The cancer death rate in Minnesota in 1940 was more than twice the rate in 1910," Dr. Diehl said. "The findings of Dr. Bell and his associates in the department of pathology at the University of Minnesota show, on the basis of autopsy material, that 19 percent of the deaths of females and 17 percent of the deaths of males past one year of age are due to cancer."

CRIPPLED CHILD CLINIC TO BE HELD HERE APRIL 27TH

Event Sponsored by State Agencies to be at Lincoln High School

Saturday, April 27, has been set as the date for the annual orthopedic clinic for crippled children of this district, according to the schedule announced by the crippled children services of the Minnesota division of social welfare. It will be held at Lincoln high school in this city.

Registration hours will be from 8:00 a. m. to 2:00 p. m. The clinic is for crippled children and young people under 21 years of age from Pennington, Marshall, Red Lake, Roseau, and Kittson counties. Those who plan to attend for the first time should see their family physician about a referral.

Children who have been under the care of the crippled children services or the Gillette state hospital are asked to report to the clinic if they have been instructed to do so. Those who are overdue for an examination at Gillette state hospital may attend the clinic if they receive permission.

Two orthopedic surgeons and a pediatrician will be at the clinic to give medical examinations and recommendations. A representative of the Division of Vocational Rehabilitation, Minnesota Department of Education, will be present to give vocational tests and advice to boys and girls over 14 years of age. The clinic staff will also include public health nurse-physical therapists, and other nurses and medical social workers.

MORE FILINGS WITH APPROACH OF DEADLINE

All Incumbents in Pennington Co. Now Seeking Reelection

Unless a last-minute rush of filings develops before the deadline Monday, April 15, there will be no primary election contests for Pennington county offices this year. All of the incumbents have now filed, and most of them are unopposed for reelection.

Fred D. Lorentson, seeking reelection to the office of register of deeds, will be opposed by Oscar A. Nelson, who filed Saturday. Mr. Nelson is manager of the Consumers Cooperative association and a member of the city council.

Incumbents entering their names for reelection this week include A. R. Johnsrud, county treasurer; Arthur Rambeck, sheriff; Paul A. Lundgren, county attorney; and Mrs. A. C. Mathson, county superintendent of schools.

D. R. Shetterly of Okiee this week announced his candidacy for representative in the state legislature from the 65th district. He is now serving as a member of the Red Lake county board, and has served for six years as chairman of the Red Lake county AAA board.

In Marshall county Dr. George L. Johnson of Newfolden filed for the office of representative in the legislature from Marshall county; he having seen previous service in that capacity. Incumbent officials filing for reelection in Warren include O. C. Toftner, sheriff; Levi G. Johnson, auditor; H. M. Hanson register of deeds; and Miss Thora Skomedal, county superintendent of schools.

Also filing this week was Judge James E. Montagus of Crookston for reelection to the post of judge in the 14th judicial district, his term expiring this year.

544 BIRTHS, 178 DEATHS IN 1945

All but 3 births in County Occur in City

Births in Pennington county in 1945 numbered 454, compared to 428 in 1944, while 178 deaths were recorded last year compared to 164 in 1944, it is revealed in the annual report received late last week by Henry Storhaug, clerk of court, from the division of birth and death records of the state board of health.

Of the births registered in 1945, all but three occurred in Thief River Falls, with one each being recorded in Goodridge village Cloverleaf and Deer Park township. A large number of babies were born in local hospitals to parents living in adjoining counties.

Of the deaths, 143 occured in Thief River Falls, with nine in the Town of North, 12 in Rocksbury, three in Smiley and two each in St. Hilaire, Cloverleaf and Highlanding.

13 Motorists Fined for Double Parking Tuesday

A total of thirteen local motorists paid fines of $1 each on charges of double parking in municipal court Tuesday. Also appearing in court was Robert L. Stenerson, charged with reckless driving on a motorcycle. He was fined $15 and his drivers license was suspended for sixty days. Glenn F. Johnson, who appeared in court April 3 on a reckless driving charge was fined $22 and costs.

Pennington County Has One of Best Records in the State for Bovine TB

The final results of the official tuberculin test of all cattle in Pennington county completed in March, shows that the county has a percentage of infection of only .09, according to information received by County Agent Ernest Palmer. A total of 1,062 herds, consisting of 19,777 cattle tested on 19 reactors. The infected cattle have been shipped out and disposed of. This record of freedom of tuberculosis in cattle in Pennington County is one of the best in the state.

STORES WILL REMAIN OPEN IN EVENING ON SATURDAY IN FUTURE

For the convience of residents of the tributary rural areas during the busy season on the farms, retail stores of Thief River Falls will remain open Saturday evenings starting April 13, and continuing until further notice, it was announced today by P. E. Tunberg chairman of the merchants committee of the Civic and Commerce association. Stores will remain open Saturdays until 9 p. m. instead of closing at 6 o'clock as during the winter months.

WASHINGTON PTA PLANS FESTIVAL FOR APRIL 26TH

Mrs. Victor Kvikstad Elected President at April Meeting Monday

At the April meeting of the Washington P. T. A. held Monday afternoon, plans for the spring festival were completed with Mrs. Warren Ferber presiding at the business meeting.

The election of officers for the coming year was completed with Mrs. Victor Kvikstad being named president; Mrs. Clarence Gulseth, vice president; Mrs. W. O. King secretary treasurer; Mrs. E. G. Pearson, Membership chairman; It was announced that the Washington P. T. A. would be the group hostess for the general P. T. A. meeting to be held at Lincoln high school May 20.

The committee chairmen for the festival were named as follows: bingo, Mr. and Mrs. Frank Clinton; clothing and used toys, Mrs. F. E. Walker and Mrs. W. O. King; food, Mrs. George Erickson; hot dog stand, Mr. and Mrs. Clarence Gulseth; fish pond, Mr. and Mrs. John Stewart. The date was announced as April 26 from 7 to 10 o'clock P. M.

The program for the meeting consisted of several vocal selections by the fifth grade pupils under the direction of Miss Edna Lee.

The speaker of the evening was W. E. Dahlquist. A gift was awarded to the kindergarten, for the parents of those children had the best attendance.

Lunch was served by Mrs. C. M. Adkins, Mrs. Ben Hoge, and Mrs. Nels Flom.

2 RED LAKE FALLS CHILDREN INJURED BY TRAIN; 1 DIES

Great Northern Train Strikes Children While on Bridge Near City

Two Red Lake Falls children, a 6-yer old boy and his baby sister, were severly injured, the boy critically, when they were trapped on a railroad bridge by a southbound Great Northern passenger train just entering Red Lake Falls at 6:30 p. m. Monday.

The boy, Paul Cyr, died of his injuries in a Crookston hospital Tuesday, while his sister Lillian, age 3, was reported in fair condition.

Paul's right arm was severed, his right leg broken and he received severe head injuries. Lillian suffered multiple head and body injuries. Their parents are Mr. and Mrs. Aime Cyr.

The train rounded a bend just before reaching the bridge and members of the train crew reported they were unable to see the children until just a few feet from them. They apparently were equally unaware of the approaching disaster, as they were seated on the guard rail of the bridge.

The train stopped, picked up the children and carried them into the station a quarter of a mile away from which they were rushed to St. Vincent's hospital in Crookston.

On-the-Job Training Group Meets at USES

Supt. Philip L. Fjelstad, chairman of the advisory committe for for on-the-job training for veterans announced today that the group will meet in the U. S. employment office to process applications each Tuesday, Wednesday and Thursday afternoon at 5 o'clock. Application blanks are available at the employment service office.

Permits to Build 23 New Dwellings Get Council OK Tuesday

If the building materials situation permits their completion, the 23 new residences for which permits were approved by the city council at its April session Tuesday evening will aid materially in relieving the critical housing shortage by the end of the summer.

Total estimated outlay involved in the total of 40 permits approved at the session is more than $140,000. This figure includes several business improvement projects, and a considerable number of minor repair and remodeling jobs.

A permit was approved for the Oen Mercantile company to remodel its store building at an estimated cost of $10,000, the project including the construction of a new entrance on the north side of the store, installation of a new stairway leading to the basement and the laying of new sidewalks along the front and side of the building.

Jungs Bakery was authorized to build an addition at the rear of its building at a cost of $8,000, and the Western Oil and Fuel company received a permit to erect a gas bottling plant on the Soo Line right-of-way near the north city limits to cost $5,380.

Stanley Ranum, local contractor, was granted permits to erect nine new residences, one of which is to cost an estimated $1,000 and the other eight from $4,000 to $6,500. Most of these will be built on Kneale av. near First st. Andrew Norby will build two houses, one at the corner of East Third st. and Kendall av. to cost $8,000, and the other on Merriam av. to cost $5,500.

Others getting permits to erect dwelling include George E. Peterson, $4,000; Andrew Grendahl, $4,500; Selmer Dahl, $5,000; Iver Nelson, $4,500; O. B. Hanson, $2,000; E. C. Norbeck, $4,000; Gerald Horejsh, $5,000; Ole Tollefson, $2,500; Paul Schenke, $3,500; Arthur B. Larson, $5,000; Frank M. Schmitz, $3,000; Chas. E. Wilson, $5,500; and R. L. Noper, three tourist cabins, $6,000.

The table discussion topic was resolved, that the abolition of OPA would lessen the danger of inflation, four speakers debating each side of the argument. The next meeting will be held Monday evening, April 15, at 6:15 in the Rex Cafe.

With a membership of nearly thirty, the local club, which is designed to promote public speaking ability, will shortly become affiliated with the national Toastmasters organization, Mr. Roche stated.

LOCAL RED CROSS CHAPTER PRAISED

Region Chairman Lauds County on Making Quota

Milton Larson, chairman of the 1946 Pennington county Red Cross fund drive, last Friday received a letter from Myles J. McNally of St. Louis, Missouri, stating that he had received a report from Stanton R. Dahlen, campaign treasurer, advising him that the local chapter had reached its minimum objective.

Mr. McNally wrote, "This represents an achievement of which you and your workers may be justly proud. It also indicates that the people of your county realize that the Red Cross job is not finished and are willing to give their support in peace as well as war.

"We are sure you recognize the importance of having your workers continue their efforts until every adult in your chapter jurisdiction has been given an opportunity to contribute."

Treasurer Dahlen is withholding his final report, pending the receipt of collections from a considerable number of townships in the county which have not yet reported.

Andrew Anderson, who served as chairman of the solicitation in the business district of Thief River Falls today voiced his appreciation of the efforts put forth by his team captains and solicitors.

Veterans Agency Seeks Workers in Minnesota

Training officers are needed by the Veterans Administration vocational rehabilitation and education division for assignment to several locations throughout the state, Mr. C. D. Hibbard, manager, regional offices, Minespolis, announced today. These positions pay $2980 per year.

Requirements for the positions are three years or more of professional training in several types of employment.

Applicants with college training in vocational education are preferred, but such training is not required where the applicant has had sufficient experience in the proper fields. Civil service application forms can be procured from the local post office and should be sent to Personnel Section, Veterans Administration, Regional Office, Minneapolis 6, Minnesota.

Pennington Financial Report Appears Today

Published elsewhere in this issue of the Times is the Pennington county financial statement as of December 31, 1945, completed recently in the office of County Auditor A. M. Senstad. Presenting a complete picture of the financial situation of the county, the statement reveals that at the end of 1945 the county's bonded debt aggregated $378,000, with a net funded debt of $340,486.09 after allowing for government bonds and cash on hand available for debt service.

JAS. ROCHE NAMED TOASTMASTERS CLUB HEAD MON.

Local Group Designed to Provide Practice in Public Speaking

Following a series of preliminary sessions, the Thief River Falls Toastmasters club Monday evening held its first formal meeting and election of officers in the Rex Cafe. James Roche was named president, Ralph A. Luhman, vice president; Glenn Christie, secretary-treasurer; and Lester Ilfe, sergeant-at-arms.

The program included short addresses by C. E. Becker, Stuart McLeod, Russell E. Olson and Justus Larson. Knut Severud of the Moorhead club conducted the program, assisted by a group of other members of that club, including Dave Steinly, president; Fred Maxson, Tom Morrill, and Glen Johnson of Fargo.

The table discussion topic was resolved, that the abolition of OPA would lessen the danger of inflation, four speakers debating each side of the argument. The next meeting will be held Monday evening, April 15, at 6:15 in the Rex Cafe.

With a membership of nearly thirty, the local club, which is designed to promote public speaking ability, will shortly become affiliated with the national Toastmasters organization, Mr. Roche stated.

ASSESSORS MEET IN CITY APRIL 16

Officials Will Attend School of Instruction

The annual school of instruction for Pennington county assessors will be held next Tuesday, April 16, starting at 10 o'clock "in the morning in the district court room in the court house, County Auditor A. M. Senstad stated today.

A representative of the state tax commissioner's office will be present to explain recent changes in the laws governing assessment of real and personal property.

In addition to the assessors, a member of each local board of review is required to attend the conference, Mr. Senstad said.

Ralph A. Luhman Opens Accounting Business in the City This Week

Ralph A. Luhman this week announced the opening of the Luhman Accounting Service with quarters in the office of A. F. Bergs in the Brumund block on Second st. He will engage in general accounting and income tax service. ZONING PLAN IS UNCHANGED ON ITS 2D READING

Big Grist of Business Keeps Council Busy Tuesday To Late Hour

In another lengthy session Tuesday evening that continued until 1 a. m. the city council disposed of a large accumulation of business, including approval of forty applications for building permits, giving a second reading to the proposed new zoning ordinance and attending to a large number of other matters.

The zoning ordinance, which came thru its second reading without undergoing amendments, provides for an enlarged commercial district in the city, and also specifies that no residence shall be erected on a lot with less than 50-foot frontage, compared to 40 ft. under the present ordinance.

The Rotary club submitted a recommendation that the council designate the blocks including the Auditorium and public library as a civic center, but the proposal was laid over for further study.

Couty Auditor A. M. Senstad and County Agent Ernest Palmer stated that the county agent's office was being forced to vacate its present quarters on LaBree av., and asked if space could be provided in the basement of the Auditorium. The council members indicated that Mr. Palmer would be given the use of the room now occupied by the historical collection, which will be moved to another location.

In response to a call for bids for the construction of a new bath house in Tindolph park, the Thief River Concrete Products company submitted a figure of $1,472.80 on concrete blocks required for the structure, but made no bid on the erection of the building.

Roy Hanson, member of the park board suggested that the project might be carried out on a day-labor basis with competent supervision. W. Christianson and Dr. M. G. Starukov, appearing in behalf of the Junior Chamber of Commerce, urged that the project be completed in time for the carnival July 3 and 4 to be sponsored by the Junior Chamber. The council indicated it would take definite action at an adjourned meeting.

The petition of S. Salveson for the vacation of a dead-end alley extending into his property near the tourist park was approved on condition that he pay the city $25. Another petition requesting the installation of sewer and water mains on one block on St. Paul av. south of Michael st. was referred to the city engineer for investigation.

Mayor W. J. Douville made three proposals to the council, all of which were laid over for further consideration. He suggested amending the curfew ordinance to ban midnight movie shows as an aid in meeting the juvenile problem; recommended a revision of the 3.2 beer ordinance to prohibit the sale of food when beer is dispensed; and also urged that step be taken to arrange for a new city charter.

RED CROSS NEWS NOTES

By Mrs. Millard Peterson
Publicity Chairman

Mrs. Tom Peck, Pennington Co. Junior Red Cross chairman, has just informed us that 69 gift boxes packed by town and rural schools were shipped last Friday to mid-western area office to be shipped overseas to boys and girls of war-stricken families.

The material was donated by the boys and girls, each box specifying whether it was for a boy or girl and by whom it was sent. A box consisted of a comb, a tooth brush, tooth paste, soap, wash cloth, school supplies, including pencils, crayons, erasers, scratch pads, protractors and rulers; hair ribbons, buttons, needles and threads and a toy. Mrs. Peck stated the response from the various schools was very good.

Another shipment of 100 nut cups and 100 menu cards, including the filling for the cups was sent to the Minneapolis Veterans' Administration in time for the Easter holidays. This is work that the Juniors enjoy doing and at the same time it brings joy and gladness to the boy, girl and disabled veteran.

Mrs. Tom Peck and Mrs. Gunder Legvold are the Junior Red Cross representatives who will leave here for the Junior Red Cross continuation center to be held on the University Campus, April 18th and 19th.

We are still "begging" for volunteer workers to come up to the Red Cross sewing room over the Northern State bank to take infant sleepers and dresses to be sewed for shipment overseas. Let's not let this work drag on when it could be done up in a few short weeks if each one will do his bit. The room is open on Friday afternoons between 2 and 5 p. m. Call Mrs Lars Hyldon or Mrs. G. W. Booren for work.

Auxiliary Notes

The regular meeting of the American Legion Auxiliary was held last Thursday April 4. The program was presented by troop 9 of the girl scouts. They put on an original play, and Joanne Evenstad gave an original reading.

The auxiliary is going to sponsor a singing group consisting of their own members. The May meeting will be conducted by the past presidents.

The hostesses for the meeting were Mrs. Frank Tunberg, and Mrs. Philip Felstead.

Brush Suits

Keep suits brushed. Get dust out of folds and corners. Work with the grain of the cloth and use a good clothes brush—a whisk broom only hits high spots. A suit properly brushed and hung needs less pressing.

Helwenger Twins Honored On 4th Birthday Sunday

Russell and Ronald Beiswenger, twin sons of Mr. and Mrs. Carl Beiswenger Jr., who were four years old on April 9, celebrated their birthday, Sunday at a small party. The afternoon was spent socially and at 4 p. m. a lunch was served featuring a white cake with four small candles.

The guests included their grandparents, Mr. and Mrs. Carl Beiswenger Sr. Herman Beiswenger, Ted Beiswenger, Mr. and Mrs. Carl Beiswenger Jr., Zona, Buelah and Huthie.

T. P. Andersons Note 49th Anniversary of Their Marriage Sunday

Mr. and Mrs. T. P. Anderson of Thief River Falls observed their 49th wedding anniversary on Sunday, April 7. Honoring them on this occasion, members of their family held a reunion at the Anderson home where a two o'clock dinner was served to 25.

Mr. and Mrs. Anderson are pioneer residents of Roseau county. Mr. Anderson came there from the southern part of the state in 1896 to homestead near Badger. There he met Kittie Estelle York. She was the daughter of Mr. and Mrs. Willard B. York, the first white family to settle in the Warroad vicinity. They were married at Badger April 7, 1897, the first couple to be married there. They continued to live at Badger while Mr. Anderson was employed with the Sjoberg Brothers and in 1906, in partnership with P. O. Frykland, Mr. Anderson went into the mercantile business for himself.

After spending one year at Oklee, the family came to Thief River Falls in 1912 where they have since resided. Mr. Anderson was manager of the Thief River Cooperative Store for two years before being elected county auditor in 1914. He served in this office until 1929 when he resigned to accept the appointment as postmaster here.

Nine children were born to Mr. and Mrs. Anderson, six of whom are living. They are Mrs. Shirley Aines, Detroit Lakes; Mrs. H. C. Falk, Tacoma, Washington; Leigh A. and Forrest T. Anderson; Mrs. Arthur Silvis and Mrs. A. W. Slitz of Grand Rapids. The three sons who have passed away were Glen C., Floyd T. and an infant. There are 15 grandchildren and one great-grandson.

Attending the reunion were Mrs. Glen C. Anderson and three children, Glen, Thornton and Virginia; Mr. and Mrs. Robert Bredeson and son Robert; and Lloyd Aines of Thief River Falls; Mrs. Aines; Mr. and Mrs. Leigh A. Anderson and three children, Katherine, Robert and Sonja; Mr. and Mrs. Arthur Silvis and three children, John, Janet and Thomas; Mr. and Mrs. Forrest T. Anderson and Mr. and Mrs. A. W. Slitz.

Ed Vasstrand Feted On Birthday Sunday

Daughter of Local Couple United in Marriage in Alabama

Word has been received of the marriage of Mildred Christina Olson, daughter of Mr. and Mrs. Arthur E. Olson of this city, and Roy Owen Callahan, son of Mr. and Mrs. R. M. Callahan of Birmingham, Ala. The ceremony took place at 8:00 p. m. March 29, in the chapel of the First Methodist church at Birmingham, with the Rev. Raleigh Greene officiating, with the groom's parents and a few close friends present.

Attendants were Miss Alice Craven, a friend of the bride in Birmingham and Luther Callahan, brother of the groom.

The bride wore a light blue gabardine suit with white blouse and navy blue accessories and a double gardenia corsage. Her jewelry consisted of Eisenberg earrings, a gift from the groom, and for "something old" an antique diamond and pearl bracelet brought from Germany by the groom's cousin in the Army Nurse Corp. The bridesmaid wore a navy blue crepe gabardine dressmaker suit and navy blue accessories, with a single gardenia, and Eisenberg earrings, a gift from the bride.

After the ceremony the wedding party was honored at a dinner party given by the groom's brother. Later in the evening the couple left on a trip to New Orleans.

The bride was a graduate of Lincoln high school in 1933, and from Calhoun Secretarial school in Minneapolis in 1934. Subsequently she was employed in Minneapolis and later as a secretary in federal civil service in Washington, D. C. and Portland, Oregon. In September 1942 she enrolled in the U. S. cadet nurse corps in training at the University of Minnesota.

The groom is a native of Birmingham where he resumed employment with the Southern Railroad after his discharge from the army in Sept. 1945. He was in the 104th Timberwolf Division, in France, Holland, Belgium and Germany.

Mr. and Mrs. Callahan plan to live in Birmingham after Mrs. Callahan completes her nurse's training in September.

GIRL SCOUT NOTES

Girl Scout and Boy Scout Camps supply simple out-of-door living and help to build health of mind and of body. Well conducted camps are girl and boy scout democracies where the techniques of living and working together constructively may be practised twenty-four hours a day. Camps have helped both boys and girls develop into good citizens in accordance with the Scout code of service and fellowship. Camping has a serious purpose. It also happens to be good fun for those lucky enough to get out under the canvas with their friends. As citizens you can be of service also to these happy young citizens, if you have any single cot mattresses or kitchen equipment such as frying pans, large kettles, dish pans, etc. which you could loan for camp use at Bemidji. Mrs. Alfred Skarstad, Telephone 344 will be happy to have you call her about these items.

The Junior Camp Committee met Monday, April 8, with Mrs. Tom Peck, Camp Chairman for the purpose of discussing plans for the Girl Scout Camp to be held at Bemidji this summer. The following girls served as representatives for their respective troops; Alice Lind, Phyllis Engelstad, Meslynn Berge, Eloise Benson, Marilyn Olson, Mariys Tom, Nancy Magnuson, Dorothy Stalnke. Each committee member will voice the opinions of her troop as to the camp management.

The Leaders meeting will be Monday, April 29, instead of Monday, April 22, a previously planned.

News of R. R. Valley Home for the Aged

We were glad to have so many outsiders in for the Norwegian services by Evangelist Erickson on Saturday and Rev. Ronholm on Sunday afternoon.

G. I. Brownlie of St. Paul, visited a few days with his father D. G. Brownlie, while attending to business matters in this vicinity, returning to St. Paul on Sunday evening.

Frank Brodin accompanied his son A. V. Brodin to Minneapolis Wednesday morning, where they will stay a few days visiting and attending to business.

The Home entertained the mothers and daughters of the Baptist Church at a banquet on Thursday evening. Forty-seven plates were served and the ladies enjoyed a very pleasant evening in conversation and a program, in which Mrs. Solverud Knutson was the special speaker.

Mrs. Knutson who spent several days with us, while speaking at the Baptist Church, last week left on Friday evening to visit relatives at St. Hilaire.

We are sorry to hear of Rev. L. W. Lindbeck's illness, and we wish for him a speedy recovery. We understand he is a patient at a local hospital.

The Rev. Free Church, with Rev. J. O. Jacobson as pastor, will hold their weekly prayer meeting here at the Home this coming Thursday evening, April 11th.

We had a lovely time on Tuesday afternoon when the Ladies Aid of the Mission Covenant Church of St. Hilaire, in charge of Mrs. Edwin Anderson, held a special service at the Home, after which they served a delicious lunch to all who were present.

The ladies also had a pantry shower on us giving us much canned goods and food, for which we are indeed very thankful.

Wilfred Langrean has been finishing up some carpenter work here at the Home, and Mr. and Mrs. Severt Holm spent a day here papering, so the new rooms on first floor, will be completed very soon.

Emil Koglin did a very good job of hauling away our accumulation of ashes and rubbish for the winter months, we were waiting for warm weather, so we can start gardening.

Our gardener Joseph Benoit, who has suffered with a severe case of lumbago, has improved quite a bit, and was able to be out and look over garden prospects for the summer. We are indeed glad to have him here.

We have received a very liberal gift from the Baptist Missionary Circle, and also from the Covenant Ladies Aid from St. Hilaire, and a gift from Mrs. Jennie Anderson also of St. Hilaire for which we are very thankful.

We were glad to welcome Peter Gulbranson back from the hospital on Tuesday evening, and we hope he will continue to improve. We understand Mr. Moe who has also been at the hospital for some time, will be taken to the home of his son in the country, as soon as he can be moved.

We are enjoying good reading matter loaned by Mrs. Peter Carlson, and Mrs. Martin Aas and Mrs. Jenny Anderson. Thanks so much.

Dried Wood

Lumbermen realize what happens when green wood dries. There is considerable tangential shrinkage or shrinkage across the face of a flat-sawn board, a moderate amount of radial shrinkage or shrinkage across the rings of the tree, and practically no longitudinal shrinkage except when compression wood is encountered. When a piece of wood dries, the outside, drying first, shrinks and, since the co. is still wet and swollen, tension stresses are set up. If these stresses exceed the fiber strength of the wood, rupture results and the wood checks and splits. The more severe the drying conditions, the more readily will a given species or dimension of wood develop these seasoning defects. Lumber checks and splits on drying because of tension stresses that develop from uneven shrinkage. The effect of this unequal shrinkage is most pronounced in boxed-heart sections such as logs, because stresses occur on all sides.

Conservation Essays Are Now Being Judged

Three hundred and eighty-two essays, judged best by teacher-faculties of 101 Minnesota high schools, are now in the hands of ten district presidents of the Federated Women's clubs for the selection of twenty grandprize winners in the state-wide "Our Wildlife Heritage" conservation essays contest.

An estimated 6,000 high school students in 101 schools took part in the contest, sponsored jointly by the Minnesota Department of Conservation and the Minnesota Federation of Women's clubs. The contest opened last November 1 and closed April 1.

Each school selected two essays, one written by a girl and one by a boy, for entry in the district judging. In the ninth district 26 schools participated in the contest.

M-Sgt. Cyril Havel Awarded Bronze Star Medal for War Service

Mrs. John E. Havel has recently received word that her son Cyril was awarded the bronze star medal on November 12 for meritorious service in connection with military operations from Dec. 15, 1944 to March 31, 1945, while serving as car distributor with the 743rd railway operating battalion in Antwerp, Belgium.

The citation, which accompanied the award, reads in part as follows: "Master Sergeant Havel exhibited superior efficiency and outstanding interest in the performance of his duties. Through his exceptional work the military cargo unloaded in the port of Antwerp was moved without delay to their strategic destinations. By the leadership and resourcefulness which characterized his accomplishments, he greatly expedited the flow of supplies to the advancing armies."

The award was not made personally overseas because at that time Mr. Havel was moving about considerably in preparation for returning to the United States. He received his discharge at Camp McCoy, Wisc., Jan 7, 1946.

Vary Depth of Planting According to Seed Size

In planting, a good rule to follow is to vary the depth of planting in accordance with the size of the seed.

A good practice is to plant at a depth of four to five times the diameter of the seed. This means very shallow planting for the small seeds and stresses the importance of having a well-prepared, fine seed bed. Before planting, work the soil with a rake until it is fine, smooth and free of clods and trash.

When planting, space the seeds evenly in the row and be careful not to overplant. When plants are overcrowded the quality and yield will be poor. The next step is to cover the seeds quickly with fine soil to conserve moisture. After the seeds are carefully covered, firm the soil with a rake or hoe, being careful not to pack it.

Placing a light covering of peat moss, leaf mold or similar fine, moisture-holding material in a band three or four inches wide over the row will help prevent heavy soils from crusting. Such a covering is especially helpful for weak growing seeds such as carrots and parsnips.

CROP INSURANCE DEADLINE IS NEAR

Agents Are Listed for East Marshall County

The deadline for applying for government crop insurance on wheat and Flax is April 15, stated Andrew E. Strandquist, Marshall county committeman in charge; and producers interested should contact their local agent or call at the county office before the closing date.

Due to the condition of the roads it will be impossible for the agents to canvass the entire county as they would like to be done; so some responsibility will have to be carried by the producers in making every effort to contact the agent in his territory or call at the county office when convenient, said Mr. Strandquist.

The salesmen appointed and their respective territories are as follows:

Emil Amberson, New Solum, Viking; Vinave Berggren, Lincoln, East Park, part of West Valley; part of New Maine; Norman W. Hagen, Wright, Foldahl; Otto Hohle, Eckvoll, Valley, Espelie; Arthur W. Johnson, Thief Lake, Moose River, Linsell, Rollis, Veldt; Oscar A. Rokke, Marsh Grove, Newfolden, part of west Valley, part of New Maine; Irvin J. Russell, Holt, Excel, Agder, East Valley; Elmer M. Thompson, Huntly, Como, Spruce Valley, Cedar, Whiteford; Roy Wiseth, Grand Plain, Moylan.

Frequent Cleaning Spares Washable Leather Gloves

Some leather gloves are washable, including pigskins in light and natural color, capes, chamois, doeskin — except in deep dyes — white buckskin, goatskin and calfskin. Frequent laundering is advisable because extreme soil makes rubbing necessary and rubbing may injure the finish or roughen the surface. However, don't attempt to wash a pair of leather gloves unless they are stamped "washable" on the label or inside the glove or are sold as washable.

Gloves which have been dry cleaned should never be washed because the color may have been replaced by brushing on—this comes off easily. "Hand in glove" is the easiest way to launder most washable leather gloves. Exceptions to this rule are the chamois and doeskins, which should be washed off the hands, since they soften when wet and may stretch or tear.

Wash the gloves in mild, lukewarm suds, squeezing and pressing but not rubbing or brushing. Wash both inside and outside, then turn right side out and rinse in lukewarm water until water is free from soap. Running water from the faucet into the glove helps to straighten the fingers. Some manufacturers advise a light, soapy last rinse for chamois, doeskin and pigskins. Others recommend a little glycerin in the last rinse to soften and restore gloss to pigskin.

Penicillin Important in Treating Gas Gangrene

Penicillin has become an important agent in the treatment of gas gangrene — one of the bacterial horrors of war—according to a study reported in the Journal of the American Medical Association.

Gas gangrene is a local wound infection caused by bacteria which attack only injured tissues, form spores and secrete powerful toxins. The authors state that "the disease develops so soon after wounding and runs so swift a course that delays and difficulties of treatment in the field are not the principal reason for its high incidence and mortality."

The army doctors emphasize that early surgical removal of the damaged tissue "is the one single measure of vital importance in the prevention as well as the treatment of gas gangrene."

Surgery alone, however, is not completely effective in treating the infection. Penicillin in large doses has helped to reduce both mortality and extent of the disease. Gas gangrene antitoxin also plays an important role, for while penicillin may definitely stop the growth of the organisms, the neutralizing effect of the antitoxin is essential for the cure of the disease.

Adds Warmth

Old-fashioned bread pudding adds warmth to dinner meals. Use leftover bread and add raisins with a generous hand. Serve hot or cold with coffee cream or warm top milk.

GOV. THYE OPENS SENATE CAMPAIGN

Says He Wants to Help Shape Farm Policies

Helping to shape national programs to benefit Minnesota's farmers will be one of the aims of Governor Edward J. Thye if elected U. S. senator, he told an audience gathered this week in Owatonna to formally launch his campaign.

"Knowing how much Minnesota depends upon the welfare of our farmers," Thye said, "all of us must recognize how important it is in this period of uncertainty and change to have men representing us in government who have had experience in agriculture. New programs must be developed to meet new conditions.

"These programs naturally are going to be framed to a considerable degree in Washington. All during my administration as Governor, as I tried to relieve one or another difficulty besetting Minnesota farmers, I have had to go to Washington and plead for help and so have been impressed with how largely these policies affecting our farmers are shaped in Washington. I want to do what I can, working at the center where farm policies are formulated, to help shape the new programs that will be needed.

Times want ads bring results.

Table Knife

A mutinous sailor with a sharp dagger very nearly ended the life of Christopher Columbus. After hanging the sailor as a lesson, the admiral ordered the ship's smithy to snap off the point of every knife aboard. This act has been perpetuated in both the blunt-end knives permitted the seamen since that day and also in the modern table knife.

Real estate is changing hands so rapidly these days that it could be classified as a liquid asset.

Local folks who haven't made a cleanup in the stock market will have a chance to do it in their back yards.

The slogan of the state division of forestry is "Keep Minnesota Green". That should be no particular problem, considering the plentiful supply of paper money floating around.

The chief lesson to be learned from the Pearl Harbor fiasco, we are advised, is that it doesn't pay to sleep late Sunday morning.

Butter produced in February, we read, was 47 percent below the previous five year average. No wonder *the stuff is hard to get in some* parts of the country.

If local railroaders look especially cheerful these days, it may be due to the fact that their pay envelopes are being sweetened again.

Flax isn't an easy crop to produce, but with a guaranteed price of $3.60 per bushel, a lot of farmers no doubt will feel like taking a chance.

We qoute this thought from our Wahpeton, N. D., colleague. The reason why some young people get on the wrong track is because some parents go to sleep at the switch.

It's hard to sympathize with folks vacationing in the southern resorts who complain of being gouged there.

Incongruously enough, April 27-May 4, says the Detroit Lakes Tribune, has been designated as Baby Week and Noise Abatement Week.

It's about time to start digging, not only in the garden, but for Easter outfits as well.

Random thought—Wonder where the expression "piping hot" originated.

Admitting that a pedestrian has rights, the Mahnomen Pioneer opines that too often it is spelled "rites".

The average age of U. S. citizens was once 16 years, in 1930 was 26½ years, is now 29 years.

Looking Backward

1916—THIRTY YEARS AGO

A committee including Dr. G. A. Penny, C. L. Hansen and others was selected to organize a high-powered baseball club in this city.—Daniel Shaw was elected president of the Jefferson Highway association at its organization session in Bemidji.—Olaf Ramstad returned from Benson, where he purchased several carloads of horses.—Mrs. W. H. BonDurant returned from a visit at the home of her parents in New Richland, Wisc.

1926—TWENTY YEARS AGO

Harold C. Hand of Lakota, N. D., was named Lincoln high school principal; succeeding Supt.-elect Morris Bye.—Albert S Lieberman, local clothier for 23 years, died in Los Angeles, Calif.—Twenty golfers were playing on the local course Sunday, April 11.—Ward Matheweson returned from a visit with friends in Chicago.—Mrs. R. Arnold and daughter Lillian left for an extended visit in Greeley, Colorado.

1936—TEN YEARS AGO

Theodore Quale was renamed Pennington county Republican chairman. Arthur Nelson and Victor Jung were chosen respectively as valedictorian and salutatorian of the Lincoln high school graduating class of 1936.—Fred F. Protz was installed as exalted ruler of the local Elks lodge, succeeding J. E. Bloomquist.—Following a blizzard, the mercury dropped April 7 to the 12 below zero mark.

In last week's Long Prairie Leader is a story of one Todd County township that will vote on a proposed $50,000 bond issue for road purposes. Township officials, probably weary of hearing demands for improvements and without the means for making these improvements, are letting the voters decide what the road building program shall be. What the results of the election will be is not important from where we sit. The election is important however, in that the spotlights the need for better roads in the rural areas, a need that is general thruout the state. School buses and milk trucks must travel every day and township roads must be well built and well maintained to make this necessary service possible. There is no question as to the need. The big question is, where is the money to come from. Borrowing probably is not the right answer for the obvious reason that our road building program will never be completed. About the only thing we can do is to spend more money for them as we go along and build the roads better.

Forty building permits were acted upon by the council at a busy session this week, the total cost of the improvements approved being $140,000. More than half of the permits granted are for dwellings, which probably justifies the predictions of those who tell us that at least a hundred new homes will be built in the city this summer. That is they will be built if building materials become available. The city itself faces quite a problem of extending the water and sewer system and making other street improvements that will be required to keep pace with this expansion. It looks like a busy season ahead of us here in town.

If the OPA had in mind holding down the cost of rent to the consumer then the program is successful in Thief River Falls. Local housewives probably have paid less for meat this past week than they have for many years. For several days now the display cases in the markets have been as bare as Mother Hubbard's cupboard. According to reports there is more livestock in the country today than we ordinarily have. If that is true then the present scarcity of meat should eventually be followed by an unprecedented abundance. If we now have orderly marketing under government controls then let's have a little more disorder.

Truman officials seem to be having difficulty in deciding whether or not they are getting along with their Russian neighbors. Day by day we get conflicting statements from these officials, but their mean maximum temperatures seem to be subsiding and there is reason to hope that all will yet be well. Here at home our officials have our making faces at the government of Argentina and it appears that for the time being all we have to worry about is next winter's supply of coal.

Speaking of next winter's coal, if the present strike continues for any length of time we may be in a more serious position next winter than we were this past—and the dealers were scraping the bottoms of their bins several times during February and March. If it were generally known how close we were last winter to being without coal it wouldn't require much pleading to get the householders to fill their bins whenever they can be filled during the summer months.

Memorial Day

May 30 should be known as "Memorial day" and not "Decoration day." This was the name given by the Grand Army of the Republic in 1812. "Confederate Memorial Day" is the designation given to May 30 by Virginia and the same name is used by Louisiana and Tennessee for June 3; Alabama, Florida, Georgia and Mississippi for April 26; and North Carolina with South Carolina for May 10.

Severely Tailored Suit Fabric Must Hold Press

For a severely tailored suit or dress, the fabric should be firm and smooth surfaced and it must hold a press and resist wrinkling. Since seams and finishing details are extremely important in this type of garment, be sure the fabric will work out in these details. This type also needs perfection in cut and workmanship. Suitable fabrics would be twills, tweeds, broadcloths, sharkskins and heavy linens.

The soft tailored types, such as found in a dressmaker suit, depend less on perfection in fit than on individuality and soft graceful effects. Such a fabric is found in soft woolens, heavier crepe textures, shantungs, ginghams of good quality or fabrics that fall in soft lines and look well on flat surfaces.

A design which requires draping technique, cut on the straight of the material, needs a fabric which will hang in natural, vertical folds. Soft crepes, crepe romaine, jersey, handkerchief linen and cotton chambrays have these characteristics.

Bias draped effects require fabrics with good body such as one finds in satin-backed crepes or crepes comparable in weight and body, soft faille, velvets and jerseys. Those with a light body cling to the figure too closely, revealing unbecoming lines. Those with a heavier body will fall in rich deep folds and produce lovely, graceful effects.

Valuable Ivory

Ivory of the greatest value is found in the tusks of the hippopotamus. It is worth about three times that of the ivory procured from the elephant.

BE A WARD RETAILER.—Own your own business. Be your own boss, practically no "top" to earnings for ambitiousmen. Line includes DDT products, minerals, over 100 farm-home necessities, all guaranteed highest quality. No experience necessary. We teach you how. Use either our capital or your own for stock of goods. Write for full details and description of territory open near you. No obligation. The Ward Company, Winona, Minn. Dept. N. Established 1856. 16p

Situation Wanted

WANTED—Work on farm with a "U" McCormick Deering tractor, with rubber. Write or see, John Anderson, 301 Merriam Ave. So. 15p

Wall Insulation

Wall insulation saves fuel and keeps the wall warmer. This is important because your body loses less heat to a warm surface than to a cold one. In a room with a temperature of 70°, an uninsulated wall may be as cold as 50°, while an insulated wall would be approximately 65°. If you stand or sit next to a cold wall you will feel cold, even if the air temperature in the room is 70° or 72°.

TRACTOR OWNERS!

IF you want traction . . . here's your tire!

The long-wearing B. F. Goodrich Silvertown *bites into the soil, grips without slipping,* and gives you positive self-cleaning. That's because of the Silvertown's extra-high cleats, heavy shoulders, and open-center design.

See your farm neighbors' Silvertowns *in action*—see how well these tires *work*. Then come in for *your* Silvertowns—tires that give you what you want most in a tractor tire . . . *traction.*

TOGGERY QUINTET PLACES THIRD IN ROSEAU TOURNEY

Roseau Whips Warrond Team in Final Game to Win Championship

The Bjorkman's Toggery team, representing Thief River Falls, earned third place in the Northwest Independent basketball tournament that was played at Roseau on Thursday, Friday, and Saturday. After defeating Argyle, 53 to 10, in a first game Thursday night, the locals were eliminated in the semi-finals, losing to Roseau, 45 to 41, Friday night. In the consolations Saturday night, the Toggery scored a 54 to 34 win over Badger. Roseau won the championship by trouncing a favored Warroad team, 53 to 36, in the finals.

Don Nelson, with ten field goals and a free throw, paced the locals to their first round winn over Argyle Thursday night. The Toggery, after a slow first period, which found the locals holding an 8 to 6 lead, moved ahead to a 19 to 14 margin at the half. But in the third and fourth period the Toggery "exploded" into their fast break, driving through the Argyle defense for numerous close in shots. The victory, though, was costly on for the Bjorkman's squad, for in the final minutes of the game "Red" Eide, who had turned in a fine game at guard, sprained his ankle and was forced out of the game and the tournament.

Friday night's contest against Roseau was the tournament's best and but for a "slow" first half, in which Roseau was able to pile up a 20 to 11 lead, the locals would have won the game and entered the finals. Roseau, with Luther Hegland, Ray Henson, and Gerry Haukebo of this year's Roseau high school team in the lineup, popped in field goals over the Toggery's zone defense in the first half to gain a 9-point lead at the intermission.

In the second half the locals switched their defensive tactics, employing a man-to-man defense. *The Toggery began to erase that* first half lead of the Roseau team, and but for a streak of red-hot free throw shooting, in which Roseau tallied nine straight points, the locals would have moved into the lead, for in the final minute of play the score read, Roseau 43, Thief River Falls 41. Luther Hegland, the game's high scoref, intercepted a pass in the final seconds to score a field goal, giving Roseau their 45 to 41 win.

POPPLERS LEAD IN BUSINESS LEAGUE

Get High Team Average in Past Season's Play

The season's figures, compiled by league secretary Fred Protz, reveal that the Poppler's Furniture, last year's winners and fourth place finishers this year, posted the high team average in the Business Bowling League, having an 865 pin average. The Poppler's also recorded the high team single game, having a 988 score. The Pharmacy team had the high three game pin total with a 2702.

Bill Dahlquist, a member of the Pharmacy team, had the high single game score, chalking up a 254; while Johnny Jaranson, anchor on the championship Hartz Office team, had the individual three game mark, a 694.

In the contest for the individual high average, Wally DuChamp, with a 582 total in the final three games of the schedule, edged out Johnny Jaranson by one pin, 188 to 187, to win the league trophy. Following Jaranson's 187, was Ed Carlson and Jess DuChamp, with a 179's; and Frank Kobliska and John Langseth had 178 pins averages.

Plenty of Hockey Interest

If the enthusiasm generated at the meeting held in the Evelyn Hotel Sunday afternoon is any indication, there is plenty of hockey interest in this territory. Representatives from Warrond, Williams, Roosevelt, Roseau, Hallock, Crookston, and Thief River Falls were in attendance at the meeting and they all had ideas and proposals for the furtherance of hockey.

At a re-activation of the old States-Dominion hockey league, Eddie Holland was elected president; Clarence Schmidt of Williams was elected vice president; and Laurel Bennett of Roseau was named secretary-treasurer. As comprised at present the league membership would consist of Thief River Falls, Crookston, Hallock, Roseau, and Warroad-Williams, with the possibility that Grafton would also join the league.

With Emerson, Manitoba, no longer a member of the league, it was voted that the name of the circuit should be changed from States-Dominion to Northwest Amateur Hockey League. I think they made a mistake when they discarded that States-Dominion name. That name, while is attractive and which has a colorful history, could still be used even though Emerson no longer was to the league. The year preceding the war the league was in operation under the States-Dominion banner and Emerson did not have an entry in the league. And the time may again arise when Emerson, and they already provided fast and clever hockey teams, will again wish to play league hockey with us.

Bona Fide Amateur Loop

The league will be a bona-fide amateur circuit, with all the clubs being manned by local talent. Warroad and Williams will combine their players into one team, with the games being played at Warroad. The Warroad fans are endeavoring to complete arrangements for the construction of indoor rink, but Cal Marvin stated that they were having difficulty in obtaining building material.

At a local hockey club meeting held preceding the league meeting, Alex Cloutier, president, Ole Ekeren, vice president, Russ Embury, secretary, Joe Maruska, treasurer and Bill LaFave, manager, were re-elected for another season.

Incidentally, the Prowlers will be needing another hockey coach, for Bernie Broderick, who assisted Connie Stanbridge during the latter part of the year, and who was expected to take charge next year, has resigned his position with the local faculty.

Vets to Sponsor a Ball Team

The local post of the V. F. W., at a meeting held last week, voted to sponsor a ball team this year, and they have already placed their order for new suits. With the Vets behind the program, we shoould see some pretty fine baseball this summer.

There has been some conversation about a new ball field, and that's one thing that the city needs. The Vets have proposed that a new ball park would be a fine memorial. The project is worth investigating.

They Did Well

The Bjorkman's Toggery team, winning third place in the independent basketball tourney at Roseau last week, turned in a creditable performance; and if Red Eide hadn't turned an ankle in the Argyle game and been forced out of the lineup, the locals would probably have gone on to win the championship. As it was they were barely edged out by Roseau, 45 to 41, in the semi-finals.

Don "Cyclone" Nelson proved to be one of the stars of the tourney. Don scored 21 points in the Toggery's win over Argyle; picked up 13 points in the tussle against Roseau and came up with 17 points in the consolation game against Badger.

Beaver Value

According to the New York state conservation department, the beaver in only 10 of the Empire state counties represents a capital asset of $3,250,000.

Flouring Meat

When the recipe calls for flouring chickens, chops or other meat before cooking, try this. Put flour, salt and pepper in a paper bag, drop in the meat pieces and shake thoroughly. The seasoned flour may be used more than once.

Ernest Kidder to Serve 90 Days in Polk County Jail on Assault Charge

After having been found guilty of a charge of third degree assault by a petit jury in Pennington county district court last week, Ernest Kidder of Sanders township was sentenced Monday by Judge Oscar R. Knutson to serve ninety days in the Polk county jail at Crookston. In the only other case heard last week, the jury returned a verdict Thursday evening in favor of the defendant in the action of Underwriters at Lloyds in Minneapolis vs. C. E. Snyder.

District Appraiser for State Lands, Minerals Division Locates Here

Elmer A. Anderson, district appraiser for the division of lands and minerals of state department of conservation, last week established his office in quarters on the second floor of the Northern State bank building. Formerly located at Bemidji, Mr. Anderson's duties will include the appraising, leasing and sale of state trust fund lands in 14 counties in Northwestern Minnesota. He has been with the conservation department the past 14 years.

Busy Bees

A good colony of bees gathers about 65 pounds of pollen every year, says department of agriculture scientists. And to gather one pound of pollen, bees from just one hive visit over eight million flowers. That makes 520 million flowers visited by bees from a normal beehive every year. Entomologists say that the honeybee is responsible for 80 per cent of all pollination, but that to take care of the pollination requirement of our enormous acreage of fruit and seed crops, more bees are needed, particulary to increase legume seed production.

STATE TAX UNIT SEEKS BALANCED FEDERAL BUDGET

Taxpayers Association Asks Curtailment of Government Expenses

Minnesota's representatives in congress and the U. S. senate were called on by the Minnesota Taxpayers association at a meeting this week to help keep federal government expenses within tax revenues in an effort to balance the federal budget for the year beginning July 1, 1946.

Delegates of the association representing various counties of the state adopted a program requiring a balanced budget, when they met in the state taxpayer offices in St. Paul.

The 1947 federal budget, now under consideration, calls for expenditures of $35.1 billion, and estimated revenues of $31.5, with an estimated deficit of $3.6 billion. The association pointed out that nearly $11.3 billion of the proposed total is debatable spending may be challenged by any citizen. Congress can bring the budget down by many billions of government spending is brought to a more normal figure.

James P. McDonnell of Buffalo, association president, told the group the federal government has been beyond its income for 15 straight years.

"One emergency has followed another," he said, "but today we have a highly inflated economy, and if we are not determined to balance the budget now, we cannot expect a more favorable time in the forseeable future."

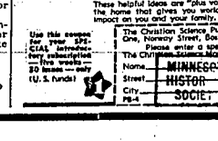
38 LOST LIVES IN TRAFFIC IN MARCH

State Total Is Highest for the Past Four Years

Thirty-eight deaths due to motor vehicle traffic accidents in March have been reported to the Minnesota highway department. This is 15 more than in March, 1945 and the heaviest toll in any month of March since 1942. Early spring weather, which encouraged travel, was a factor.

Deaths for the first quarter of 1946 now total 91. High record for these months was 143 in 1934 and low record was 45 in 1943.

Sixteen of the March victims were pedestrians. Four of them were children under ten, and 12 were adults from 50 to 82 years of age. Pedestrians apparently were at fault in some cases, drivers in others, but reports indicate that many of the accidents might have been prevented if either the driver or the pedestrian had exercised greater caution.



Pedestrian errors included walking or running out from between parked cars, walking in center or right side of road, crossing between intersections, stepping into the path of oncoming cars without looking or running into rear wheels of large trucks or trailers. One victim was changing a tire. Hit-run drivers were involved in two of the accidents.

Eleven persons were killed in collisions of motor vehicles and seven in cars that ran off the road and overturned or struck fixed objects.

COUNTY BOARD PROCEEDINGS

April 2, 1946

Pursuant to adjournment the Board of County Commissioners met at the office of the County Auditor at 10:00 A. M. April 2, 1946.

Members present: Hyland, Maher, Ray, and Mixdorf. Member absent: Marsh; at University Hospital.

Minutes of the meeting of March 6, 1946 were read and approved (as read.

Commissioner Maher offered the following resolution and moved it's adoption:

Whereas, the Red River bridge over the Red Lake River in the city of Thief River Falls, Pennington County, Minnesota, is in such poor condition and has been condemned for traffic, and,

Whereas: said bridge is situate on Pennington County State Aid Road No. 2, and,

Whereas; the County of Pennington, in cooperation with the city of Thief River Falls, the Bureau of Public Roads and the Minnesota State Highway Department have caused a survey, plans and specifications to be made for the construction of a new bridge and approaches, and,

Whereas; the entire cost estimated for the cost of reconstruction said bridge is the sum of $100,000.00 with an additional sum of $12,000.00 for the approach, and,

Whereas; the condition of the Pennington County Road and Bridge Fund is such as to make it impossible for the County to meet it's proper finance share in the construction of said bridge and approach.

Now Therefore Be It Resolved: By the Board of County Commissioners of the County of Pennington, State of Minnesota, that we may apply to request the Commissioner of Highways for the cost of reconstruction of said bridge for a special grant per the County of Pennington in the construction of said bridge and approach.

Be-it Further Resolved that the County Auditor be hereby instructed and directed to furnish to the Commissioner of Highways same to the State Board of Allotment a certified copy of the resolution of the Board of County Commissioners of Pennington County Road and Bridge Fund and the State Aid Road No. 2 Bridge and Approach Fund, authorizing the County Auditor to make application for a special grant of $10,000.00 for the project.

Seconded by Hyland and carried by unanimous vote of the Board.

Hyland moved, duly seconded by Hyland that Harry V. Schwartz be hired as Asst. County Engineer effective March 1, 1946 at a salary of $375 per month.

Carried.

Petitions were filed and Town Board members and Assessors of the following Townships appeared before the Board requesting grading, gravelling and improvements of roads: Woodville, Sarden, Brandt, Highland, Silverton, Thief River Falls, Hickory. All requests were denied to establish and improve the roads lying east of the road projects per month.

Carried.

At 2:30 P. M. an informal hearing was held, pursuant to published notice, on the petition of Otto T. Nelson et al for the deepening, widening, relocation and improvement of Judicial Ditch No. 1. After all parties were heard it was agreed further action on the petition be held over until 10:00 A. M. County Board meeting, pending the completion of petition certified engineer for the project. The County Attorney advised that the petitioners bond be set at the total sum of $1,000.00 and suggested that a surety bond be filed instead of personal sureties.

Moved by Hyland seconded by Maher that County Board of Pennington County, in accordance with the provisions of Chapter 75, Session Laws of 1945 of the State of Minnesota as a bonding agent, be authorized to furnish said principals and surety being bound unto the State of Minnesota in the matter of a certain petition dated May 7, 1945 for the establishment of Pennington County Ditch No. 1 in Reckeberg and North Township, be and the said bond is hereby determined.

FOWL NOW FURNISHING READY MADE EASTER EGGS

New Ulm—It could be the approach of Easter that eggs her on. Then again it could be that she's green with envy at the huge eggs Minnesota hens have been delivering the past winter. Anyway, Armin Filzen takes a green egg from the nest of one of his ducks every other day, and aside from the unusual color it is a perfectly sound normal egg.

TOAL OF 215,000 SERVICE MEN ARE GIVEN DISCHARGE

Nearly 100,000 Persons from Minnesota Remain in Service April 1

March's 14,394 discharged veterans who have returned to Minnesota bring the total to approximately 215,000, according to Robert Hutchinson, veterans placement representative for the United States employment service in Minnesota. The month's separation dropped rather sharply, from 21,200 in February, 29,500 in January 33,200 in December, and 35,000 in November, the peak.

A study by members of the staff of Col. Joseph E. Nelson, state director of selective service, and Hutchinson indicates that there are between 90,000 and 100,000 Minnesotans left in military service, their estimates being that this number will drop to about 45,000 by July 1. It is expected that about 40,000 Minnesota GIs have reenlisted or will remain in service.

There are at present, Hutchinson estimates, about 59,000 returned veterans who do not have suitable employment. "The job immediately ahead," he said, "is to get these veterans to work, and in this task we solicit the cooperation of Minnesotans generally, particularly service, community and employer groups.

"If employers will report all of their job openings to any USES office, the task confronting the employment service will be greatly simplified."

Sportsmen's Show in Minneapolis to be in Progress Apr. 20-28th

Fisherman, hunters and outdoor enthusiasts of Minnesota await with interest the opening of the 13th annual Sportsmen's show at Minneapolis auditorium, April 20 through 28—scheduled to be the largest exposition of its kind ever produced.

Record breaking attendance is expected to view the new sports equipment, lightweight boats and motors, trailers, sports planes and camping gear. Spotlighted will be opportunities for long-delayed vacations with travel exhibits from all over the country and Canada.

F. W. (Nick) Kahler, originator of the show, has assembled an impressive array of sports personalities and talented performers to be presented both matinee and evening during the big 10-day exposition. All American swimming stars archery champions, logrollers, canoe tilters have been booked as well as Patty Berg, the world's woman champion golfer for a remarkable demonstration never before seen off the fairway.

Many Vacancies Open Throut Minnesota in County Welfare Offices

Casework vacancies exist in many county welfare offices throughout the state. A series of examinations was announced this week from the Division of Social Welfare by M. W. Sirste, supervisor of the Minnesota county welfare merit system.

College seniors who expect to graduate in June 1946 or college students who will have completed two years of work by June 1946 will be admitted upon application to those examinations which require such graduation or training as a prerequisite for appointment. The examination will be held on Saturday, May 18th at fourteen points throughout the state with April 27th as the dead-line for filing applications.

Examinations will be given for the positions of Social worker I and II, Child Welfare I and II, Social Welfare I and II, and Executive Secrtary I, II, and III. Salary schedules range from $120-$270 a month depending upon the position.

Complete information as to qualifications required can be obtained from the office of the U. S. Employment service or from the office of the county welfare board.

Highest Point

The highest point on the Lincoln highway, U. S. 30, between coasts is not at the point where it crosses the continental divide of the Rocky mountains. The former is apparently a local situation. Its greatest altitude, 8,835 feet, in Wyoming on the Sherman hill section of the Laramie range, a subsidiary chain of the Rockies. The elevation is 1,657 feet lower at the continental divide.

Forest Area

The South has 36 per cent of the commercial forest area of the United States. These lands today hold a fourth of the nation's saw timber supply. Forty years ago the South was producing over 40 per cent of the national production of lumber and timber products. It is still producing that proportion; temporarily in wartime a little more.

Game and fish taken under license in Minnesota may be retained in cold storage lockers during closed season if labelled and the director notified; migratory game birds for 90 days after close of season; upland game birds until June 30.

Sports Expenditures

In peace times more than 20,000,000 Americans hunt or fish—or both, according to Nation's Business. A conservative estimate of their individual annual expenditures in the enjoyment of their favorite sports could be set at $100. This includes equipment, travel and odds and ends, the description of which would require the space of a sporting encyclopedia. Summed up, this means that, in peace times, the American sportsmen were spending $2,000,000,000 a year for their favorite sports.

GROWING WITH YOUR CHILD

Institute of Child Welfare, University of Minnesota

Prevention of Children's Fears

Can fears in children be prevented? Adults who are concerned with the best development of children often ask this question. Psychologists who have studied the growth of fears in young children give the following suggestions for preventing fears.

Fears often arise because the child is surprised. If the child is given some forewarning and explanation of what may happen some fears may be forestalled. This is especially true of such events as a visit to the doctor. The child should be told what the doctor may do, that the treatment may hurt, etc. may help the child accept them without undue fearfulness.

Another method is an explanation combined with an example of fearlessness, or a partial introductory experience. The child may go to the dentist for the first time with his mother who has her teeth examined. If he has a ride in the dentist's chair and looks at his instruments he is less apt to be afraid when he needs to visit the dentist. In one family the parents went to the window to watch an approving thunderstorm, called attention to the lightning flashes and thunderclaps and tried to explain the phenomena when the child asked about it. An example of fearlessness on the part of adults is of inestimable value in preventing fear reactions in children.

Often a casual attitude, without any explanation, is sufficient. The adult who can inhibit signs of fear on his own account or where he is fearful for the child's safety, and can permit his child to "take a chance" in climbing, running, coasting, playing with a pet or joining in rough and tumble games with his playmates will aid his child in developing a fearless attitude.

Promotion of skills, and development of ability in handling a situation easily will do much to lessen fear responses. The child who what to do need not be afraid. Habituation to many people and objects and events which might cause fear may prevent the development of fears in many children.

It is impossible to anticipate all the situations which may arouse fear. Hence it is impossible to know exactly what methods will prevent fears in any given child. If the child has had examples of fearlessness, has heard calm and unemotional discussion of situations which might arouse fear, and has been encouraged to learn skills which will enable him to respond adequately, he is more likely to grow into a swell individual than the child whose emotional life has not been so safeguarded.

Conserves Moisture

Agricultural investigations in the prairie provinces of Canada indicate that average summerfallow conserves about 3 inches of moisture.

Appetite Appeal

Stews may be given new appetite appeal by serving in pies, in filling for hot biscuits or with macaroni and spaghetti.

Campaign Against Bovine T. B. Pays Rich Dividends

In three livestock market centers of the east, which 20 years ago received large numbers of cattle seriously affected with tuberculosis, cases of this disease are now rare. Of 420,230 cattle slaughtered in those centers during the year ended June 30, 1945 only 59 head — or about 1 in 7,300 — were condemned for food because of tuberculosis by inspectors of the federal meat inspection service.

In 1925 at the same market centers, and under the same inspection, condemnations ran into the thousands and the proportion was about 1 in every 80 animals slaughtered. The cities are Boston, Mass., Buffalo, N. Y., and New York City.

Officials of the bureau of Animal Industry attribute most of this saving in cattle and beef to the systematic campaign against bovine tuberculosis. For livestock owners, city residents, and others who co-operated, the campaign of eradication is "paying off" in greater conservation of beef as well as in an increase in milk production per cow and in greater wholesomeness of products from healthy animals.

Quahog Center

Maquoit bay in Maine has produced thousands of bushels of quahogs in the past, but it is only in recent years that the shellfish has become so abundant that the digging is fast approaching the proportions of a major industry in that area. The industry is unique because for some reason unknown at present, Maquoit bay is the only spot on the Maine coast where these shellfish thrive in such great numbers—in such great numbers that the rawest greenhorn can go on the flats and scoop the quahogs from the mud by the handful. The shellfish grow a few inches below the surface of the flat and can be dug with the fingers in most spots. From late March until November people can be seen working on the flats wherever the tide serves best. Whole families from grandmom to granddaughter are on the job as soon as the tide has dropped to a point where they can wade from their boats to shallow digging water. Then for about an hour and a half or two hours, depending on the run of the tide, the digging is fast and furious.

Times want ads bring results.

VIKING

Funeral for former boy of this community.

Arthur Wally Shern, the husband of Frances Wallen and son of Mr. and Mrs. Oscar Shern, was born January 12, 1918 at Marshgrove where he also received his elementary education. He was baptized in the Lutheran faith by Rev. Ronholm of Newfolden. Though his latter years were spent in Calif. he returned nearly every year to visit his folks and friends of his home community. He was liked by everyone and thus acquired to himself a host of friends both in Calif. and in his home community.

His death was caused by accidental drowning in the state of California, March 31, 1946.

He leaves to mourn his passing his wife (Mrs. Frances Shern), his parents, Mr. and Mrs. Oscar Shern, two brothers, Harry Shern of Newfolden, Gordon Shern of St. Cloud and six sisters, Grace (Mrs. Morton Steiner) Olive (Mrs. Walter Kirchuff) both of California, Minerva, Mel, Phyllis, and Turnell. One sister, Merine, preceded him in death.

Services were held in Oakland, Calif. and at the Zion Lutheran church of Viking.

The service in Viking was conducted by Rev. C. T. Thompson. Rev. Ronholm of Thief River Falls also spoke.

Vocal selections, "God Understands" and "Beyond the Sunset" were rendered by a trio from Newfolden, Mr. and Mrs. Kenneth Swenson and Lester Elseth.

Mr. and Mrs. Oscar Gustafson and boys were visitors at Vega, Sunday evening. Mrs. Gustafson and son David took part in the Immanuel-Lutheran-church-of-Vega.

F. U. Local will meet at the Hall, Friday evening, April 12th. All members are urged to come.

Miss Marjorie Tornell who has spent some time with relatives at Dassel and Minneapolis returned home Wednesday.

Harry Dau of Tomo, Wisc. is visiting with his parents, Mr. and Mrs. Henry Dau.

Mr. and Mrs. Oscar Gustafson, Ed Sorenson and Gust Sustad attended a F. U. rally at Big Woods, Saturday afternoon. Mrs. Gustafson took part in a racial discussion. Gust Sustad gave a short talk on legislation.

Mr. and Mrs. Harold Anderson and son Gary of Thief River Falls visited at the Leonard Larson home on Sunday.

Mrs. William Grundhaus and sons Rodger, Billy, and Leslie of Thief River Falls are visiting at the Alfred Ranum home.

Mrs. Lewis Halverson, Mrs. Emil Shern, Mrs. Morris Halverson, Mrs. Alfred Ranum, and Mrs. William Grundhaus attended a shower for Mrs. Perri Ranum at Thief River Falls.

Mr. and Mrs. Axel Swanson and children visited at the Abe Field home at Stephen on Wednesday.

Mrs. William Anderson, Anna Anderson, Mervin Anderson, and Mrs. Oscar Anderson were business callers at Warren on Wednesday afternoon.

Mrs. Gilbert Archange of Angus is visiting at the Casper Shefveland home.

Mr. Sidney Ranum of Newfolden was a business caller here Friday evening.

Mr. and Mrs. Martin Holmstrom and family of St. Hilaire, Mr. and Mrs. and Mrs. Henry Sustad and LeRoy, Phil Peters celebrated Mrs. Orville Peters and son Maynard's birthday anniversaries at the Orville Peters home Sunday.

Mr. and Mrs. Harveydale Marsaka of Angus visited at the Hans Olson home on Sunday.

Mrs. Henry Stone and daughter Harriet were business callers at Thief River Falls on Tuesday.

'Rice Table'

Rijstafel, (sometimes spelled rijstafel or rystafel) meaning "rice table," became famous as the specialty of the famous Hotel des Indes in Batavia, Netherlands Indies. More than 40 separate items were served by some 20 waiters, including six or seven kinds of meat and fish, bananas, stews, chutney, condiments, nuts, spiced eggs and an enormous mound of rice. Generally a gallon of cold beer accompanied the feast.

INAUGURAL AT 'U' APRIL 25 WILL BE COLORFUL AFFAIR

Many Colleges Will Be Represented at Event on University Campus

Hundreds of colleges, universities and learned societies in this country and some from abroad will be represented by delegates in the colorful academic procession that will be an outstanding feature of the inauguration of Dr. J. L. Morrill as president of the University of Minnesota, Thursday, April 25. Dean Theodore C. Blegen, committee chairman says details are nearing completion.

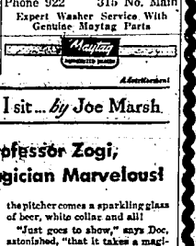
Scores of the delegates will come from the home campuses of the institution they represent, while many other institutions will be represented by graduates who are residents of Minnesota.

The actual ceremony will begin at 10:30 a. m. in the auditorium. Gov. Edward J. Thye will speak for the state; president Edmund Ezra Day of Cornell University for American educational institutions; Fred B. Snyder, chairman of the Board of Regents, will speak and induct Dr. Morrill, who will then deliver his inaugural address. The invocation will be delivered by the Most Rev. John Gregory Murray, archbishop of St. Paul. The Very Rev. Dr. J. A. Aasgaard, president of the Norwegian Lutheran Church of America, will pronounce the benediction.

Educational conferences centering on the topic, "The urgent educational tasks of the university in our time" will be conducted Tuesday afternoon, April 23, and Wednesday morning and afternoon, April 24. Speakers will include outstanding university presidents, scientists and citizens.

Dr. Morrill is the University of Minnesota's eighth president.

Senator Claude Pepper to Speak in Minneapolis



U. S. Senator Claude pepper of Florida will be the main speaker at a dinner of the Independent Voters of Minnesota, the affiliate of the NC-PAC, on Saturday, April 27, in the ballroom of the Radisson Hotel, Minneapolis. The announcement of Pepper's appearance in the Mill city was made by Vernon E. Mikkelson, Minneapolis, who is the chairman of the dinner.

16,700 Students Now Enrolled at U of M

As the spring quarter opened the University of Minnesota last week had [illegible] students enrolled. Among the total were over 5,000 veterans, attending under the G-I Bill of Rights or as rehabilitations students. The veterans numbered more than the entire number of students, men, women, and graduate students who were in attendance the spring quarter last year.

Blind cases in Minnesota reached a peak of 1,025 in 1943, and numbered 947 in June 1945.

From where I sit ... *by* Joe Marsh

Professor Zogi, The Magician Marvelous!

Professor Zogi, the magician, came to our town Saturday and put on a performance for the benefit of the Orphanage.

It was quite a show! Among other things, the professor holds a pitcher in his hands, and asks folks what they'd have to drink. Ma Hoskins asks for buttermilk and the professor promptly pours her a rich, creamy glassful.

Then Zeb Collins asks for cider, and out of the same pitcher comes a mug of cider. Doc Hollister next calls for beer—and presto, from the pitcher comes a sparkling glass of beer, white collar and all!

"Just goes to show," says Doc, astonished, "that it takes a magician to satisfy all tastes."

From where I sit, the professor has a mighty good act ... one that points a moral too. Tastes differ—but people can have a friendly, happy time enjoying the beverage that each prefers—and being tolerant of one another's preferences.

Canoe Derby Bemidji to Minneapolis Will Feature Aquatennial

Minnesota's fame as a canoeing paradise and a mecca for water sports will be spread throughout the nation through a film of the Aquatennial canoe derby which Warner Brothers will make.

Warner Brothers plan to film the entire 450 mile derby from its start at Bemidji down the Mississippi river to its finale in the Twin Cities. Announcement of the motion picture company's decision was made this week by Gerald L. Moore, general chairman of the 1946 Aquatennial.

This year's Aquatennial July 19 to 28 will return to the rugged canoe derby for the first time since 1942. The derby started in 1940 with 28 teams of two men each, continued through two years when paddlers battled 110 degree weather as well as rapids, mosquitos and storms and reached its peak in 1942. Discontinued because of the war, the canoe derby will be resumed this year on an even bigger scale.

MINNESOTA HISTORICAL SOCIETY

NO CONTESTS IN THIS COUNTY IN PRIMARIES

Seven of 9 Incumbents Seeking Reelection Have No Opposition

With seven of nine Pennington county officials unopposed for re-election, and with no one to candidates for each of the other offices, there will be no local contests in the July primary election, it was revealed following the close of the filing period Monday afternoon.

Unopposed for reelection are A. M. Senstad, county auditor; A. B. Johnsrud, treasurer; Paul Lundgren, county attorney; Arthur Rambeck, sheriff; Mrs. A. C. Mathison, superintendent of schools; W. H. Mulry, county commissioner, fourth district; and A. O. Stokke, surveyor.

Fred Levenson, register of deeds will be opposed for that office in the general election next November by Oscar A. Nelson, Thief River Falls; while Lars Hylden will oppose P. W. Mabey, incumbent, for the office or commissioner from the second district.

There are three aspirants for the two posts as state representative from the 65th district, including W. E. Day, Bagley, and J. C. McReynolds, Clearbrook, incumbents; and D. R. Shetterly, Oklee. For the office of state senator, W. E. Dahlquist, incumbent, will be opposed by Marius Waldal, now of Hazelton.

Congressman Harold Hagen is unopposed for the Republican nomination for that office, while in the Democratic-Farmer-Labor party there will be a contest between Leon M. Burrill of Mawley, endorsed candidate, and Verner Nelson of Roseau, former publisher of the Northern Minnesota Leader.

Last-minute filing of a batch of candidates in St. Paul before Monday's deadline assured the contests for both the United States senate and governor in the July primary.

On the Republican side, filing of William F. Schilling, Northfield, open a number of President Herbert Hoover's federal patronage and Carl Krause, Lakeville, further complicated the GOP race for the United States senate nomination already sought by Sen. Henrik Shipstead and Gov. Edward J. Thye.

Three "Hibernian" candidates, Frank Murphy, Northfield, and Thomas P. Duffy and John J. McDonough, both of St. Paul, as well as Victor E. Johnson, LeSuer, filed against Harold Barker, Elbow Lake the indorsed DFL candidate for governor.

Dr. Theodore Jorgenson, Northfield, DFL indorsed candidate for senator, also was assured of a contest when Victor E. Lystrom, St. Paul Park, Frank Patrick Ryan, St. Paul, and Erling Swenson, 2722 Vincent avenue N., Minneapolis, filed for that post.

Bank Debits in City in March up 43 Per Cent

The March 1946 volume of bank debits in Thief River Falls shows a 43 per cent increase when compared with the third month of 1945, while the cumulative total was 39 per cent over that of last year. In Minnesota bank debits were 16 percent over the same month of last year, while the total for January through March shows a gain of 15 per cent over the same 1945 period.

Combined totals of all reporting centers in the Ninth Federal Reserve district were 19 per cent above those of March, 1945, and the cumulative total increase was 18 per cent.

Rites in Auditorium Good Friday, 1:30; Stores Close 1 to 3

Preceding the Easter climax to the Lenten season to be observed in local churches next Sunday, April 21, Joint Good Friday services will be held in the municipal Auditorium Friday afternoon at 1:30 under the sponsorship of the Trinity, Zion and First Lutheran churches. At the same hour services will be held in the Community Methodist church, and local business places will cooperate by remaining closed Friday from 1 to 3 p. m.

Rev. G. S. Thompson will conduct the Auditorium services, and will also give a short sermon, as will Rev. Walter M. Pedersen and Rev. Carl F. Johnson. Song selections will be supplied by members of each of the three participating churches.

On Easter Sunday Trinity church will celebrate holy communion at the sunrise service at 6 a. m., and new members will be received at a festival service at 10:30 a. m., while a cello selection will be played by Sigvald Thompson, a brother of Rev. G. S. Thompson. The usual overflow audience will hear the services in the church parlors thru loudspeaker facilities.

At the Community church early services will be held Easter Sunday at 8 a. m., with members of the Masonic lodge and Eastern Star chapter attending in a body, followed by a second service at 11 a. m.

Zion church will hold early Easter services at 7 a. m. with songs by the junior choir and with Helen Lindland supplying a solo; while at the 10:30 services the senior choir will sing and Wm. Gilbertson and George Rockstad will sing a duet.

A union sunrise service will be held Sunday morning at 7:30 in the Mission Covenant church, with the Evangelical Free Church sharing in the services.

The First Lutheran church will hold sunrise services Easter Sunday at 6 a. m., followed by worship services at 10:30 and a vesper service at 8 p. m.

John O. (Jerry) Yotter, popular and respected resident of Thief River Falls for the past forty years succumbed at a local hospital last Thursday, April 11, at the age of 73. Funeral rites and interment were in his boyhood home at Fort Madison, Iowa.

Mr. Yotter came to this city in 1906 and began serving as conductor on the Soo Line July 24 of that year, continuing in that capacity until October 6, 1937, when he went on the retired list.

Born in West Point, Iowa, September, 9 1872, he later lived in Fort Madison and Faribault, Minnesota, before coming to Thief River Falls. He served as a lieutenant during the Spanish-American War in 1898-99.

He was married in Denver, Colorado, August 31, 1913, to Minnie Lahmuit, who preceded him in death. Surviving his death are two sisters, Miss Sophy Yotter and Miss Nynn Yotter, both of Fort Madison, and several nieces and nephews.

In addition to his railroad duties, Mr. Yotter was active in the work of fraternal organizations. He held a life membership in the local Elks lodge 1308, and was a past exalted ruler as well as past district deputy grand exalted ruler of Minnesota North.

He was a member of the local Masonic lodge and of the Royal Arch Masons here, and also was affiliated with the commandery at Crookston and Ken Temple of the Shrine at Grand Forks. He was a member of the local Order of Railway Conductors, serving as chairman for several years.

FILINGS OPEN IN SCHOOL DISTRICT ELECTION APR. 22

To Name 2 Directors, Vote on Buying Land Near Northrop School

Filings will be received starting Monday, April 22, and continuing thru Thursday, May 2, for two positions on the board of education of School District 18, embracing the city of Thief River Falls and a small adjoining area.

Expiring this year are the terms of Dr. A. E. Jacobson and Otis L. Wold. The election will be conducted in the municipal Auditorium Tuesday evening, May 21.

Alfred Skarstad clerk of the board, announced that at the coming election voters of the district also will be asked to approve the purchase of a 136-foot frontage on LaBree av. north of the present Northrop school property, extending it to the north end of the block.

The purchase, it was explained, will provide additional playgrounds space that would be required in the event it is found necessary to enlarge the present school building to keep pace with the growth of population in that area.

TWO POLK COUNTY YOUTHS KILLED IN AIRPLANE CRASH

Two Others Hurt When Plane Is Wrecked Near Saskatoon Saturday

Two Polk county youths were killed Saturday and two others seriously injured when their airplane crashed near Saskatoon, Sask. as they were on an adventure and job-seeking flight to Alaska.

The dead are:

Phillip Charles Halliday, 18, Fosston, pilot of the plane, and Robert Odin Svisdahl, 21, Crookston.

Seriously injured were two brothers of the pilot, Kenneth Halliday, 23, who suffered a fractured arm and Robert Halliday, 24, fractured leg. Their condition Monday was reported as favorable.

Few details of the accident were available. The four had set out from Crookston Friday in a 1941 Fairchild 4-place plane formerly owned by Earl Saul of Crookston and purchased 10 days ago by Kenneth Halliday.

The crash occurred at a farm near Selma, 40 miles southeast of Saskatoon.

Svisdahl had planned to seek employment with the Rice Pack Airways for whom he previously worked in Alaska. The three brothers had planned to enter commercial flying with the plane.

PRIMARY CONTEST FOR 3 OFFICES IN MARSHALL COUNTY

Five Candidates Each for Office of Sheriff and Clerk of Court

A rush of would be office holders came in under the wire before the deadline at five o'clock on Monday afternoon, when no less than 10 candidates paid their filing fees with Marshall County Auditor Levi G. Johnson assuring voters in Marshall county an interesting primary and general election.

When the filings closed on Monday, primary election contests were assured for clerk of district court with five candidates, for sheriff with five candidates, and for county commissioner in the fifth district with six candidates. There were 30 filings in all for the various positions.

H. M. Hanson, register of deeds, is the only full-time county official to escape opposition for either primary or general elections, he being the lone candidate to file for this office. Other incumbent officials who have no opposition include Leslie E. Grange, commissioner in the first district; John Rapacz, Argyle, commissioner in the third district and Dr. M. J. Bechtel, Warren, county coroner.

During the past week, three additional candidates filed for clerk of court. They include, Orris Halvorson, Viking farmer; John A. Berg, Vega farmer and Ervin Vandickle, Warren chief clerk of the Marshall county AAA committee.

The sheriff's race promises to become interesting with three additional filings during the past week. These include F. J. Anderson of Argyle; P. J. Anderson of Newfolden and Joseph C. Urbaniak of Warren. One additional candidate filed for Commissioner in the Fifth district namely Elmer M. Thompson, while one candidate withdrew, he being John O. Pearson of Thief Lake, who entered the race for county superintendent of schools.

Other new candidates during the week include John E. Isaacson of Middle River for county treasurer and A. A. Trosa, Warren and former county attorney for county attorney.

COUNCIL AGAIN DEFERS ACTION ON BATH HOUSE

Estimates Submitted Fixing Probable Cost at More than $10,000

At a lengthy adjourned session of the city council Monday evening, Harry Simons, secretary of the park board, submitted figures on costs of constructing by city labor the proposed new Tinddahl park bath house, the figures indicating that if carried out in all details the project would involve expenditure of slightly more than $10,000, considerably higher than previous estimates.

After considering the matter at some length, the council decided to defer definite action until further information has been secured. Mr. Simons stated that the park board is anxious to have the building completed if possible by the time of the water carnival to be sponsored by the Junior Chamber of Commerce July 3 and 4.

City Attorney Theodore Quale informed the council that the Minnesota railroad and warehouse commission had issued an order calling on the Soo Line to install an automatic electric warning signal at the railroad crossing on Third st. within a six-months period. The order followed a hearing recently conducted in this city.

Mr. Quale submitted plans in connection with the construction of the proposed new highway across the millyard, revealing that it will be necessary for the county and city to acquire some additional land for right-of way and for fill.

The council voted to invite city employees to a special meeting Wednesday evening, May 8, at which George F. Dix, secretary of the Minnesota Public Employes Retirement association, will be present to explain provisions of the retirement plan.

As the result of the acceptance by the council of a public liability insurance policy submitted by Lester Ihle, the city is now protected against damage claims of this nature. Premium of the policy is $781.05.

NORSE BOY VOICES THANKS FOR GIFT

Robert Joringdal Gets Letter from Norway

Robert Joringdal, son of Mr. and Mrs. Richard Joringdal of this city who early last year put his name and address in the pocket of a coat included in the shipment of garments for Norway relief, recently received a letter from Torbjorn Johanson, living in Norway, expressing his appreciation on receiving the garments.

Robert is now preparing a package of gifts to be sent to Torbjorn for his birthday in June. The Norwegian boy's letter reads as follows in translation:

"I was a lucky boy to receive the coat you sent. I was especially glad that your name and address were in it, so that I could thank you personally, that you might know how proud I am of it.

"My name is Torbjorn, and I will be eight years old June 27. There are five children in our family. We were especially saddened by the war as we had the misfortune of losing our mother, but grandma is doing her best in taking care of things for us.

"I wish I were able to express the joy in our hearts the day Norway was at peace again. It was wonderful".

NEIGHBORLY SYMPATHY

When Larry MacPhail, the baseball magnate, was a small boy, he lived in Cass City, Mich. One winter his mother had been suffering from a severe cold, and her friends and neighbors were quite worried about it. Larry was in the side yard, hammering some boards together, when one of the neighbors sent her little daughter to inquire how Larry's mother was. "Not very well," answered Larry shortly, concentrating on his carpentry.

"Is that her coughin'?" asked the little girl, with her ear turned toward the house.

"Of course not, you idiot," answered Larry, without looking up from his hammering. "This is a rabbit hutch!"

COMPLETE SUCCESS

Thompson—Was your garden a success this year?

Bidwell—Was it! The cows ate the cowpeas, the hens the eggplant, the rabbits the lettuce and the gophers the corn. A skunk chewed up the cabbage thinking it was skunk cabbage. And I never saw a slicker or happier looking bunch of critters in my life!

Really Generous

Mother divided the ice cream at supper evenly between Tommy and Johnny. Tommy looked at his ice cream and then at his mother's empty plate.

"Mother, I can't enjoy my ice cream when you haven't any. Take some of Johnny's."

Missed Opportunity

Old Maid—I hate to think of my youth.

Old Maid Two—Why, what happened?

Old Maid—Nothing.

No Back Talk

Wifey—When you married me, I thought you were daring and courageous.

Hubby—When I married you everybody thought the same thing.

Grave Error

Mrs.—Our maid just told me she was quitting. It seems you insulted her on the phone this morning.

Mr.—Oh, I thought it was you on the wire.

Ready Get Set

She—Stop right now! My lips are for another.

He—Okay. If you'll hold still, you'll get another.

Long Separation

Jones—Yes, he's been wedded to the truth since his infancy.

Smith—Confidentially, I think he's been a widower for some time.

UNIVERSAL TROUBLE

Jones—Some wives leave their husbands and take everything.

Smith — Others take everything but don't leave.

Big Hole

Visitor—What are you feeling so badly about, my good man?

Zoo Attendant—The elephant just died.

Visitor—Oh, that's too bad. But you'll be able to replace him.

Zoo Attendant—Yes, but the boss just told us we've got to dig his grave.

Technical K. O.

Fighter—Have I done the guy any damage?

Second — No, but keep swinging the arms that way and maybe pretty soon the draft will give him a cold.

GOVERNMENT ACTS TO ADD TO AMOUNT OF BUTTER MADE

Places Price Ceilings on Cream Diverted to Other Products

The government acted Monday to get housewives more butter and keep their dairy bills from rising. To get more butter, it will restore the wartime controls which prohibited the sale of whipping cream and restricted the amount of butterfat in ice cream. It also will put price ceilings for the first time on cream which goes into manufactured products such as ice cream and bakery goods.

"We can't expect to see a big increase in the supply of butter in the stores overnight, but I think we can count on real improvement within the next 60 days", said Stabilization Director Chester Bowles in a statement announcing the new program.

Details of the butterfat restrictions and the new cream ceiling will be issued later. They are designed to overcome a situation which makes it more profitable to use butterfat for ice cream and other goods than for butter.

To keep prices of milk, butter, cheese and other dairy products at their present levels, the OPA will pay higher subsidies to farmers instead of granting the higher prices for which they have been clamoring.

Bowles said he recognized that many dairy farmers "are being squeezed by higher feed and labor costs, and they are entitled to quick relief."

The new program provides:

A subsidy increase on May 1 of 20 cents per 100 pounds of milk as compared with the rate during the same period in 1945. This will be accomplished by trimming to 15 cents a cut of 35 cents a 100 pounds which had been scheduled.

An increase at the same time of five cents a pound in subsidy payments on the butterfat content of farm-separated cream as compared with payments a year ago. In this case a cut of seven cents originally planned will be trimmed to two cents.

An additional increase on July 1 of 20 cents per 100 pounds in returns dairy farmers receive for milk, and a boost of five cents a pound in returns for butterfat.

NEW PLAN SEEKS TO GET WHEAT FOR EXPORT USE

Government Will Give Sellers Benefit of Any Advance in Prices

The U. S. government is staking its hopes to obtain 100 million bushels of relief wheat for export to hungry nations on its emergency wheat certificate program.

The Northwest spring wheat states of Montana, North and South Dakota, and Minnesota, where the department of agriculture reports there are more than 100 millions of bushels of wheat on the farms, are the key to whether or not the quota is reached.

The first of the mercy wheat already is being delivered to country elevators but the next three or four weeks will be the critical ones.

Under the emergency wheat certificate program, the farmer markets his wheat immediately. But, instead of taking cash, he may, if he desires, take a U. S. Government certificate or receipt, for his wheat. This receipt he may hold until such time as he choose to take his cash. On the day that the farmer chooses to cash in his certificate, he will receive the market price for his wheat as of that day. Under this program the farmer is protected against future possible increase in the market price of his wheat.

The program runs until March 31, 1947. This also gives the farmer a choice of taking his income in 1947 from the wheat he delivers now so as to avoid the higher bracket income taxes by receiving two years' income in one year.

The wheat certificate program was proposed to President Truman two months ago by M. W. Thatcher general manager of Farmers Union Grain Terminal Association and endorsed by all members of the National Federation of Grain Cooperatives of which Thatcher is president.

WARREN MAN NEW PRESIDENT LOCAL CAMP OF GIDEONS

Gust Peterson Heads Group; Secretary Is Mendell Erickson

The Thief River Falls camp of Gideons had a fellowship dinner at Warren on Monday evening after which the annual meeting was held.

The following were named officers of the camp for the coming year: Gust A. Peterson, Warren, president, Rodney Brodin Thief River Falls vice president; Mendell Erickson, Thief River Falls, secretary; C. G. Peterson, Warren, vice secretary; Nels Holmberg, Thief River Falls, treasurer; A. V. Brodin, Thief River Falls, chaplain; C. B. Johnson, Warren, Bible secretary; with C. Einar Johnson, Warren, assistant.

Trustees include Simon Holmberg, Andrew Norby, Thief River Falls, Dan Dahlstrom, Alvarado; Hans Drotts, Viking; Ed Rokke, Warren; and Henry Johnson, Fosston.

Offerings and donations amounting to more than $7,000 have been received towards the Bible and New Testament fund since the camp was organized three years ago.

In addition to the work of placing Bibles in the hotels, hospitals and penal institutions and giving the New Testament to the men and women in the armed forces, the Gideons have now launched a new program of placing a New Testament in the hands of boys and girls in the public schools.

OPA Authorizes Price Boost on Work Clothes

OPA Wednesday authorized an immediate increase of 12 to 16 per cent in retail prices for work clothes.

The increase, applicable to such garments as overalls, workshirts and overall jackets, is the result, OPA said, of higher prices for raw cotton and textiles and recent clothing industry wage increases.

Under the new price schedule workers will pay, for example, $1.70 instead of $1.40 at most independent retail stores for sanforized chambray workshirt, and $2.72 instead of $2.44 for sanforized denim bib overalls.

OPA said it had found that higher prices being granted simultaneously to work clothing manufacturers cannot be absorbed by dealers.

CRIPPLED CHILD CLINIC AT LINCOLN SCHOOL APRIL 27

Mrs. J. Arthur Johnson Is Appointed Chairman of Orthopedic Clinic

Plans are now under way for the orthopedic clinic for crippled children to be held Saturday, April 27, in Thief River Falls at Lincoln high school. Registration hours will be from 8:00 a. m. to 2:00 p. m. It will serve the following counties: Pennington, Marshall, Red Lake, Roseau, and Kittson.

This clinic is a service of the state and federal government and is part of the year-round program of the crippled children services of the Minnesota division of social welfare.

Emple Hill, field nurse from the crippled children services, has arrived in the district to direct to direct preparations.

Mrs. J. Arthur Johnson has been appointed local chairman. She will enlist individuals and organizations to assist at the clinic, in transportation, and other activities.

Medical services of this clinic are for boys and girls under 21 years of age who have or may be developing an orthopedic disability. It is advised that those attending for the first time bring a referral from their family physician.

Medical examination by orthopedic surgeons and recomendations for home care of the disabilities or for hospitalization for, those requiring it are included in the clinic services. Consultation with a vocational advisor will also be available for physically handicapped boys and girls over 14 who want information on training for employment.

Morgenthau Cites Types of Issues Issued to Public

A grateful Nation has girded itself for the Mighty Seventh War Loan for 14 billions of dollars, half of which was been assigned as the individual sales quota. According to reports from state chairmen reaching Ted R. Gamble, national director of the War Finance Division of the Treasury in Washington, the Nation is ready for the huge task

Mr. Gamble was enthusiastic about results. He said "We're prepared to do the best job in the 7th War Loan." Mr. Gamble said that "most only, is there more money available than ever before in each state, but individual income will be higher in the period of the 7th War Loan than in any previous War Loan period."

MORGENTHAU

Secretary of the Treasury Henry Morgenthau said seven billions of dollars has been assigned as the quota for individual investors and that the major emphasis throughout the drive will be placed on the quota for individuals. The individual quota is the highest established in any of the previous drives, the secretary said.

The E Bond quota alone is 4 billion. The 7th War Loan seeks nearly as much in the one drive as was asked in the first two drives of last year which were held up to this time. The two drives of this year, therefore, will seek nearly as much as was sought in the three drives of 1944.

The Secretary stated that there is every evidence that Federal expenditures are going to remain at a high level for some time to come, and that the Seventh War Loan program was designed to obtain maximum funds necessary to prosecute the War from non-bank investors.

The securities, which will be sold under the direction of the State War Finance Committees, are as follows: Series E, F and G Savings Bonds, Series C Savings Notes, 2½% Bonds, 2¼% Bonds, 1½% Bonds, 1¼% Certificates of Indebtedness. The 1¼% Bonds will not be offered in the Drive to corporations.

The Drive for individuals will extend from May 14 to June 30. However, an intensification of activities by the sale of Series E bonds began April 9, when millions of persons on payroll savings plans throughout the country were asked to enlarge their participation as a part of the Seventh War Loan. All Series E, F and G Savings Bonds and Series C Savings Notes processed through the Federal Reserve Banks between April 9 and July 7 will be credited to the Drive.

During the final phase of the Drive which will cover the period from June 18 through June 30, subscriptions will be received from all other non-bank investors for the 2¼% and 2½% marketable bonds and the certificates of indebtedness.

Looking Backward

1916—THIRTY YEARS AGO

The Kretzschmar dam was damaged to the extent of $3,000 when the ice came down Red Lake river, the water being at an unusually high stage.—Mr. and Mrs. Roy Lambert arrived from Brainerd to establish their home here, Mr. Lambert having purchased the Peoples drug store.—Roy and Bernard Barzen, students at St. Johns college, Collegeville, are spending a brief vacation at their home here—Court Commissioner Wilhelm Michelet received in one day 34 filings for land in the Mud Lake district.

1926—TWENTY YEARS AGO

Dickenson & Bredeson, Bemidji contractors, were awarded the contract for the construction of the new Trinity Lutheran church on their bid of $25,038.—Fourteen carloads of potatoes were shipped out of this city during the spring at prices ranging as high as $2.10 a bushel.—The Woman's club sponsored a cooking school at the Sons of Norway hall.—Most of the wheat seeding in the county is now completed.—Local citizens organized a unit of the "Stay West, Young Man" club.

1936—TEN YEARS AGO

Several water mains in the city are frozen as a result of the long siege of subzero weather late in the winter.—Speaker at a Civic and Commerce association luncheon was Arnie Solem, recently returned from Europe, where he had made a study of unemployment insurance.—The city council appointed F. M. Shanahan and E. H. Bakke to serve as assessors here.—The Ben Franklin store in this city, formerly owned by Bender Brothers of Bemidji was taken over by Emmett Wright of Fosston fromerly of Crookston.

Escorts Effective

Less than a score of the 16,760 ships escorted across the Atlantic between the declaration of war and Germany's surrender were sunk while traveling in convoy. To build this record 3,552 escort trips were required units of the Atlantic fleet and ships in convoy cruised more than 50 million miles.

Easy Cleaning

Fast-feathering poultry stock is desirable for meat production because the chicks from such stock have a minimum of pinfeathers at broiler or fryer age.

Checks Fruit Drop

Naphalene acetic acid has given gratifying results when used to counteract temporarily the process of abscission or dropping of apples just previous to harvest. Most of the agricultural experiment stations in states growing apples and pears on a commercial scale have published detailed comparative reports on the drop from treated and untreated trees. For instance, Cornell university has developed data for two McIntosh trees in adjacent rows, each tree carrying about the same total crop of fruit. The tree sprayed September 22 and harvested September 28 had a pre-harvest drop of only 4 per cent, with only 72 apples falling during picking; while the untreated tree, harvested the same day, had a pre-harvest drop of 16 per cent, with 45 apples dropping off during picking.

Mobile X-Ray Machine

The latest development in the war against tuberculosis, a small x-ray machine, promises to be of untold value to farm people because it is compact enough to be mounted in a closed truck or trailer for transportation to remote farm areas. The x-rays are sent through the chest as usual, but instead of printing a shadow picture on a large photographic film, the shadow is cast on a fluoroscopic screen, and then a small picture is taken of the screen. The x-ray equipment depends for much of its effectiveness on the fluoroscopic screen and on the extra-sensitive photographic film. One of the mobile units makes possible examining as many as 60 persons an hour.

Better Tires From Rayon

Use of rayon for cords in tire-making promises a tire that will give increased mileage and operate with so much less internal friction than when cotton is used that it will reduce gasoline consumption, P. W. Litchfield, chairman of the Goodyear Tire and Rubber company, announced. It will be some time before such tires are available for passenger cars, he states, as rayon manufacturers are unable to produce enough material to meet demands and all that is available is going into truck tires.

SUBSCRIPTION RATES,
In Pennington and Adjoining Counties—Six Months, $1.25; One Year, $2.00.
In Territory Beyond Adjoining Counties—Six Months, $1.50; One Year, $2.50.

The housing shortage has boosted urban real estate prices to twice the pre-war values. It is truly only a fifty cent dollar that buys a home these days. This is not a matter of grave concern for those who have the fifty cent dollars with which to buy but it is a dangerous field for those who buy with a little cash and a lot of promise-to-pay. Under present conditions it would seem to be unwise for anyone to contract debts they cannot see their way clear to pay off in a comparatively short time. Our guess is that the government is not being helpful when it encourages young people to buy beyond their means—even in the purchase of a home. This time it may be different of course. This time prices may stay up—but it isn't likely. It is more likely that long term obligations, contracted at prices based on easy-to-get dollars, will have to be paid off with hard-to-get dollars. That is what has always happened before and it probably will happen again.

Business Week doesn't know where the country's meat is going to either. Much of the livestock that goes on the market is bought by "feeders" who outbid the packers. How much of this stock that is supposed to go into the feed lots actually goes directly into the black market is the question to which no one seems to have the answer. OPA officials admit a vast increase in the number of nonfederally inspected slaughterhouses. Chicagoans say the industrial center of the meat industry has moved from the Midwest to the East. Growers hereabouts say they can get more for their stock by shipping than they can get from local butchers who can pay only ceiling prices. No one knows the answer but the answer is quite obvious. Figure it out with ten different pencils and you come up with the same answer every time.

Pennington County's financial statement, published last week, was pleasant reading. The county's debt is now less than 10% of the taxable valuations and draws in the neighborhood of only about 3% interest. What it cost us to pay the interest alone a few years ago will now retire the balance of this debt in a few years. Excellent progress is being made toward this end and that is a thing we all have reason to feel good about.

It is now probable that bread will soon be added to the list of hard-to-get items—or should we say harder-to-get. Millers and bakers may be rationed and that will mean some sort of a self-imposed rationing system in the distribution of bakery products to consumers. The shortage is not expected to last long however. A new crop is on the way and the world food shortage should be relieved by the end of the present growing season. That there is a very serious shortage at the present time must be accepted as a disagreeable fact, and it being a fact there will be little grumbling about the idea of sharing what we have with the less fortunate.

A couple of the candidates who aspire to succeed Governor Thye are criticising him because of the twelve million dollar diversion of income tax money to the general revenue fund of the state. Just why he should be criticised for this diversion is not quite clear. If there is to be criticism then why not direct it at the Legislature which actually authorized the diversion. And before criticising the Legislature may-be these candidates should get a little more information as to the provisions of this bill which passed the Senate by a vote of 45 to 13 and the House without a dissenting vote. If the candidates are then still of the opinion that this diversion should not have been made perhaps they will tell us what should have been done. Governor Thye was familiar with all of the facts and acted in good faith when he recommended this diversion. The diversion bill was one of the most controversial measures to be passed during the last session. It was finally passed in both houses by one-sided majorities because no one was able to offer a more satisfactory solution to the state's difficult problem of meeting rising costs. Even with this diversion state taxes were substantially increased—but the state did not borrow money to meet expenses.

Forward-looking people will be interested in the announcement that the next total eclipse of the sun visible in this area will occur June 30, 1954.

Over at Wadena stores are staying open Friday evenings instead of Saturday. Wonder how that will suit the rural folks.

Governor Thye says he has quit smoking, but Henrik Shipstead, his opponent in the senate race, will do his best to scorch him.

John L. Lewis' coal strike is another dandy argument in favor of switching to oil burning equipment.

Dollars contributed to the cancer campaign, now under way here, will aid in the reduction of the world's worst scourge among diseases. It's worthy of public support.

Under present regulations, black is becoming an increasingly popular color for markets in this country.

Price control agencies seem to have the men's shirt situation by the tail.

"You deceived me", charged a wife. "Before our marriage you told me you were well off". To which her husband retorted, "I was but I didn't know it."

One boom everyone would like to see curbed is the one in traffic accidents.

In this period of world wide shortages, it wouldn't be a bad idea to continue the Lenten practice of self-denial thruout the year.

Rich Port

Puerto Rico, meaning rich port, got its name from Columbus, and is the only land under the Stars and Stripes on which the New World's accredited discoverer set foot. Landing there on November 19, 1493, he claimed it for Spain. When, in 1898, Spaniards withdrew from the port of San Juan, Spain had relinquished her last slender foothold in the Western hemisphere. First governor of the island was Ponce de Leon, who moved from Puerto Rico to Florida in his quest for the Fountain of Youth.

THANK YOU—

Mr. Wm. Halvorsen of Middle River for the confidence placed in our dairy herd by your recent purchase of four registered daughters of Oak Bend Tony Montvic Bess 860471, as a foundation for a registered Holstein herd. The dam of this three head had a 544 lb. fat record as a 4yo year old. His six nearest tested dams averaged 733.10 lbs. of fat. When in that vicinity ask Mr. Halvorson to show you these heifers. We have several bull calves from this sire available now.

1,800 MOOSE IN RED LAKE REFUGE

71 Elk Also Counted in Survey of Area

Results of Minnesota's first aerial census of big game, covering an area of more than 700 square miles in several flights over game refuges and state parks, were released today by Frank Blair, supervisor of game, division of game and fish.

The plane flights covered the Northwest Angle, part of the Red Lake game refuge, the Carlos Avery refuge and Itasca and St. Croix state parks. The work was under the immediate supervision of biologists in the Pittman-Robertson unit of the bureau of game.

The moose population in the Northwest Angle was estimated at 43 in accordance with the number actually seen and known ground conditions, which is considerably less than estimates of those who have urged the game and fish division to open a season in this area.

The flights over 404 square miles of the Red Lake refuge gave a count of 260 moose and 71 elk. This flight area was chosen because of the known high concentration of elk. Most of the Minnesota elk herd is to be found in or near this area. The elk herd has been estimated to total about 300.

Moose were seen in various sections of the refuge and on the basis of the actual count in the flight area, a moose population of 1872 would be found in the Red Lake game preserve district of 3,658 square miles.

VETS GIVEN DATA ON REINSTATING LAPSED POLICIES

To Have Privilege of Reinstatement until January 1st, 1947

Veterans who let national service life insurance policies lapse may reinstate them without physical examination if they submit a signed statement they are in as good health as at the time of lapse, Paul T. Gray, V. A. Contact representative here announced today.

This liberalization of reinstatement privileges will remain in effect until January 1, 1947, and will also apply to any NSLI policies that lapse between now and then. After December 31, 1946, regulations governing reinstatement require a physical examination of the date of reinstatement is more than six months after the veteran's separation from the service, or more than three months from the date of lapse whichever is later.

The liberalization does not affect requirement regarding payment of premiums. In case of NSLI which has been converted, payments which have been missed must be repaid with interest.

In the 8 Birthday Ball celebrations since 1938 a total of $20,922.044.25 has been collected and left in local communities for local aid to infantile paralysis victims by the National Foundation for Infantil Paralysis.

Field Work Becoming General in This Area

With clear skies and a brisk wind nearly every day during the past week, conditions continued favorable for a seasonable start on field work in this locality, and a considerable amount of seeding already has been done in scattered localities. The only precipitation recorded was .06 inch Saturday night. The high reading for the week was 67 Wednesday afternoon, with a low of 31 Tuesday morning.

TROUT FISHING TO START MAY FIRST

Season on Pike Will Be Opened May 15th

The greatest fishing year in Minnesota's history will get under way with the opening May 1 of the first of the angling seasons, on stream trout. This will be followed by the opening on May 15 of angling for the other varieties except black bass which become legal June 26. All of the opening dates are state-wide.

Forecasts of unofficial observers that there will be unusual abundance of the lake-dwelling fishes are confirmed by Dr. Lloyd L. Smith, Jr., chief of the state fisheries research bureau, and other fisheries authorities.

This optimism is based on the several successive years of high lake levels which have created ideal conditions for spawning and survival of young fish, although the same wet, cold springs have been disastrous to ground nesting birds.

Test nettings here and there have confirmed these observations, showing young fish in such tremendous numbers that the natural production totals dwarf all the artificial plantings men have been able to make during from 30 to 50 years.

In fact there are so many of some species, especially the popular crappies, bluegills and bass, that the help of thousands of additional anglers needed to keep them in check, lest they got too numerous for their food supplies and stop growing.

Verne E. Joslin, Minnesota Tourist Bureau director, expects an all-time record surge of visiting anglers to come to the aid of the resident anglers in harvesting the fish crop.

Resumption of manufacture of fishing tackle and removal of restrictions on almost all forms of travel, together with release of millions of anglers from war-time responsibilities, promise to combine to make a Minnesota summer season long to be remembered.

TO MAP SOFTBALL PLANS ON FRIDAY

Meeting in C. C. Room to Plan League Setup

The formation of a city softball organization is expected to be completed at a meeting to be held in the Civic and Commerce room in the Auditorium Friday night. Thursday evening a group of softball enthusiasts held a brief meeting at the Palm Garden Cafe and made temporary arrangements for the organization of a league.

Tomorrow evening's meeting will discuss and, it is hoped will take action in setting up a committee to conduct the city's softball activities.

Among the important matters to be considered at Friday night's meeting, will be the selection of a playing field. And with numerous boys and young men wishing to participate in softball league play, a means of distributing the players among the various teams must be devised.

Balinese Distinctive

The Balinese have been credited with many distinctions. By reputation the women are the slimmest and the pigs the fattest in all Malaysia. Sitting dancers interpret the moods of the music with heads, hands and arms. There are talking birds, the fowl-like beos; and butterflies that do not flutter when they fly. Priests weave traditional figures with their fingers when at prayer. Trial marriages endure. Babies are not permitted to crawl. Cremations are occasions for noisy revelry. Boats are made of tree leaves.

Korean Capital

Seoul, or Keijo as the Japs called it, became the capital of the Yi dynasty of Korea in 1392. It saw the development of a golden age in Korean education, science and art. It was the seat of government when the Japanese invaded the peninsula in 1592, only to be thrown back in what was, until lately, the only defeat of the belligerent islanders. In 1910, when Japan finally achieved her ambition of annexing Korea, as a first step toward Asiatic conquest, Seoul was made the headquarters of the ruling governor general.

Ambitious Plans

If present plans are brought to completion, this season's American Legion junior baseball program will be the most ambitious ever. Jimmy Welton, who, because of some recent surgery, will not be able to actively participate in the city league soft ball or baseball, will keep his hand in the game by coaching the juniors again this year, and he has arranged a tentative eighteen game schedule. If confirmations on dates and games are forthcoming the locals will be playing such teams as Grand Forks Fargo, Moorhead, Detroit Lakes, Stephen, Oslo, Roseau, and Bemidji, with the schedule being opened on June 1st with a game against Oslo.

Jimmy is plenty enthusiastic about the prospects of the club this year, and he claims that the team will have better all-round balance than last year's aggregation. That though, remains to be seen. Swede Lund, the team's veteran catcher, has undergone an appendectomy, but he is expected to be ready to play in about six weeks. Swede, one of the team's better hitters, and left-handed swinger, was in a hitting slump last year. He's been wearing glasses lately, and he may use them to improve his hitting eye.

With such a strenous schedule on tap, Coach Welton will have a problem in molding a strong pitching staff for the juniors. Al Thompson, last year's stand-by, and Johnny Powell, last year's nifty southpaw, have both graduated from the junior ranks; but Welton contends that with Don Perkins, Abe Hanson, Don Engelstad, and Wayne Goethe, available for hurling duties, the pitching will be adequate. Perkins, Engelstad, and Goethe, the latter having had some junior baseball experience at Detroit Lakes, appear to be putting in the strongest claims for pitching jobs.

The juniors will have a workout this evening, weather permitting, on the east side park, and all the boys interested in trying out for the squad are requested to be present.

Jacks Get a New Coach

With Glenn Barnum moving over to the University of North Dakota on June 1st, a vacancy developed in the athletic set-up at Bemidji, and last week the authorities over there signed black-haired Mike Lagather of Fosston to the Lumberjack basketball coaching position.

Mike, an intense sort of individual recently completed 43 months of service with the Army Air Corps, and has been back at his old job of coaching basketball at Fosston. Lagather, a graduate of Chisholm high school and the University of Minnesota, is well known to Prowler followers for he has brought his Fosston Greyhounds here a number of times. His Fosston teams were always well-grounded in fundamentals, with ball handling being stressed. The best team he had down there was probably the club that had Porky Thompson, Chuck Haugen, and Blackie Hagen in the lineup.

Lagather isn't stepping into a soft job though for the Lumberjack this year lose most of the veterans, with Don Sievek being the only returning regular.

Soft Ball Meeting Friday

The boys had an informal soft ball meeting Tuesday night, getting organized for the approaching season, and these plans will be given another boost at a meeting to be held at the Civic and Commerce room in the Auditorium this evening. Walter Larson, Bill Gray, and Gordy Reierson announced that all interested in the sport should be in attendance.

Frankly, one problem they should solve is, who is to get "Hank Myhrer? The team that gets Ham for its pitcher will have a strong arm around the championship troop. Ham, who has a delivery like a young hurricane, did some sensational pitching while with the army and particularly while he was stationed in Norway. The boys along the fjords rate Ham right up there with the tanks, half-tracks, and B-17's.

Babe Paulson, Hockey Coach

If reports are correct, the school authorities certainly did a fine piece of work here when they signed Harold "Babe" Paulson to a position on the high school faculty. Babe is an Iron Range boy, coming from Virginia, and a graduate of Minnesota where he was captain of the Gopher hockey team. Babe established a scoring record while at the "U" and that record is still intact. Last year, following his release from the service, Babe played several games with the St. Paul Saints in the U. S. Hockey League.

Babe, who will coach Prowler hockey and teach in the Phy. Ed. department, isn't a stranger to these parts, for in 1941 he was on the Roseau high school faculty and coached the hockey team up there.

Gilmore A. Lian Is Now Employed at Bremerton

After spending 39 months in service, being attached to the Fifth air force for 20 months in the Pacific area, Gilmore A. Lian recently received his discharge, and after a visit here at the home of his parents, Mr. and Mrs. L. A. Lian, left for Bremerton, Washington, where he is employed as a chafferr in the Puget sound Navy Yard. He saw service in Borneo, Ryukyus, Japan, China, New Guinea and the Philippines, and received the good conduct medal in addition to several battle stars and other awards.

HIGHWAY SYSTEM IS 25 YEARS OLD

State Highway Setup Started April 14, 1921

This week marks the 25th anniversary of the Minnesota trunk highway system. The bill putting into effect the constitutional amendment adopted at the election in November, 1920 was signed by Governor J. O. A. Preus April 14, 1921. Selection, marking and maintenance of temporary trunk routes began soon thereafter.

The trunk highway for the first time permits the state to engage directly in road construction and maintenance. Formulated by C. M. Babcock, then commissioner of highways, the plan was commonly called the Babcock plan. The 70 designated routes aggregated 7,000 miles and connected all county seats and other centers of population. The 1933 legislature added 4,500 miles to the system.

An important feature of the plan was the provision for financing the the system by a tax on motor vehicles, the first constitutional dedication of road user taxes to highway purposes in any state. Gasoline taxes were similarly dedicated in 1924. Seventeen other states have later adopted similar constitutional provisions.

At the end of 1921, there were only 235 miles paved, 28 miles macadam and 3,700 miles gravel surfaced, out of the 6,850 miles designated as trunk highways. Very little of the mileage was graded to present day standards. Much of the improvement had been done by the counties in 1919 to 1921, with promise of reimbursement.

"The system today has 3,176 miles paved, 4,818 miles bituminous surfaced and 3,250 miles gravel surfaced," M. J. Hoffman, commissioner of highway, said. "If motor vehicle registration had never exceeded 500,000, once considered the maximum in Minnesota, our highways today would be quite adequate to traffic needs. But traffic growth has always kept a long jump ahead of highway improvement. As evidence of present highway deficiencies one need but point to the congestion on trunk routes in urban areas, or to the fact that it is necessary to post load restrictions on 7,000 miles of rural trunk routes during the spring break-up."

DRIVERS PERMITS SUSPENDED HERE

Five County Drivers Penalized in March

Pennington county had no revocations and five suspensions of drivers' licenses in March, according to a report issued by the Minnesota highway department. Lists of names of persons whose licenses have been revoked or suspended are suspended are sent by the department each month to Sheriff Arthur Rambeck and to the police departments of each city.

State totals show 212 revocations and 1,142 suspensions, compared to 125 revocations and 257 suspensions in March last year. Increase in suspensions is partly due to operation of the safety responsibility act.

Revocation of licenses is mandatory after conviction of driving while under influence of intoxicants or certain other serious violations; also after repeated convictions for some lesser violations. There were 187 revocations for driving while under influence of intoxicants in March.

Causes of suspensions included the following: failure to comply with provisions of safety responsibility act following accidents, 767; speeding, 44; failure to continue filing proof of financial responsibility, 76; careless driving, 40; ignoring signs and signals, 28; not having current drivers license, 128.

Conviction of driving without a current license will make it necessary for 120 persons to file proof of financial responsibility for future accidents before new licenses can be issued to them.

Edged Anchor

Puerto Rico is eastern anchor of the Greater Antilles chain of West Indies islands. One of the pleasantest and most fertile of the Caribbean islands, it is roughly rectangular, 100 miles long from east to west and 35 miles wide. Its position, 1,000 miles northeast of the Panama canal, 1,000 miles southeast of Miami, and 800 miles east of Cuba, was strategic for wartime air and naval defense operations.

Colter's Hell

Yellowstone National park, oldest and largest such area, located in northwestern Wyoming, was discovered in 1807 by John Colter, who had been a member of the Lewis and Clark expedition, and the area was known for years as "Colter's Hell."

Red Square

Red square in Moscow was long the place of public executions. It became the great trade center, a market or bazaar in the heart of European Russia, to which came Russian merchants over the several roads that converge on Moscow, and by the river Moskva. The waters of this stream flow along one side of the Kremlin and reach the Volga through the Oka River.

CITY COUNCIL PROCEEDINGS

Thief River Falls, Minnesota

The City Council of the City of Thief River Falls, Minnesota met in regular session in the Council Chamber in the Auditorium and Municipal Building on Tuesday, April 9th, 1946. The meeting was called to order at eight o'clock P. M. with all members present.

Minutes of the meetings of March 12th and 19th were read, approved and adopted as read.

Monthly reports of the City Clerk, Treasury Manager of Sports Arena, Park Department and report of operations of the City for the fiscal year 1945, were presented, examined and ordered filed.

Applications for licenses to engage in the sale of cigarettes and liquors were presented by Ralph Hunt and H. H. Nawell and an application for license to engage in the business of electrical wiring and installations was presented by Clyde A. Davidson of Mazda Electric Company. Alderman Bergland moved that the same be approved and that the Clerk be directed to issue licenses to applicants. The motion was seconded by Alderman Nelson and upon being put to a vote was adopted by unanimous roll call vote.

Application for a transfer as to ownership of licenses to engage in the sale of 3.2% non-intoxicating malt liquors at 209 Caldwell Avenue was presented, the same being signed by Mrs. Ida Borgen the present holder thereof and requesting the transfer of unexpired portion of license from the former to the latter. The license committee reported that the new applicant and the premises had been investigated and recommended that such transfer be granted and approved. Alderman Bergh moved that such recommendation be approved, and that the Clerk be directed to endorse such transfer on the license. The motion was seconded by Alderman Andersen and such motion was put upon adoption by the unanimous vote of the Council.

Applications for a reduction in assessed valuation of Homestead Real Estate were presented by G. S. Bergstrand, owner of Part Lot 1 and Lot 2, Block 1, Lot 5, Block 8 of Meeker's Addition and by Frank J. Heisler, owner of Lot 7, Block 8, Oakland Addition. Alderman Engelstad moved that such applications be approved, due to an error in designating the proper classification for assessment purposes, and that the Clerk be directed to transmit the recommendation of approval to the County Board of Termination County. The motion was seconded by Alderman Berge and adopted. An application was presented by Chris Sandal for a reduction in the assessed value of real estate and the same was ordered referred to the Tax Committee of the Council.

The following insurance policies, evidencing coverage of insurance on cars operated in Taxi Service, were presented, both bearing approval as to form and execution by the City Attorney: Reimer J. Zimmer, operator, Liability Injury Liability $25,000-$50,000 with property damage $5,000 covering Hudson 1946, 4 door, American Chevrolet Coupe, operating under license No. 53 and H. A. Jacquot, operator, Liability Injury Liability $10,000-$20,000 property damage $5,000 covering 1946 Dodge sedan, replacing vehicle taken out of service, operating under license No. 44, Underwriters Agency, Minneapolis, as surety. Alderman Nelson moved that such policies be accepted, approved and filed and that endorsement be made on license No. 44 covering the replacement Dodge operated by H. A. Jacquot. The motion was seconded by Alderman Berge and adopted.

Bond of Thief River Falls Times in the amount of $1,000 given in connection with matter as official paper of the City of Thief River Falls, with National Surety Company as surety, was presented, the same bearing signature of the City Clerk and in proper form and execution. Alderman Nelson moved that the same be accepted, approved and filed, which motion was seconded by Alderman Berge and adopted.

Applications for building moving and remodeling are now contained in permits were presented, as follows: Ida Borgen from Lots 1-2, Block 34 O. T. Timber Industry

Beyond the thousands of its sawmills, the South now sustains 48 great pulp mills. Most of these have been built since 1920. Now that practical methods have been developed for pulping hardwoods as well as pine, the wood supply in the South is sufficient to sustain a pulp capacity twice its present volume. The pulp industry in the last quarter century in the South has advanced from a basis of 400,000 cords of pulpwood annually in 1920 to 6 million cords annually, a 15-fold increase which again may be doubled.

Planting Iris

If iris is planted in a well-drained, sunny position and the old leaves are removed from the base of the plants regularly, there should be neither insect nor disease problems. This is particularly true if the rhizomes are planted very shallow, with approximately half of the rhizome actually above ground and exposed to the sun.

Savannah Gardens

Strange as it seems, destruction is necessary to the continuation of the beautiful wild savannah gardens of North Carolina. Unless the savannahs are burned off every year or two shrubs drive the wild flowers out of the grass bogs, and for that reason naturalists advocate annual burning off of the areas. The largest and most varied of the savannahs is the Big Savannah garden, a 1,500 acre tract in Pender county, N. C., which has a constant and ever changing cover of exotic flowers including the insectivorous bladderwort, trumpet and pitcher plants and venus flytrap.

Handy Shelf

To save time and yourself, put the food shelf in order. Check through the canned goods on hand. Store those you plan to use where you can easily get them. List and purchase needed supplies at regular intervals. Frequent trips to the grocery store for emergency items take time.

Prize Peas

The Maine potato tax, the state's potato grader's say, has proved its worth. Instituted several years ago, the tax is at the rate of one cent per barrel on all potatoes sold for commercial purposes in the state. Proceeds are used to advertise Maine potatoes and to carry on research work in connection with growing and marketing potatoes.

Now... no wheat used in beer or ale
And wheat alone can solve the problem of feeding the world's hungry

Actually wheat has never been a large item in the brewing process—only 1/100th of the entire U. S. wheat crop was used in 1945.

In accordance with United States Government policy, the brewing industry has used no wheat whatever since March 1, 1946.

OTHER MATERIALS CUT 30%

The other grains used have been reduced by 30%—that is, to 70% of the 1945 amount.

Wheat alone can solve the problem of feeding the hungry. The grains to which the industry is now restricted, are of a variety and grade not normally consumed by the people of the world as food.

LESS BEER AND ALE

Altogether, the brewing industry is using 30% less materials than in 1943. This results in proportionately lower production. But since the current demand for beer and ale is about 25% greater than a year ago, the real shortage is nearer 50%.

Consequently, your dealer will not be able to supply you with all the beer and ale you would like. We know you will understand the reason for this.

Your attention is earnestly directed to the recommendations of President Truman's Famine Emergency Committee, which are summarized in the box below.

This statement tells in clear, simple terms what each of us individually can do to help during the emergency.

What the President's Famine Emergency Committee asks us all to do

1. Save and share wheat and fat products . . . Go light on all foods that take wheat, fats and oils—save breads, macaroni, cakes, cookies, pastries and deep-fried foods. Use drippings for pan-frying. Save salad oil—use boiled dressings.
2. Buy and serve more plentiful foods . . . Balance diets with the 7 more plentiful foods, such as potatoes; fresh fruits and vegetables.
3. Waste NO food . . . Dress up today's leftovers for tomorrow. Make every crust count with melba toast, crumb-topped pies, bread puddings and meat loaf. Take no more than you can eat. Clean your plate. Turn to unusable fat salvage promptly.

Si Sez—

I Read the Poem Below-Years and Years Ago and Just Came Across It Again.

I don't know who wrote it but the author must have been a right sort of fellow and probably had experienced—many times in his life—as have you and I the sting of the "adder's fang" of thoughtless or malicious talk and gossip by those whom we rated as friends.

It has always been hard for me to understand why some perverse sense causes folks to talk about their neighbors. We've all been guilty of it to a greater or less degree and we have all seen the havoc that it has created.

Maybe—if we memorized a verse or two of this poem—say the first or third one and then count up to one hundred, not just ten before we told some gossip, a "juicy" bit of scandal we could make a lot better world out of this one we are living in.

So—let's forget it!

If you see a tall fellow ahead of the road,
A leader of men, marching fearless and proud,
And you know of a tale whose mere telling aloud
Would cause this proud head to in anguish be bowed,
It's a pretty good plan to forget it.

If you know of a skeleton hidden away
In a closet, and startled and livid from the day
In the dark, whose showing, whose sudden display
Would cause grief and sorrow and life long dismay—
It's a pretty good plan to forget it.

If you know of a spot in the life of a friend,
(We all have such spots concealed, well without end),
Whose touching his heart strings would play on and
on and
Till the shame of its knowing no art-istry could mend,
It's a pretty good plan to forget it.

If you know anything that will darken the joy
Of a man or a woman, a girl or a boy,
That will wipe out a smile or that 'sad' way annoy
A fellow, or cause any sadness to cloy,
It's a pretty good plan to forget it.

Thanks a lot!

Mr. M. W. Thatcher
Farmers Union Grain Terminal Association
St. Paul, Minnesota

My dear Mr. Thatcher:

I want to thank you, and through you the Farmers Union, for the encouragement given to the millions of hungry people throughout the world.

The new grain delivery plan will afford full and complete protection to the American farmer. If the wheat is delivered at once, as it will now, and no carriers fail to get it to the ports of the world, 40 million people now and July. The food is also vitally important to the success of the Army's 2½ million soldiers now in the forests and industry. Europe and three hundred million food to two hundred million people in the liberated countries from to China. I know that the American wheat farmer will come through.

The wheat delivery plan gives every advantage to the wheat grower. This time, the city speculator cannot corner it. But unite as one, people and earn their everlasting gratitude and the blessing of God Almighty.

Sincerely yours,

F. S. Ingersolla
Director General

WE welcome the privilege and the responsibility of helping our government get food to the starving people of Europe and Asia. The vast cooperative resources of Farmers Union Grain Terminal Association are geared for this task. We aim to see it through. Check with your elevator. Haul in all the wheat you can spare.

A new concrete building with a brick front will be built in Middle River this summer by Emil Peterson. The old building which now stands on the lot has been sold to Garngeman Stokke of Newfoldeen, who will move it from Middle River as soon as road restrictions are lifted. Mr. Peterson stated that he did not know yet how soon construction could begin. This will depend somewhat on the availability of material. As soon as definite arrangements have been made for material excavation of a full basement can be started. The building which will be 24 by 80 feet will most likely be made of concrete blocks with a flat sealed roof. The structure will be one story. The main floor of the building will be for the furniture store, and when completed a full line of new furniture will be in stock. The full basement will be used for the wood working machines to construct toys and some items of furniture. Mr. Peterson is to be lauded for his plans. The new building will be a very fine improvement for the main street of Middle River and a good addition to the growing number of attractive business houses in town.

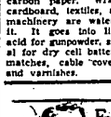
Government Cost

The cost of operating the government in the last 19 years has been about 11 per cent of the national income. Between 1929 and 1939 the total annual yield of federal taxation varied between 3 and 9 billion dollars. In the same years the national income varied between 41 and 83 billion.

Carnuba Wax

In addition to floor wax and furniture polish, carnuba wax is also used in shoe wax, phonograph records, sound film, electric insulators, soap, candles, lubricating oils and carbon paper. Wrapping paper, cardboard, textiles, and industrial machinery are waterproofed with it. It goes into lipstick, picric acid for gunpowder, sealing material for dry cell batteries, plasters, matches, cable coverings, paints and varnishes.



Sprinkling Clothes

To get clothes ready in a hurry for ironing, sprinkle them with warm water instead of cold.

Mat Fisher versus Ed's Big Toe

Mat Fisher's our local weather man ... and planning for the picnic of our town Improvement Club, Mat persuades us to postpone it until Tuesday—since it's going to rain for three days, starting Saturday the 8th.

But Ed Whortle claims he can feel rain in his big toe—and he says there isn't a drop in prospect for at least three days!

Well, it's bright and sunny on the 8th—and 9th—and 10th. But come the day of the picnic, it pours rain like Jupiter Pluvius—and we hold it in Ma Hoskins' parlor, drinking beer and roasting hot dogs.

Of course, Ed razzes Mat no end. But nobody's sore. In fact, they like Mat just a little better, being an expert and being wrong. (And from where I sit, a stormy day indoors before a fire makes a hot dog and a glass of beer extra appetizing!)

IT PAYS TO WAIT FOR A SURGE

Even the full swing of stepped up peacetime production can't quite meet the demand for Surge Milkers.

Dairy families need a machine that will do more of their work and save more of their time—they need Surge Milking.

The simple fact is that the Surge does do automatically what other machines have to be helped to do.

The Surge does do more of your work and save more of your time.

That's why you can afford to wait just a little longer and make sure you get a Surge.

BLAZING THE TRAIL with LAND O'LAKES

WHAT'S IN A NAME?

In "Land O'Lakes" There Have Been Two Decades of Dairy Prosperity

1924 In this year, millions of pounds of sweet cream butter were pouring from the cooperative creameries of the Northwest into the nation's consuming centers ... but there was yet no name by which this desirable product could be identified.

In 1924 a name-finding contest was held. More than 100,000 names were submitted. It took weeks just to classify the thousands of names, and the committee of judges was forced to meet again and again to decide the winner.

"Land O'Lakes," symbolic of the lake and forest country in which these marvelous dairy products are made, was the name selected. Soon the name of the organization was changed from "Minnesota Cooperative Creameries Association" to "Land O'Lakes Creameries, Inc."

Once more Land O'Lakes set the pattern that eventually became industry-wide—and, as it became so universal, returned to dairy farmers extra returns for their efforts. It has been pioneering over a period of 25 years that today enables Land O'Lakes to pay top prices for butter—then ship it to established markets at premium prices—meaning finer quality for consumers—more returns to producers. Investigate all the advantages of marketing through Land O'Lakes.

HJ. PETERSEN TO RUN FOR GOVERNOR AS A REPUBLICAN

Former Leader of State Farmer-Labor Party Opposes L. Youngdal

Hjalmer Petersen, twice elected to state office on the Farmer-Labor ticket and twice nominee on that ticket for governor Saturday switched to the republican party and filed for the Republican nomination for governor.

He filed in opposition to Judge Luther W. Youngdahl of the Stassen-Thye-Youngdal slate, and declared he was out to "smash this political machine which dominates Republican politics."

Petersen said the people who had urged him to file "know I have always fought the machine and a people's candidate must have good chance of success if there is to be a real challenge to the power of the present machine."

He said if successful in the election "I shall not stop attempt to dominate", but will co-operate with the other state officials.

"They are not kingmakers," he said in another shot directed at the Republican slate of Gov. Edward J. Thye for senator and Youngdahl for governor, which he has charged was handpicked by former Gov. Harold E. Stassen.

PARIS CELEBRATES AGAIN . . . For the first time since the war Paris burst forth with all its pent up gaiety in a colorful carnival that brought forth its brightest costumes and floats. The holiday spirit penetrated downward into the younger brackets, too, and here we see three children of the many who marched through the streets of Paris in masquerade, the hardships of war a thing of the past.

Many Towns Competing for Aquatennial Queen

Queen candidates for the title of Minnesota's "Queen of the Lakes" and the chance to reign over next year's aquatennial will be named by nearly a dozen Minnesota communities in the near future as the Aquatennial queen contest returns to its pre-war state wide status.

It was necessary during the war to confine the contest to Minneapolis but it has always been the intention of the Aquatennial Association that each Minnesota girl shall have a chance to be Queen of the Lakes and that the girl chosen annually for the honor shall be truly representative of the entire state.

Queen candidates from all over the state will be royally entertained during the 1946 Aquatennial, July 19 to 26.

BARKER FILES FOR GOVERNOR'S POST

Given Endorsement of Misnesota D-F-L Party

Harold H. Barker, publisher of the Grant County Herald at Elbow Lake, filed as a candidate for governor of Minnesota last Saturday. Mr. Barker was unaminously endorsed for this office by the Democratic-Farmer-Labor party at its convention in St. Paul recently. He was also elected convention chairman and state chairman of the party at this convention.

From 1930 through 1937 he served as a member of the legislature. In the regular and extra sessions of 1937 he served as speaker of House of Representatives. He served in World Warf for 21 months and World War II, 41 months.

As member of the legislature, Mr. Barker sponsored the proposal to use income tax monies exclusively for the public schools of Minnesota. In a statement made at the time of his filing, he said, "I believe the diversion of $12,500,000 each year for two years from the income tax fund by the present state administration was contrary to the interests and the wishes of the people of Minnesota. It was done to prevent the state tax rate on business, farms and homes from rising to one of the highest if not the highest, point in the history of the state.

"Further the many millions of dollars of the accumulated surplus in the income tax fund was distributed so that the state faces a tremendous financial crisis during the next two years. A certain group in Minnesota has wanted to enact a sales tax for many years. They will propose it again. I believe the budget can be balanced without it and I can assure the merchants and the consumers not only that I shall oppose a sales tax, but that I shall veto it if it is passed."

Annual Women's Camp at N. W. School June 10

The twentieth Annual Women's Camp will be held at the Northwest School of Agriculture at Crookston, June 10-13, 1946. Miss Greta Bede, camp leader, announces that an excellent program of lectures, demonstrations, and handicraft has been arranged. Great emphasis will be placed this year on the utilization of post war flour and new methods of preparing meats. The propagation and growing of house plants will be one of the new features of handicraft work this year. An attendance of 200 women in our Red River Valley counties is expected at the 1946 camp.

TO HONON 58 DIST. HIGHWAY WORKERS

Ceremony Planned at Crookston on May 1

A total of 58 state highway department employees in maintenance district No. 5 operated motor-driven equipment at least nine months in 1945 without preventable accidents. Safe driver awards will be presented to each of them at the employees' annual safety meeting at district headquarters in Crookston on Wednesday, May 1, at 9 m.

Six of the 16 maintenance districts, including the Crookston district, will receive bronze plaques in the safe driver contest for going through 1945 without preventable accidents. The Windom district will also receive a plaque for the best record in the industrial, or shop, safety contest in 1945.

A total of 1,046 employees in the state who went through 1945 without preventable accidents will receive awards. Special recognition will be given to 189 employees who have completed 15 years without preventable accidents; 51 who have completed 10 years and 44 who have completed 5 years with perfect records.

Farm wage rates went up in the U. S. 150 per cent from 1940 to 1944, and net income 170 percent.

Health Tests Urged for Pre-school Children at PTA-Sponsored Clinics

Five and six year olds, who will start school next fall, should begin preparations this spring by a good physical examination, the Minnesota Public Health association recommends.

"Starting to school is one of the most important experiences in a child's life. If he starts right hewill like school and get what he should out of it", says a bulletin from the state Christmas seal organization.

"The summer round-up of the children, the program of the parent-Teachers association, has this purpose—it aims to have boys and girls start school in good physical condition, therefore, it should have the support of all."

Almost 10,000 Minnesota children in 115 communities had preschool medical and dental examinations as a result of the round-up campaign in 1945, according to the report of the state chairman, Miss Clara M. Malvey.

Two Bottlers Awarded Prizes For Quality

(Reprinted from Nesbitt's News Hits Feb. 1946)

It had been planned to give one award each year for the best average quality. However . . . since this is a most unusual year . . . and since it has been more difficult to maintain quality during these days of shortages . . . it was felt that two prizes should be given.

A list of the first twenty bottlers is given here in alphabetical order. To arrive at the results, we divided the total scores for the year by the number of sets of plant samples that were sent to the laboratory during the year.

The high score and first prize goes to C. Hay Strain and his organization at Lamar, Colorado. Mr. Strain is awarded the large original oil painting of the "Checker Players". The second honors go to Benjamin Kiewel and his organization at Thief River Falls, Minnesota. Mr. Kiewel will receive the original oil painting of the "Tennis Girls." Both awards are attractively framed and represent the finest work of the country's top flight artists.

SAIPAN NURSE SMUGGLES CANINE MASCOT HOME

West St. Paul—Marines, as fighting men will, took a canine mascot to Saipan, where she and her master made the supreme sacrifice and an orphan puppy dubbed Tipper was left. Tipper changed owners two or three times and was denied Pacific passage an equal number of times until Nurse Lieutenant Goodwin Ullrich tucked her into a suit case and got her aboard and out to sea before discovery. Now Tipper's happy in her new Minnesota home.

INCREASE POTATO YIELDS THIS YEAR
by using one of these combination insect and disease control programs
POTATOES
A SPRAY PROGRAM
Dithane plus DDT
Extensive tests conclusively show that this combination results in increased potato yields whenever a systematic program is carried out.
DITHANE, sprayed at least once a week, has proved itself extremely effective against both early and late blight.
DDT, in the form of Rohm & Haas D-50 WETTABLE POWDER, is highly stable and compatible with DITHANE . . . provides one of the best controls for flea beetles, leafhoppers and Colorado potato beetles. A liquid, 25% DDT EMULSION CONCENTRATE, is available if preferred.
A DUST PROGRAM
Yellow Cuprocide plus DDT
YELLOW CUPROCIDE is again available. Dusts based on this outstanding cuprous oxide fungicide are effective against both early and late blight when used on a regular weekly schedule.
YELLOW CUPROCIDE has the highest copper content of any active ingredient on the market. This fact plus its extremely small particle size and great sticking qualities assure longer lasting blight protection.
A combination dust containing DDT and YELLOW CUPROCIDE will control potato insects. Use dusts containing Rohm & Haas D-50 DUST, a finely divided DDT product.

STATE INCOME TAX RECEIPTS HOLD UP IN CURRENT YEAR

Collections for Nine Months Ending Mar. 1 Aggregate 19 Million

The Minnesota department of taxation has made public figures indicating total income tax collections for this fiscal year ending June 30,1946, would be the third highest since enactment of the income tax law.

Collections for the nine months ended March 31 totaled $19,149,158 a drop of only 1.2 per cent from the corresponding period a year earlier.

While collections decreased slightly, the total number of returns increased 37.4 per cent because of a 1945 law requiring individuals with gross incomes of more than $1,000 and married persons with gross incomes of more than $2,000 to file returns, whether tax is due from them or not.

The number of returns rose from 371,696 to 511,195. Of the latest total however, 263,653 did not requirement payment of tax. This compares with 141,311 no tax returns the previous corresponding nine-month period.

Top year for income tax collections was that ending June 30, 1944, when the yield was $25, 161,032. The next year was second with $22,902,952, and department officials said indications were this year's total would be near that figure.

Moisture-Proof Bag

If you use a moisture-proof bag to keep leafy vegetables fresh in the refrigerator, be sure to wash it well with warm water at least once a week.

Less Milk

A number of experiments have shown that when cows are fed only roughage, including good pasture in summer, they will produce only about 70 per cent as much milk as they will when fed the recommended amount of concentrates.

Reflections

NO RIVAL

An old mountaineer, prowling about the site of an abandoned tourist camp, salvaged a mirror from the debris.

"I wudgeer," he exclaimed. "Here's a picture o' Paw. Never knowed he had one made."

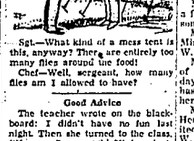
He took the mirror home and hid it in the attic. His wife, suspicious, searched about the attic after he'd departed the house and, finding the mirror, exclaimed:

"Ha, here's that woman he's been a-runnin' around with."

Looking more closely, she then added. "But I ain't afraid o' her. She's an ugly old devil."

Expert Correspondent

Joe—Gee, I just got a letter from Brown that says he understands I've been running around with his wife and he wants me to call at his office and discuss the matter. What'll I do?



Bill—Write a letter right back and say, "Received your circular letter. Be glad to meet the gang at your office."

No Word for It

Dub—I see you don't like music.

Pianist—That's just the trouble. I do.

EXCEEDING QUOTA

Sgt.—What kind of a mess tent is this, anyway? They are entirely too many flies around the food!

Chef—Well, sergeant, how many flies am I allowed to have?

Good Advice

The teacher wrote on the blackboard: I didn't have no fun last night. Then she turned to the class, "How can I correct this?" she asked.

"Learn to dance and get a boy friend," chirped a small voice in the back.

Between Meals

Small Boy—Gracious, I'm awfully hungry.

Sympathetic Aunt—What did you have for dinner?

S. B.—Company!

Weeded Out

Father—You remind me of Adam.

Son—Why, Dad?

Father—I put you in the garden to do a little work and all you do is raise Cain.

High Bank

Johnny—What do you want to be?

Tommy—Whist my father was in the last war.

Johnny—What was that?

Tommy—A civilian.

Riddle Me

Harry—What tool gets sharper the more you use it?

Jerry—Okay. I give up.

Harry—A sharp tongue.

As Always

Mother—Your hands look awfully dirty. What did you wash them in?

Son—In a great hurry, mother.

Slightly Modest

Girl—I suppose all geniuses are conceited.

Boy—Oh, I don't know. I'm not.

Potato Feed

Raw potatoes which New England dairymen are experimenting with as cattle feed should be fed at the rate of 15 to 25 pounds a day as soon as the cow has become accustomed to them.

Occupational Therapy

Ingenuity of the army's occupational therapists is paying big dividends in terms of function and strength restored to wounded soldiers in the army's reconditioning programs. By bringing the mild exercise and mental relaxation of constructive work to bed-ridden and confined patients, the medical department of the army speeds up their recovery even beyond the rate achieved by the medical care they receive. The purpose of the reconditioning program is to return men to duty in the shortest possible time and in the best possible physical and mental condition; or, if they are not to be retained in the army, to discharge them to civilian life in prime condition to resume their responsibilities.

Sour Cream Dressing

An easy way to make sour cream dressing is simply to whip the cream until it is smooth and somewhat stiff. Then add a little salt, and if you like it, add a dash of dill or onion juice.

LONG TIME NO DRIVE

Gibbon—When Charles Berger puts a car away, he puts it away. Obviously the kind of car owner who can drive 'em or leave 'em alone. When he decided recently to timber up the oil bus he had to take out a tree six inches in diameter that had grown up in front of the garage doors since last he drove.

Mussadine Jam

For mussadine jam, wash grapes, slip skins and simmer them in a very little water until just tender. Heat pulp separately to loosen seeds, then put through a colander. Combine pulp and skins and measure. Add 1 cup sugar to each 2 cups grape mixture. Add a pinch of salt. Boil briskly until thick. Pack in Recommended No. 2 tin cans while boiling hot. Process in boiling hot water bath for 10 minutes. Plunge in cold water and cool quickly.

Hide Damage

The damage caused by branding hides of range cattle—cows and steers alone—is estimated at more than six million dollars annually.

Watering Cut Flowers

Hard flower stems should be crushed or slit up for a few inches from the base when cut and put in water.

Air mail stamps were first placed on sale June 16, 1924.

SURVEY REPORTS ON BUILDING COST

New Home Cost Rises 44 Pct. in Six Years

It costs 44 per cent more to build a home today than in 1940; the house that could be built for $5,000 in 1940 costs $7,200 today, and will cost still more six months from now, according to a study by Northwestern National Life Insurance company.

Questionnaire surveys have disclosed that four out of five veterans want homes costing $6,000 or less. By shoddy construction, popularly known as jerrybuilding, a house can be thrown together for close to 15 per cent less than the cost of good, sound construction; thus the house costing $7,200 could be cut to just about $6,000.

Veterans and all prospective home buyers need to beware of a possible epidemic of jerrybuilding, the survey warns; the vast postwar home construction field is likely to attract a certain proportion of "slick" operators. Therefore the prospective buyer should deal with a well established, reputable concern, or at least be assured of expert inspection during construction, by the mortgage concern which finances the home.

Average rise in home-building costs in 26 principal U. S. cities since 1940 has been 44.4 per cent, according to the report which is issued by the insurance company's Family Economics Bureau.

Because further increases in material prices are expected within the next few months, bids now being submitted by contractors usually contain an allowance to cover such anticipated increases, or else contain an "escape" clause permitting final sale price to be revised in accordance with any cost which may occur. Many building contractors refuse to bid under present circumstances, and operate only on a cost-plus basis when building on private contract. In general, contractors prefer to build groups of houses, to be sold when completed and costs are known, rather than build to order.

Both materials and labor costs rose rapidly after World War I; total construction costs increased more than 40 per cent from early 1919 to early 1920. Prospective home buyers suddenly went on strike and began cancelling projects wholesale; the building boom turned downward in August 1919, and collapsed in early 1920. Price confusion held back residential construction until 1922, when the fabulous building boom of the twenties really got underway, the report recalls.

FARMER GENERAL ARNOLD . . . It's a farmer's life for Gen. Henry H. ("Hap") Arnold, retired chief of the army air forces, who is shown at home on his ranch near Sonoma, Calif. His surveyrman served under "Hap."

Chinese Enterprise

The scientific ingenuity, patience and skill of the Chinese were revealed anew on a recent government mission to the Orient. In a visit to a Chinese city famous the last 2,000 years for brine wells, Chinese were seen drilling deep wells for brine and natural gas. The interesting aspect is that they have penetrated to depths of 3,500 to 4,000 feet without any metal equipment except the cutting edge of a drill. They are using and have used, for hundreds of years, drilling methods developed independently in America.

American Indian

Origin of the American Indian has long been a major ethnological problem. Most authorities agree that they were long ago coming here from Asia by way of the Bering Strait. Other anthropologists, however, claim that the American Indian originated in Malaya. In 1924, when a law was passed providing that all non-citizen Indians born within the territorial limits of the United States were thereby declared citizens of the United States, they were given the right to vote.

Because of military use, truck tire production in the United States mounted steadily during the war and is expected to drop off from well over 16 million tires in 1945 to less than 14 million in 1946.

1946 Blue Grass Seed Crop

Latest type, steel frume, ground driven seed strippers available for 1946 harvest, also power strippers. Tractor owners in each community can harvest their own seed, also for neighbors. Make plans now to get started right on these important crops. Permanent arrangements to right parties. Seeds delivered to modern dryers for handling and threshing. Excellent market also for straight combined Blue Grass, Brome Grass, Reed Canary and similar seeds. Write giving kind of seeds you expect to have and approximate acreage.

The seeds that fell on good ground

They brought forth as much as a hundredfold, says the parable.

The age-old story has been used to illuminate many a lesson. Nowhere, perhaps, does it more aptly apply than to party lines.

The seeds, of course, are your own neighborly acts as you telephone—keeping calls short, allowing generous intervals between calls, replacing the receiver gently when you find the line in use, and so on.

The fruit is the better telephone service enjoyed by all, as neighbors on the line match you in courtesy and good will.

Most party line users have found it worth doing.

GROWING WITH YOUR CHILD

Institute of Child Welfare, University of Minnesota

Anger in Young Children

Johnny, aged two and a half, has a "temper tantrum." He expresses his frustration by crying, hitting and kicking. His mother wonders what she should do. Is this typical of children of this age? Why does he act this way?

Most young children show anger responses at sometime during their early development. Anger outbursts reach a peak during the second year and then decrease rapidly. Although boys show anger responses more of ten than girls, the differences between individual children are much greater than the differences between the sexes.

The adult may ask himself a series of questions in connection with a child's temper tantrums. Is the child in good health? How many adults are there in the household? What time of day is it? Is the child very tired?

Ft L. Goodenough studied anger outbursts in a large number of young children and found that a number of factors affected the number of anger outbursts. The child who is constipated or has a slightly cold is more apt to show anger. A moderately severe illness may leave an aftermath of irritability. Because the sick child is more likely to get his own way through anger than is the well child, children with a history of illness show more anger responses.

The greater the number of adults in the household, the greater the number of anger outbursts in the child. With more adults about there are more directions and commands, greater inconsistency in methods of control, and more frustrations. A hungry or tired child is also more prone to anger than is the well fed and rested child. Goodenough found that anger occurred most frequently immediately before meal time.

The adult who considers these factors when his child has a temper tantrum will act with more understanding. He can help the child learn to control his anger and respond in a more constructive way. Perhaps he should change the child's routine of eating and rest. If the child is ill, the parent should consider this factor. If the behavior of the adults with whom the child lives is stable and consistent, so that the child has confidence in them and can depend on what they do, the child, in turn, will behave less erratically and control his own outbursts better.

STEINER and AGDER

A large crowd attended services at the Sateradal church Sunday when a class of 4 pupils were confirmed by Rev. Erickson. They were: Betty Ose, Alsace Senum, Conley and Ramona Nygaard. A family dinner was served in the church parlors by the Sateradal Luther League. This was also in the form of a farewell party for the Nygaard family, who are leaving soon for Pennsylvania to make their home. The Nygards were presented with a purse of money in remembrance after which they responded with thanks.

Don't forget the Silver Creek ladies aid will be held at the Otto Rupprecht home on April 28. Also the Bethlehem Ladies Aid at the Ole T. Ose home, April 24.

Mrs. Stanley Wick and her brother Morris Halverson left Tuesday morning for Duluth where they will visit relatives.

Guests Sunday at the Robert Rupprecht home were Mr. and Mrs. Jorgen Austad and 2 girls Beverly and Marlene, Mr. and Mrs. Willis Johnson and 3 children, Mr. and Mrs. Matt Kraemer and Bonnie, Mrs. Langseth and Mrs. Bertha Austad.

Mrs. Carl Overum and daughters Clara and Ella, were Sunday afternoon guests at the Carl Olson home.

Rev. Silas Erickson will hold Easter services at the Bethlehem church next Sunday at 11 o'clock.

News of R. R. Valley Home for the Aged

Mr. Heitzelman from McClusky, N. D. came on Friday to visit at the Home and to confer with Rev. Rahine on various matters. He returned to his home on Saturday.

Our home was beautified over Sunday by a lovely bouquet of flowers brought in by the Andrew Hagen family.

Thorwald Jacobson accompanied Carl B. Larson to Greenbush on Saturday returning here the same evening.

Mrs. Emma Pfinsmon, Mrs. Theo Olson and Mrs. Crnik were callers at the home last week and also week and also visited with Carrie Hoverstad.

The Baptist Young people met at the Home of their regular program and Bible study. The meeting was in charge of Dorothy Van De Street with Rev. Rahine giving a message that was helpful to both old and young folk.

Mrs. P. A. Johnson and her sister visited at the Home one afternoon bringing a treat of oranges with them.

Mrs. Mona Jelle called on Mrs. Northome who has been ill for several weeks, but is now able to be around as usual.

Lorraine Mee entertained the program committee of the young peoples Fellowship of the Ev. Free church on Tuesday evening.

J. P. Johnson and son Tilmer of near Plummer called on Mrs. Moe, and Alida Petersen on Thursday, then driving out to Numedal to see Ida Sando.

Carrie Boe called and had dinner with us one day last week telling us about her interesting trip to the Ortman Bros. at Canistiae, S. D. Her sister Mrs. Merk accompanied her on the trip and both ladies are sure they were benefited by the treatment.

Mrs. Kate Spiess returned to the home Friday evening after an extended visit in St. Paul.

Frank Bredin returned late Saturday evening from a few days visit in Minneapolis.

We received a large pail of eggs for Easter from the Ostlund family near Newfolden and creams and cottage cheese from Mrs. Hans O. Sando, for which we are very thankful.

Mrs. Northome treated the family to ice cream on Sunday in memory of Mrs. Thorwald Jacobson, whose birthday occurred on that day.

We are glad to report our house cleaning completed this week and in memory of our departed friend of the last week hanging a beautiful picture over the piano. The friends those honored are Theresa Hoveless, Andrew Folvik, T. J. Carr, Mrs. Thorwald Jacobson, John H. Paulsonn, Niels Hanson and Adeline Flamme. Blessed be their memories.

Word recently received from Mrs. Helen Doman informs us she is not well yet, but thankful to be some better. She sends greetings to her many friends here.

Rev. and Mrs. Antner and Mr. Anderson of Fosston visited at the Home on Monday, while attending to business matters in town.

Mr. Solmonson has just completed painting our west hall on the first floor and we are indeed pleased with the fine appearance of all his work for us.

Wilfred Langness has just completed the matron's apartment and will contrive work on the kitchen next week. We are very thankful to the Trinity Lutheran Ladies Aid for the storage cupboards given us last week.

John A. Hanson returned to the Home on Tuesday after a two week's stay with relatives near Newfolden.

British Dominion

The Union of South Africa is a dominion with the British Commonwealth. It spreads over the southern end of the African continent with an area nearly one-sixth as great as that of continental United States, and has a population of 9,500,000, including 2,000,000 Europeans. Through the South African port of Capetown had come immigrants from many countries. In 1652 Jan van Riebeek, a surgeon of the Dutch East India company, established a small colony there to grow vegetables for sailors on the company's ships in oriental trade. The city was nicknamed "Tavern of the Sea."

New Technique Advances Surgery for the Aged

Surgery for the aged—increasing in importance today—should not be considered with fear or alarm by patient and family, urges Louis Carp, M. D., in the Health Magazine.

Dr. Carp, a New York City surgeon, points out that the increasing span of human life is offering a greater challenge to doctors. Based on the latest census figures, there was an increase of 25 per cent of persons over 65 years of age between 1930 and 1940. In another 15 years, life expectancy should reach 75 years. Consequently, the health, social, economic and political significance of the increase of life span must be emphasized.

"Old age does not necessarily prevent surgical procedures," Dr. Carp remarks, "which may save or prolong life, produce continued physical comfort and the relief of pain, and add economic, functional and social usefulness. Today there are still many instances of a defeatist attitude toward surgery for the aged on the part of both patient and family alike. These outdated attitudes should be abandoned in favor of a more progressive outlook, the result of marvelous advances in medicine and surgery in the last quarter century. It should be our aim to 'add life to years and years to life.'"

Gas Packing Assures Canned Foods Freshness

"Gas packing" is a term that may some day match the popularity of "vacuum packing" as a guarantee of flavor freshness in canned foods such as coffee, nut meats, candy and dried and dehydrated products. Both processes have the same purpose — to prevent rancidity, off-flavor and vitamin loss by eliminating oxygen from the containers in which the foods are packed.

Gas packing has been in commercial use for a number of years, but has not enjoyed the publicity that made vacuum packing famous. Each process has certain advantages, but it is impossible to tell which is best for any particular product until specific laboratory tests have been made.

Whereas vacuum packing is the process of drawing air out of a can before it is hermetically sealed, gas packing works on the opposite principle of displacing the air (oxygen) with an inert gas. Actually the two processes are usually combined — the air is first exhausted, and the gas is then allowed to rush in and take its place. The gases used are either carbon dioxide (the well known "soda pop" gas, or nitrogen, which makes up 78 per cent of the air we breathe. Both gases are harmless, and do nothing but take up space.

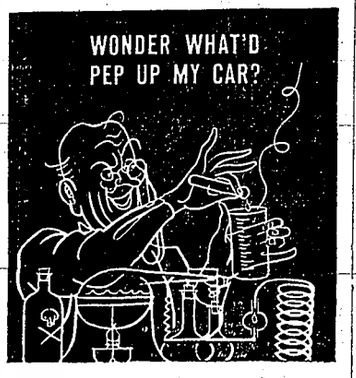
4H WEEK JUNE 3-8 AT N. W. SCHOOL

Northern Counties to Hold Sessions June 4-6

The annual 4-H club week for boys and girls of the Red River Valley counties will be held at the Northwest School of Agriculture at Crookston, June 3-8. Superintendent T. M. McCall announces that two 3-day camps will be held during the week with club members from the south part of the district attending the camp, Monday through Wednesday, June 3-5, and the north counties, June 4-6.

The south district camp scheduled at Crookston for June 3-6 includes the following counties: East and West Ottertail, Clay, Becker, Mahnomen, Norman and East Polk. The north district counties meeting June 4-6 includes West Polk, Clearwater, Red Lake, Pennington, Marshall, Kittson and Lake of the Woods.

Members of staff of the 4-H club department under the leadership of A. J. Kittelson, state director of county agents, and county club agents will be present to assist the instructors at the Northwest school in giving up to the minute instructions in club projects.



Superintendent McCall announces that with more than 1000 boys and girls expected for the camps, the registration for the campus must be made through the local county agent or county club agent.

MALLARD STUMPED FOR NESTING PLACE

Elbow Lake— Three years ago Art Ledum, farmer near here, noticed a nest in the notch of a tree only 20 feet from the house and some nine feet above the ground. It proved to be a mallard duck hen. Last year she, or her daughter, was back, and this year again the nest is being put in order for the third generation. Only problem is getting the ducklings to the water, in which twice before the Ledum's and a stepladder have played major role.

Year-Round Hatcheries

Though most of the chicks — 60 per cent — are hatched during March, April and May, some hatcheries operate the year round, and a farmer can buy chicks at any time he wants them. This is largely because of the broiler business.

Cuts Fire Hazard

The fire insurance industry is particularly interested in the value of paint from a fire protection standpoint. Unprotected wood has a tendency to weather and dry out until it becomes like tinder. Paint, however, keeps wood in good condition, so that a wooden building painted is less likely to take fire than one that is unpainted. Another important point is that in order to paint it is first necessary to clean up, thus eliminating the hazard of accumulated refuse.

Angler Fish

The angler fish can swallow fish bigger than itself because of its "elastic" stomach. This remarkable fish gets its name from a long movable thread projecting from its head which it uses as a lure to attract its prey. The angler fish is able to walk along the bottom of the sea on specially formed fins.

CITY COUNCIL APPROVES BATH HOUSE PROJECT

Diamondball League Gets Permission to Use East Side Playground

The city council Monday evening held another lengthy session before adjourning at what is getting to be the usual hour of 1 a. m. The meeting was protracted by a spirited discussion on the question of installing floodlights on the east side playground for the use of the city diamondball league three nights a week. Before adjourning the council voted to grant the request, presented by Walt Larson in behalf of the teams composing the league.

A group of residents whose homes adjoin the playground were present to voice their objections to the proposal on the ground that it would create a disturbance until late in the evening, as well as creating a parking problem; while proponents pointed out that perhaps 70 per cent of the players on the teams are veterans of the late war and that the games would end by 10:30.

After another long discussion, the park board, represented at the meeting by Harry Simons and Lawrence Bjorkman, was authorized to proceed with the construction by day labor of a new bath house in Tindolph park at a total cost not exceeding $10,000.

The project, which has long been advocated by the local Junior Chamber of Commerce and other organizations, and on which no bids were received in response to a recent call for proposals, was approved subject to the following provisions:

That all legal requirements be complied with; that two bids be received on labor and materials; that a contractor acceptable to the council be engaged to supervise the work; and that the cost of the project be not in excess of $10,000.

A series of recommendations relating to the parking problem in the city were submitted by the Civic and Commerce association, and were referred to the council's street committee for consideration. Major recommendations include;

That parking lines be painted on the downtown streets as quickly as possible;

That business and professional men and employes be supplied with stickers to be affixed to the windshields of their cars to show that they are cooperating by parking their cars off the street.

That signs be installed calling attention to the location of parking lots.

That five-minute parking in front of the two banks be put into effect between the hours of 9 a. m. to 3 p. m.

That no-parking signs in front of the theatres be changed to permit parking when shows are not in progress.

The council voted to call for bids on the purchase of a new police car, the bids to be opened at the next regular session July 14. The present car will be sold later, it was indicated.

Also discussed at the session was the city recreation setup, those participating including Bill LaPaw chairman, and other members of of the recreation board, and the arena management. Action on proposed changes was deferred to a later meeting.

Dr. George L. Johnson of Newfolden Succumbs

Dr. George L. Johnson, pioneer Newfolden physician and former Marshall county representative in the legislature, died at University Hospital in Minneapolis on Friday where he had submitted to an operation. Dr. Johnson was a candidate for the legislature at the coming election, his death leaving the field alone to Emil Morberg, present representative. An obituary will appear in the Newfolden news column elsewhere in this issue.

LAGUARDIA VISITS VALLEY TO APPEAL FOR MORE WHEAT

Seeks Grain Deliveries for Use of Starving People Thruout World

The tiny Red River valley community of Climax in the heart of one of the world's richest spring wheat areas will play host Friday to Fiorello H. LaGuardia, director general of the United Nations' Relief and Rehabilitation administration.

La Guardia chose the village, which had a 1940 population of 253 as the scene of a direct appeal to northwest wheat growers to speed delivery of wheat from farm to starving people throughout the world.

Charles W. Stickney, manager of the Minnesota emergency food program, will be host to the former mayor of New York City during his Minnesota visit.

Plans call for LaGuardia to fly to Fargo this afternoon. There he will confer with farm leaders from Minnesota, Montana, North Dakota and South Dakota on the progress being made in efforts to get wheat off the farms and on its way to destitute areas abroad.

The UNRRA chief is to go from Fargo to Climax by automobile Friday to watch farm-to-elevator movement of "mercy" wheat.

Tentative plans call for two nationally broadcast talks by LaGuardia. One will be an openair address at Climax. The other is to be made from Moorhead.

Stickney said LaGuardia's flying trip to the northwest wheat country was necessitated by the grave world food outlook. He said that an estimated 115,000,000 bushels of wheat in the northwest spring wheat area is the greatest single stockpile in the world.

"The northwest holds the only reserve for export," said Stickney, "and I know that northwest farmers will answer the call of president Truman, Director General LaGuardia, and Secretary of Agriculture Anderson to speed this wheat to the famine areas."

THRONGS ATTEND EASTERN SERVICES

Ideal Weather Favors Observance in City

Churches o this community were filled to capacity at festival services on Easter Sunday. Ideal spring weather contributed to the large turnout of worshippers for the occasion.

An audience that filled the main floor of the municipal Auditorium attended joint Good Friday services held under the joint sponsorship of the Trinity, Zion and First Lutheran churches.

Rev. Walter M. Pedersen discussed the story of the crufixion in relation to the individual, while Rev. Carl F. Johnson spoke from the standpoint of the church and Rev. G. S. Thompson developed the theme in relation to the world.

Song selections were given by members of the three congregations.

GROWING WITH YOUR CHILD

Institute of Child Welfare, University of Minnesota

Imaginary Playmates

Susan told the visitor in their home, "You are going to sleep with Gogo tonight." Upon inquiry of Susan's mother she found that Gogo was an imaginary playmate who lived in and on the studio couch. It is a fairly common experience among alert, highly imaginative children to develop an imaginary playmate, particularly if they have no playmates of their own.

Very young children do not have enough experience to distinguish between real and pretend. In their desire for a congenial companion with whom to play they "imagine" a playmate who joins in the child's activities, who always does what the real child wishes, and in general plays a supporting role.

Gradually, as the child grows older and has more experiences with real people and objects, this imaginary playmate disappears. Frequently adults cannot remember that they ever had such a companion, although parents remember the imaginary playmate vividly.

The occurrence is common enough so that parents need not be unduly alarmed by its appearance in their child's play, unless it persists to the point where the child cannot distinguish between the real and the actual, and refuses to respond to the normal everyday demands of living.

Usually when a child is provided with playmates his own age and with similar interests, the child becomes absorbed in the fun activities that he gradually forgets about the pretend playmate. Sometimes the child who has playmates, as it nursery school, continues to play with the imaginary one at home. Having companions part of the time merely increases the desire for companions all the time.

More often the imaginary playmate disappears, from the child's play without the child being aware of it. Adults should recognize that the imaginary playmate arises out of the child's need for companionship. By providing congenial playmates and interesting life experiences and by encouraging him with real playmates, the constant imaginary playmate will disappear and be replaced by satisfactory play with friends.

HARLAN F. STONE, CHIEF JUSTICE OF U. S. DIES MONDAY

Truman Orders 30-day Mourning Period for Supreme Court Head

The nation will go into official mourning for 30 days for its chief justice, Harlan Fiske Stone.

President Truman Tuesday directed that the flag be flown at half staff on the government's buildings everywhere for the period in recognition of Stone's eminent and varied services as a public servant.

Stone, 73, chief justice of the United States for four years and seven months and a justice of the court for 16 years before that, died at 6:45 p. m. Monday at his home in Washington. Cause of death was given as a cerebral hemorrhage.

Passing of the chief justice, who, although a Republican, was named to head the court by President Roosevelt, came with little warning. It was at first thought the chief justice had suffered no more than a severe attack of indigestion.

Stone became ill during Monday's session of the supreme court and had to be escorted from the bench to his chambers. On the high bench took a temporary recess.

To Speak in Auditorium

REV. GUSTAF F. JOHNSON

Pastor of the Park Avenue Covenant church in Minneapolis, who will speak in the municipal Auditorium next Sunday afternoon and evening, April 28, under the sponsorship of the Union Gospel Tent—Mission.

Flower of Nativity

A little Mexican waif on Christmas eve had no gift to take to the cathedral, so not wishing to enter emptyhanded, she picked a weed along the roadside and climbed the steep path to the church. She knelt and laid her gifts on the altar, and as she rose to go she saw that the poor little weed was transformed into the Poinsettia or the Flor de la Noche-buena, or Flower of the Nativity, as it is called in Mexico.

Former Resident of This Community Dies In Chicago April 20

Lyda Evelyn Harnish, 43 of Chicago, passed away at her home in that city April 20. Services will be conducted by Rev. Carl Thompson of Viking and Rev. G. S. Thompson of this city, in the Trinity Lutheran church this afternoon at 1:30 p. m. Interment will be made in the Lanstad cemetery.

Lyda Evelyn Harnish was born in Bray township February 21, 1903. She was baptized and confirmed in the Lanstad Lutheran church by Rev. Bergford and attended the Oak Grove School. As a young girl she went to Los Angeles, California, where she lived for six years. She then returned to this vicinity where she lived for two years before going to Chicago. From there she went to Valparaiso, Indiana where she was married to John D. Harnish. They lived in Chicago until her death.

She leaves to mourn her death, her husband John D. Harnish of Chicago, her parents Mr. and Mrs. Alfred G. Olson of this city, 9 sisters, Mrs. Yeschick of Brainerd, Mrs. Albin Voldness, of Genoa, Wisc., Mrs. Eckard Lahe of Thief River Falls, Mrs. Melvin Voldness, of Chicago, Miss Leona Olson of Chicago, Mrs. Alvin Comstock and Mrs. James Vitale of this city, three brothers Walter Olson of St. Hilaire, Ralph Olson, Duluth and Allen Olson of this city; and three uncles and one aunt. She was preceded in death by two brothers.

Sherbet Cubes

To top fruit cups with sherbet, pour the ingredients into an ice cube tray and freeze. When ready to use just dip the tray for an instant in lukewarm water and out will pop individual sherbet cubes.

Faulty Construction

Faulty construction of farm and home buildings causes about 50 per cent of rural fire losses, according to the National Fire Protection association.

Appetizing Carrots

Slice large carrots crosswise in thin slices. Chill thoroughly in refrigerator, placing in ice water unless very fresh. Spread with peanut butter.

Rail Quiz

What are the functions of the Railroad Retirement Board?

The Railroad Retirement Board is the federal government agency charged with (1) administration of the retirement system for railroad employees under the Railroad Retirement Act, approved in 1937, and (2) administration of unemployment insurance for railway employees under the Railroad Unemployment Insurance Act, approved in 1938.

Durable Blanket

For a durable blanket that will hold its shape when laundered, look for a close, even weave. Hold a single thickness up to the light—you should see tiny, even holes the size of a pinpoint. Gently pull a small bit of the wool between your fingers. If the nap pulls out easily you may know the surface is overnapped and the fiber weak. For the most warmth, the nap should be thick and firm. Winterweight blankets vary from three to five pounds; but weight doesn't necessarily indicate warmth or quality, since poor, shoddy wool sometimes weighs more than good wool.

Keeps Shoelaces Evergreens

A large number of evergreen plantings are being affected, many of them killed, by industrial fumes and smoke. Evergreens were found affected in those sections where pulls of smoke-subject the trees to continued fumes all the time, such as near coke ovens, railroad yards, burning slag piles; and where very large quantities of bituminous coal are burned. All types of evergreens were found to be affected, while those trees which annually shed their leaves seemed to thrive despite the conditions. Foresters explain that the accumulated residue left by the fumes and smoke serm to "smother" the evergreens. For individual ornamental evergreens in such areas, wash down the trees twice a year with soapy water as one remedy to save the evergreens.

Effective Dyeing

An indispensable prerequisite to effective dyeing is to have the article wanted well thoroughly rinsed. It is recommended that you remove all buttons, buckles and trimmings and rip out seams, pleats and linings to permit the dye to penetrate evenly through the fabric. All stains should be taken out. If the article is unevenly faded, the color should be removed first. The vessels to be used should be agate ware, enamel ware, enamel or stainless steel. Iron, galvanized iron, aluminum and copper vessels should be avoided since these metals have a dulling effect on the color. The dyeing vessel should be sufficiently large to hold the article without crowding. The only additional equipment is a smooth stick or wooden spoon for moving article about in the dye-bath.

Delicate Curtains

When delicate curtains are washed in a washing machine, first baste the curtains into muslin bags or pillow cases to protect them, suggest home economics specialists.

Sealing Hot Jelly

Never put paraffin on hot jelly. The jelly shrinks while cooling and will leave an air space between the jelly and the paraffin, an excellent place for mold growth to begin.

Egypt Kingdom

Long part of the Turkish empire, Egypt came under British control in 1882. A British protectorate was declared in 1914 and terminated in 1922, when the independent kingdom was established. Government of the kingdom follows the British pattern with a two-house parliament consisting of a senate and a chamber of deputies. As large as Texas and Arizona combined, Egypt is a corner of the dry Sahara and its economy hinges on the one shirtsleeve acre area that is watered by the Nile. Construction of dams and networks of canals under British engineering direction has in recent years greatly expanded irrigation on which Egyptian farming has been based for no less than 6,000 years. Cotton is the leading crop; sugar cane, grains, tobacco and vegetables are produced in volume.

On Easter Sunday at the home of Mr. and Mrs. Henry Nabben in Thief River Falls were held a family reunion honoring, Mr. and Mrs. Harold Nabben newly weds at a reception. Those taking part were Mr. and Mrs. N. Nabben and sons, Percy Erling and Victor, Mr. and Mrs. Manuel Moe family, Mike and Alfred Nabben families of Agder, Mr. and Mrs. George Green family, (nee Johanna Nabben) of St. Thomas, Mr. and Mrs. Nelson Dunbar family, (nee Josephine Nabben) all of Duluth, and Mr. and Mrs. Henry Nabben and son.

Mr. and Mrs. Simon Moe, Oscar Moen and son Orren all of Duluth arrived Thursday and spent the week-end here at the Manuel and Arthur Moe homes, also with grandpa Moe at the hospital who is only a little improved at this writing. They left for their home Monday.

Sunday visitors at the Art Moe home were Simon Moe of Duluth, Clarence Larson family, Mrs. Arnold Meyers all of Holt. Mr. and Mrs. Hans Langlie of Newfolden also Mr. and Mrs. Edwin Anderson and family and Mrs. Hogenson and children.

Mr. and Mrs. M. Nabben from Minneapolis came Saturday to be present at the reunion held at the Henry Nabben home. They returned to their home Sunday. They are cousins of the Nabben family.

Mr. and Mrs. Raymond Knutson were hosts at a party at their home on Wednesday evening honoring their little daughter Eileen who was one year old that day. A lovely lunch was served including a birthday cake in white and pink with one red candle. Those taking part were Christ, Lloyd, and Clifford Nelson families, also Johnny and Harlan Knutson families, Mr. and Mrs. H. Bendickson of Goodridge and the Panek young folks.

The Silverton 4-H club met at the Oden Hansen home Monday evening to practice their play for the 10th of May when all 4H clubs will present their plays in Thief River Falls.

Standard Oil Company Announces New Product

Development of a new product called Stano-Purge for cleaning crankcases and lubrication systems of engines and another product named Stano-Vim for purging fuel burning systems of gasoline engines is announced by Standard Oil Company of Indiana. Neither product is generally available at service stations yet, but both will be soon.

Stano-Purge is designed to remove loose crankcase sludge and clean oil screens and passages. Stano-Vim's function is to remove varnish, gum, and carbon deposits from valve stems, manifold, and intake valve parts, remove combustion chamber deposits, and clean fouled spark plugs.

Foreign Trade

In prewar days the United States was second only to the British empire in trade with South Africa. United States imports including copper, chrome, tungsten, lead, manganese and other ores, in 1940 Americans ordered two million pounds of lobster tails, ice-packed for shipping 7,810 miles to New York City. These rock or Cape spiny lobsters are really sea crawfish, lacking the big pincers of the lobster.

RAILROADS SEEK 25 PCT. BOOST IN FREIGHT RATES

Higher Pay of Employees and Rise in Supplies Costs Given as Reasons

Railroads of the United States last week asked the Interstate Commerce Commission for an increase of 25 per cent in freight rates, with certain exceptions as to which lesser increases were sought, to become effective on May 15, subject to modification by subsequent orders of the Commission. No increase was asked in the present passenger fares.

A general and immediate increase in freight rates is imperative, the petition said, to meet the critical situation resulting from the combination of increased wages of railroad employees, increased and increasing prices for materials and supplies and severe decline in traffic and revenues with freight rates still at prewar levels and passenger fares only slightly higher than before the war.

With costs going up and volume of traffic and revenues going down, the petition declared, "the railroads have passed the point where it is possible to continue to meet the need for adequate and efficient transportation with rates at the present prewar levels."

Wages of railroad employees the petition added, have recently been increased under the procedures of the Railway Labor Act by 16 cents an hour to apply retroactively from January 1, 1946, which is estimated to add $615,000,000 to the 1496 wage bill. Added to previous increases of 26 per cent, this brings the total increase in wage levels since before the war to almost 48 per cent, making the total wage payments in 1946 approximately $1,355,000,000 more than would have been paid on the prewar basis.

War Alcohol

Direct military and lend-lease requirements of alcohol from 1942 to 1945 totaled 258 million dollars. Smokeless powder and chemical warfare materials were high on the list as important consumers. The small portion remaining of war alcohol after these many purposes were served went for use as antifreeze, since many previously available chemicals for this purpose were being diverted into direct war uses.

Penicillin Aids Children

Three pediatricians reported the effectiveness of oral penicillin administered to 10 children with gonorrhea, 2 with pneumonia and 2 with cellulitis, an inflammation of the soft tissues underlying the skin. There was prompt recovery in all cases.

PACKED WITH YOUNG IDEAS

Topics of the Times

By N. A. H.

It's about time, folks, to give the old lawnmower a workout.

With three U. S. Senate candidates hailing from Northfield, that town should have a good chance of being represented at Washington.

Seven Pennington county office holders are unopposed for reelection this year. They must live right.

The picnic season is just around the corner, but ants this year don't need to look for any sugar to get into.

Remember way back when motorists put their cars up on blocks for the winter?

Party lines don't seem to mean much any more. Four former Farmer-Laborites are running for state and federal offices as Republicans this year.

Things are getting back to normal. The Memorial Day 500-mile auto race at Indianapolis is being resumed this year.

Remember, motorists, when you see someone sporting a white cane, that person is blind.

That long dry spell this spring didn't suit the forest fire fighters.

Random thought—Wonder if the youngsters still hike out into the country in the spring in quest of mayflowers.

Judging by the emphasis laid on sex in current best-selling fiction, the human race is a neck and neck affair.

At the rate new houses are being projected in town, there soon won't be any vacant lots available for local gardeners.

Another Mexican war is in progress. This time it involves baseball players.

Looking Backward

1916—THIRTY YEARS AGO

The post office department instituted new star mail routes to Grygla, Goodridge and Mavie.—J. S. Roy of River Falls was the first candidate for county office, filing for county commissioner.—Daniel Shaw left for St. Paul to attend a meeting of the state forestry board.—A farmers club was organized at Mavie with John Phillipp as president and Thomas H. Smith as secretary.—J. J. Hill contributed $5,000 to a fund raised for North Star college at Warren.

1926—TWENTY YEARS AGO

Rev. E. L. Tungseth, for the past five years pastor of the Lutheran Free church at Hawley, has accepted a call to serve Zion Lutheran church in this city and affiliated congregations.—The local cooperative poultry association last week shipped 905 cases of eggs, setting a new high mark.—Alderman Alfred Bredeson was named president of the Rotary club, succeeding Dr. A. W. Swedenberg.—J. Provencher, proprietor of the Evelyn hotel, is recovering from a serious illness.

1936—TEN YEARS AGO

The Resettlement administration is planning to purchase and improve a large number of tracts of farm land in this locality.—Dr. O. F. Mellby was named president of the Rotary club succeeding Dr. Edward Brattrud.—Joe Maruska was named Pennington county Democratic chairman at the party's county convention.—Mr. and Mrs. Martin Bothun returned from a six-months sojurn at Phoenix, Arizona.—W. L. Carlisle, president of the Civic and Commerce, appointed a committee to request the council to reduce electric light and power rates in the city.—Mr. and Mrs. H. A. Brumund returned from an extended stay in Florida.

Stupid Animal

The porcupine is slow and stupid and these characteristics have been the salvation of more than one lost hunter and woodsman. Of all the forest animals the "porky" is the only one which an unarmed man, sick from hunger and exposure, can kill with a stick or a stone.

REVAMP COURT MARTIAL . . . Dean Arthur T. Vanderbilt, New York university law school, who has been named chairman of civilian board of nine law experts to overhaul army's court martial procedure which has been severely criticized recently.

PUBLIC OPINION

Editor of the Times:

In last weeks issue of the Times in an editorial defending Governor Thye for his recommendation to divert 12 million dollars from the State Income tax fund of 25 million dollars to our State University building fund and as the editor has several times asked me to write in any time I did not agree with an editorial, well here goes. As I recollect the governor recommended 12½ millions and th legislature fixed it at 14 million dollars.

In his editorial the editor seems to imply that the Governor had to find some plan to raise some money. All right lets take this for granted I undestand that our republican friends say they have the same rate of iron ore tax as was in force under Governors Olson, Peterson and Benson, but the way this is applied our republican administrations have favbred the mine operators by tens of millions dollars every year they have been in office, at least that is what Hjalmer Peterson says and I have heard no one that has challenged his statement so far. And if so why could not Governor Thye insist that the taxes due from the mining of the iron ore be enforced?

If the taxes due would have been collected there would not have been any trouble about money. When the Governor made his recommendation to the legislature our superintendent of schools in Marshall County sent a letter to all school clerks and asked them to call together the school board members and protest against the robbing of our schools of the money that belonged or was due them and our school board wrote to our State Senator and Representative and the Governor, we wrote to Senator Dahlquist also and got a nice reply and got a reply from Gov. Thye but he never touched the matter we wrote about, I may be dumb, but I have been in the town board and a member of our school board from the time I came of age and I am now past 60 years old, but never during all that time has the help our schools get from the state been as small as the last year or so.

In our Dist. 117 Marshall County the money we receive from the state is to say the least a disgrace. It it were not for the old taxes paid in the forfeited tax sale, we would be in red. As a rule I agree with Senator Dahlquist's editorials, but not this time. When one considers that 90 per cent of our press is down on their knees to big business and all of 90 per cent of our press and all our radio broadcasting stations are republican, there is wonder for all the false propaganda they pass that we still have some honest people among us.

We have nice weather now and, lets hope it will last, and here is a greeting to the editor and help and all the Times readers.

Very truly yeours,
G. A. Sustad

Excusable Error

Corporal (at a reception)—Goodness gracious, I've done something terrible!

Sergeant—What?

Corporal—I mistook our hostess's hat for a sandwich and put mustard inside!

Not Forlong

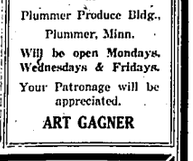
Tom—What's worse than swallowing a ruler and dying by inches?

Dick—How about going out of the house and dying by the yard?

Harry—Or getting down under your bed and dying by the foot?

Music in the Air

Myron—I see you advertised your saxophone for sale.



Byron—Yes, I saw my neighbor in the hardware store yesterday buying a gun.

Off Key

Brown—Is that a popular song she's singing?

Blue—It was before she started singing it.

CLEANING UP

Bill—My wife is a whiz at removing spots from clothes.
Phil—Grease spots?
Bill—No, five spots and ten spots.

Clean-up week comes at least a week earlier this year by official proclamation and we are not going to take issue with the official proclaimers on the justification for their decision to be governed by the weather rather than the calendar. Good progress has already been made by the natives in our neighborhood, but we notice there hasn't been any rush about replacing the storm windows with screens. After all, winter in May is more common than summer in April. Incidentally, while we are on the subject, we are now loaded for the next guy what tells us a late Easter means a late Spring.

Adjoining residents of the East Side Playground were not successful in their effort to exclude organized kittenball from the park's scheduled activities. Their position in the matter is understandable, but so is the position of those who wish to use the park for this purpose. Considering the problem from the standpoint of the greatest good for the greatest number the council undoubtedly came up with the right answer. The block is established as a playground and kittenball is a proper playground activity. All of which reminds us once again that we need more playgrounds on both sides of the river and this need will become greater as the city becomes larger. Only a few years ago what is now referred to as the East Side Playground was merely another vacant block on the edge of town. Now it is the center of a well developed residence section of the city. With this example fresh in our memories, why would it not be good planning for the city to acquire a block here and there on what is now the outskirts of the town to be held for future development as parks and playgrounds?

Week after week the argument over OPA continues, and that is not a good thing for the country, prolonging, as it does, the uncertainty that is so big a factor in retarding recovery. Either it should be killed quick or given a new franchise, and it would seem that present conditions would justify an extension of its powers. The removal of price controls at this time could be disastrous. But if we are to have OPA let us have it in a more practical form. Much of the present confusion can be attributed directly to OPA bungling. It has been dominated too much by political considerations, striving to be popular rather than practical. Here in our own community we have seen a well established dairy product manufacturing and marketing system completely disorganized by unintelligent OPA regulations, and what is true here on a small scale is apparently true on a large scale the country over. We probably would not be worse off without price controls than with them as they are now being administered.

Fiorello LaGuardia, the colorful Little Flower of New York City, will visit the Valley tomorrow and from the little town of Climax will appeal to the farmers of the Northwest and the nation to market all available wheat in order that it can be rushed to the people of the starvation areas of the world. At 10:15 in the morning he will be on the air with his message—a good time for a morning breather near a radio.

Farm land values have increased 71% from the 1935-39 values in the country as a whole according to Department of Agriculture figures, and they are within about 16% of the levels reached in 1920. Values have increased less in the Northwest states however. Minnesota farm land values are said to be about 60% of what they were in the boom period following the last war. In other words we have not yet reached the dangerous stage. Seems strange how a land boom can bankrupt a community.

From where I sit ... by Joe Marsh

Best War Memorial I Know

"There's an old war memorial in our town that I like to stop and look at now and then.

"Back in 1863, folks gathered up all the bitter relics of battle and put them in a pile: cannon, battered rifles, broken swords, and rusted bayonets. Some of them Gyan-our side, some captured from the enemy.

"They melted them down, and from this litter of war sprung a monument to friendship, tolerance and understanding—a promise that the bitterness and hatred were forgotten.

Since then, there've been all kinds of disagreements in this country, big and little. Prohibition was one—and there was plenty of bloodshed, misery and grief until the problem was resolved.

But from where I sit, it's part of the greatness of America that we remain a united country. We may disagree as individuals—but, accepting that difference of opinion, we can live in tolerance and mutual respect.

Safe Ladder

Before climbing a step ladder, see that the spreader is fully extended and the footing firm. If the ladder is to stand on a concrete sidewalk or smooth surface, get someone to hold the ladder to prevent sliding. Use a board under the base on soft ground. Face the ladder when climbing; don't lean too far out or attempt to carry too heavy a load up the ladder.

Drying Dresses

Placing dresses just washed on hangers keeps them in shape, but be sure the hangers are not rusty, or cover them carefully with plenty of cloths.

Nest in Trees

Wood ducks are not the only ducks to nest in trees. Goldeneyes and hooded merganesers also have this characteristic.

In Memoriam

In loving memory of our dear father and brother, who passed away April 29, 1939.

God knows how we miss you,
Never shall your memory fade,
Loving thoughts shall ever wander,
To the spot where you were laid.

Sadly missed by his children, Alvin Harris, Jan and Joe, and his sister Mrs. Frank Horejsh, Mrs. Joe Cernousek and Mrs. Alex Kosanda.

Card of Thanks

I wish to express my sincere thanks and appreciation for the kindness and sympathy shown me during the illness and death of my husband, Hans Knutson, who passed away April 18, 1941. Gone dear Mother, gone forever, How we miss your smiling face But you have left us to remember None on earth can take your place.

A happy home we once enjoyed,
How sweet the memory still;
But death has left a loneliness,
The world can never fill.
Sadly missed by her daughters Mrs. Frank Horejsh, Mrs. Joe Cernousek and Mrs. Alex Kosanda.

FISHING PERMITS NOW ON SALE HERE

Auditor Sensfad Has Named Numerous Agents

Local anglers are beginning to check over their equipment in preparation for the pike, crappie and sunfish fishing season which opens thruout Minnesota May 15. Fishing licenses, required of every angler age 18 or older, are available at the office of the county auditor.

Auditor A. M. Sensfad stated that licenses are also available thru agents in Goodridge, St. Hilaire and River Valley, as well as at hardware and sporting goods stores in Thief River Falls.

The fee for individual licenses is $1, with a charge of $1.50 for a combination license for husband and wife. Game wardens warn fishermen that they must bear their licenses on their persons.

SOFTBALL TEAMS TO MEET FRIDAY

To Elect Officers and Plan Playing Schedule

The temporary soft ball organizing committee—Walt Larson, Bob DuChamp and Ernie Hellquist announced today that an important meeting will be held in the Civic and Commerce room of the Auditorium Friday evening at 8 o'clock.

Team managers are requested to be in attendance so that an agreement can be reached on a league schedule and an opening date established. Among other matters on the meeting's agenda will be the election of a permanent staff of officers, and the appointment of various committees for maintenance, rules, etc.

Teams that have signified their intentions of being in the six-team circuit are Poppler's Furniture; V. F. W.; St. Hilaire; Hartz Store; Bridgeman's; and Kiewel's.

Call for Bids on Grading from Roseau to Wannaska

Bids on two paving projects, totaling 22 miles; six grading projects, totaling 44 miles; and one 25-mile pavement widening project will be received by the Minnesota Highway Department May 10, Commissioner M. J. Hoffman announces. Include T. H. 89—Between Roseau and 1 mile S. of Wannaska—14.9 miles grading comprising 585,722 cu. yds. excavation, 6 concrete culverts and extensions requiring 315 cu. yds. concrete, and one 4x8 culvert with alternate bids on concreto and treated timber.

WOMAN PADRE . . . The Rev. Elsie Chamberlain has been appointed by the Royal Air Force as its first woman chaplain. She is 35 years old and a graduate of King's college, London.

Shoulder Cuffs

Do not throw away cuffs from men's discarded shirts. They are very useful in making shoulder pads for washable blouses and dresses. They retain stiffness better than other material and do not wad as those stuffed with cotton. One cuff will make two narrow pads which are suited to the short sleeves we are now using. Lay three small darts in the side of the cuff and sew to the top of the armhole seam so that the pad will extend into the sleeve or follow a pattern for shaping the pad and finishing.

Baseball Chatter

While the junior baseball boys have had a couple of practice sessions, the senior baseball situation is still in the conversational stage; but with the Vets behind the program, it's a cinch that there will be senior baseball here this summer. And that the Vets intend to "boost" "hard ball" is evidenced by the fact that the boys have already put in their an order for uniforms.

Now the problem to be solved is to find a playing field. The soft ball league, as a temporary measure, will play their games on the East Side park, but that field isn't adapted for baseball—especially with such long ball hitters as woody Almquist, Johnny Jaranson, Louie Benson, Hemmy Sahl, Clarence Rasmussen, and Bob, Jease, and Wally DuChamp. Well, anyway, Wally swings hard enough to be classed as a long ball hitter.

The material for a first-rate ball team will be available. It is expected that Louie Benson, who is a teaching school in southern Minnesota, will spend the summer, or at least part of it, up here, and he, with Hemmy Sahl, should provide a capable pitching staff. Hemmy, though, probably won't be as effective as he was before he entered the service, for the slick, right-hancer is carrying a chunk of shrapnel in a leg. Art "Red" Bosman, the pepper-pot, is here, too, so the battery problem is under control. Woody Almquist, who pitched some powerhouse ball for the locals a couple of years ago, is willing and anxious to play with the local team again this year providing St. Hilaire doesn't organize a club. But according to rumor, the Saints will have a team down there this year.

Experienced infielders that are ready for the practice drills are second-baseman Johnny Jaranson, shortstop Jesse DuChamp, Ras Rasmussen or Bob DuChamp at third base, and Blackie Stephens at first base. In the outfield, Wally DuChamp has staked a claim on center field, with right and left fields open to competition. Gordy Reierson, if allowed to use a motor scooter, would be able to cover one of the outfield positions. There is some talk to the effect that "Chesty." Halbert, the old left-hander, would be willing to manage the club, or assist in getting the team organized.

Soft Ball

The temporary organizing committee, Walt Larson, Ernie Hellquist, and Bob DuChamp, with the assistance of the Recreation Board, obtained the permission of the city council to move the light standards from the Fair Grounds to the East Side Park, so that the soft ball league can play their games under lights. The proposal generated some heated discussion, with several of the residents in the vicinity of the park voicing their objections, contending that the crowd noises and confusion would disturb the neighborhood. It is understood, though, that this arrangement is only on a temporary basis, and that as soon as a soft ball field is developed, on the mill yard or elsewhere, the league games will be transferred.

This night ball project is primarily for the benefit of the returned service men, a number of whom are interested in soft ball. With soft ball games played at night, the boys will have several of their evenings taken up with a healthful pastime.

This evening, in the Civic & Commerce room, an important soft ball meeting will take place. The league teams will be named, and, with the team managers present, the team rosters will be tentatively listed.

Personal—"Feud"

We are completing arrangements whereby a special challenge trapshoot match between Clarence "Zipper" Mattson and Robert "Sonny" Mattson, the two sons of publisher Matt. "Zip", who was a gunner on a bomber in the southwest Pacific, and as a result of his combat and gunnery experience, has been oozing confidence and issuing belittling remarks about the shooting capabilities of younger brother "Sonny." "Sonny", who's in the navy and now at home on a short furlough, expects to be back in time for duck hunting next fall, and then he'll furnish the proof as to who's the better shot. The fact is, the boys were out on Sunday, doing some plinking, and, according, to "Sonny's" story, he made "Zip" look pretty bad. "Sonny" teased up a rock, at which "Zip" took a poke with a shotgun, but missed; "Sonny", using a twenty-two rifle, made a bull's eye hit on the aerial target. "Zip's" confidence is reported to have nose-dived after that shot.

STATE AIRPORTS INCREASING FAST, SURVEY REVEALS

State Commissioner Reports 76 Operating in State at Present

Keenly alert to possibilities in the new era of air travel and air travel and air commerce, Minnesota cities already have doubled the number of public airports in operation in the state compared to prewar days and with important airport construction projects scheduled to get under way in a score of municipalities this summer, will improve materially Minnesota's airport facilities, L. L. Schroeder, state commissioner of aeronautics, reported in a survey made public this week.

Schroeder said that Minnesota now has 76 operating public airports compared to 36 before the war and 10,080 certified pilots compared to 2,200 in pre-war days. Number of civil aircraft has increased from 600 to 700.

Development of Minnesota's state-wide airport system, long the subject of detailed planning by the state aeronautics department and Minnesota municipalities, will make big progress this summer, Schroeder's report showed. Construction work already has started on airports at Fergus Falls, Detroit Lakes and Park Rapids. Work will begin at Ortonville, Marshall and Owatonna by May 1st, it is planned, and on 10 or 15 other airports by midsummer. Work will get under way at Montevideo, Grand Rapids and Pipestone later in the summer. Even the smaller communities will share in the airport development planned for this summer. On the list are Hector, Northhome, Cook, Pine River, Grand Marias and Two Harbors.

By the end of the summer, Schroeder said, the 35 largest cities in the state, will either have major airport installations or the initial steps toward such development under way. Forty-nine additional municipalities will have modest airports suitable for smaller craft, and 15 or 20 villages or towns will have landing strips.

Airports now under construction or under contract for construction include Duluth, International Falls, Alexandria, Detroit Lakes, Marshall, Fergus Falls, Winona, Park Rapids, Ortonville and Owatonna. State aid supplied toward construction of these airports totals $451,998.

343 DRIVERS FINED FOR EXCESS LOADS

Highway Patrol Notes Many Offenses in March

Overweight loads, dangerous equipment, and failure to stop for school busses, were among matters receiving special attention by the Minnesota highway patrol in March, according to the monthly report of Earl Larimer, chief patrol officer.

Loads exceeding limits posted on roads restricted during the spring breakup, or normal legal limits on other routes, led 343 arrests, almost a 50 per cent increase over March of last year.

Ignoring stop signs brought 123 arrests, including several for failure to stop for school busses stopped to load or unload children.

Bad brakes, faulty lights, and other illegal and hazardous equipment brought arrest to 245 drivers and "must repair" tags for 2,743 violations, nearly double the number in March, 1945.

Arrests for other causes included 65 driving under influence of intoxicants, 132 careless driving, 100 excess speed, 103 no drivers license and 95 improper registration. Arrests for all causes totaled 1,416 and fines imposed totaled $22,628.

The patrol in March issued 593 warning tickets, gave 2,949 oral warnings, for minor violations, checked 13,389 drivers licenses and tested 308 brakes. First aid, accidents attended, aid to drivers with cars in ditch, and nearly all other types of aid to motorists showed substantial increases.

WAR DEPARTMENT REIMBURSES FAIR

Minnesota Exposition to Receive Large Sum

The Minnesota state fair has been promised $1,702,000 by the federal government for restoration of fair buildings used in the manufacture of airplane propellers during the war.

An announcement to this effect was made by the war department at Washington late last week. Negotiations between the state fair and the government have been under way since last September.

"Due to high costs of construction," said secretary Raymond A. Lee, of the state fair, "reconversion of buildings for fair use will have to be carefully planned and executed if the sum announced is to suffice".

Remodeling of buildings, said Mr. Lee, will begin as soon as machinery and equipment are moved out by the war department, and vacated buildings, one by one, are turned back to the fair.

Classifications for cattle, horses, poultry, and 4-H dairy calves, he said, are being prepared for the state fair premiums list, so exhibits in these departments may be staged in case buildings can be remodeled in time for their use, August 24 thru September 2.

Must Get Authorization for Admittance in Case of Emergency

Authority to hospitalize veterans at government expense in private hospitals in case of emergency will be issued by the Veterans Administration regional office only for service connected disabilities or those in which prima facia evidence of service connection is shown, Paul T. Gray said today on his return from the monthly V. A. conference of contact representatives in Minneapolis.

Request for authorization should be made to the regional office by the attending physican prior to admitting the veteran to the hospital if its emergency condition of the patient prevents the procurement of prior authorization, the authorization must be requested by the attending physican early enough so that it may be issued by the regional office within twenty-four hours from the time of admission, if the V. A. is to pay the bill from the time of admission, Mr. Gray said. This may be done by telephone or telegram.

If the V. A. is to pay the bill, authorization always must be issued. The veteran the physican, and the hospital will all be better served if the authorization is requested prior to hospitalization.

Teeth Like Bones

Teeth are like bones in that they have several mineral elements, notably lime, in their make-up; they are supplied with blood vessels to carry food to the various parts of the tooth structure; and they are well supplied with nerves, as many of us learn from experience.

Many More Injured than Killed in Road Mishaps, Highway Survey Reveals

Deaths in motor-vehicle traffic accidents usually attract wider attention than injuries, although the number of the latter is far greater. There were 9,731 persons injured in Minnesota in 1945, and 444 killed, according to the annual statistical summary compiled by the state highway department.

These figures mean that for every person killed in a traffic accident, there were 22 injured. Many of those injured required long hospitalization, some were permanently disabled. Viewed either from an economic standpoint, or from the standpoint of pain or suffering, the traffic injuries are as serious as the fatalities.

The law requires each driver involved in an accident resulting in death, personal injury, or total property damage in excess of $50, to make a written report to the commissioner of righways within 24 hours. It is believed there were 444 killed, according to the annual statistical summary compiled by the state highway department.

What is your GUESS on our profits...?

SOMETIMES, although an idea is wrong, it does no harm. Like the idea that a square jaw is the sign of will power. That winters aren't as severe as they used to be, or that red hair denotes quick temper.

But there are other wrong ideas, which are definitely harmful to public confidence in and understanding of industry. One such idea is the current "guessing" about profits made by large business organizations.

Many people are apt to grossly exaggerate the money made by business. So Opinion Research Corporation (an independent organization) made a survey to learn just what the public thinks about profits. Compare these guesses and yours with the International Harvester profit figures given below.

Public guess on war profits... 30.0¢

I.H. four war years average profit... 4.9¢

In this survey, the average of the guesses by the public of the war-time profits made by industry was ... thirty per cent (30%).

But in the four war years of 1943, 1944, and 1945, the profits of International Harvester Company averaged only ... 4.9% on sales. *Less than one sixth of what the general public "guessed" for all industry.*

For this period, the year by year per cent of profits on sales was: 1942—7.34, 1943—5.59, 1944—3.95, 1945—3.93.

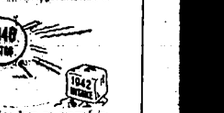
Public guess on peace profits 18.0¢

I.H. four pre-war year average profit... 7.17¢

In the four peace years of 1938, 1939, 1940, and 1941, the profits of International Harvester Company averaged ... 7.17%. *This is well under half of what the public "guessed" for all industry.*

Nobody think fair profit in normal times is ..... 10¢

I.H. ten-year average is less than 7¢



The survey indicates the public knows that in our economy profits are indispensable. And the majority regard 10% as a fair rate of profit in normal times. Many large businesses, including ourselves, would consider it a banner year if we could reach this figure. *Our average profit for the last ten years—four war and six peace—was 6.43%—more than a third less than what the public considers fair.*

All these figures show that our profits are not high. As a matter of fact, the entire farm machinery industry is a low profit industry. In 1944, the Federal Trade Commission published a list of 76 industries ranked in order of their ratio of profits to sales. The farm machinery industry was 57th on the list.

What About Current I.H. Prices?

When the War ended and we planned our peace-time production, we had hoped to be able to serve our farmer customers at the same level which has held since 1942, regardless of war-time increases in costs of wages and materials up to that time. But recent developments have forced a change in our plans.

Wages and materials consume nearly all of every dollar Harvester takes in from sales. A Government board has recently met and the Company has agreed to pay a general wage increase of 18 cents per hour for Harvester factory employees. The Government has also allowed price increases on raw materials which we purchase in large quantities. Steel has had an average increase of 8.2%.

There has been no general increase in our prices since they were frozen by the Government early in 1942.

So our attention today is that what we BUY costs us 1946 prices. We will be paying average hourly wages 56% above 1941. For what we SELL we get only 1942 prices. This condition cannot long be met out of our present low rate of profit.

Future Prices and Products

It is plain that price relief will be needed to meet the increased wage and material costs which we must carry.

We regret this necessity. We prefer to lower prices, when possible, rather than raise them and we know our customers prefer to have us do that. We had hoped to be able to "hold the line," at least.

But we do not see how we can avoid coming to a loss if our prices continue to remain at their present frozen levels. We will NOT "cut corners" on any of our products, because QUALITY IS THE FOUNDATION OF OUR BUSINESS.

Our customers can be certain that we will seek no more than a moderate profit, both because of our policies and because we have agreed to only 500 competitors fighting us vigorously for your business. Our request for price relief will be no more than is necessary to insure continued service to our customers, continued work for our employees, and a reasonable return for our stockholders.

An Amazing Discovery . . . In the Care of Upholstery and Carpeting

The Story of a 200-Year-Old $18,000 Rug

Two centuries ago, the rug reproduced above was made by hand in the Gobelin establishment in Paris. It is a genuine French Savonnerie valued at $18,000 and for many decades adorned the floor of a French castle. The present American owner was advised never to let it be scrubbed, washed or cleaned.

After being Duracleaned, the dried out matted fibres took on new life. The interwoven pile again stood erect. The patterns (not previously visibly raised) again FOG above the level of the base pile as originally designed by its maker. Varying pastel shades and other delicate color tones, long lost from age, reappeared.

The microscope revealed the fibre scales well preserved, indicating no strong soaps or alkalis had ever depleted the fibre structure. The rug was restored to its original beauty.

Duracleaning is Recommended by America's Foremost Furniture and Department Stores

Before the war, even with intensive cultivation, Europe depended on imports for about 10 per cent of its food.

Crossing accidents are on the increase! And most of them could have been avoided. Caused by somebody's carelessness, they result in untold damage, suffering, injury—even death. In the interest of safety let us all resolve: To adjust driving speeds to weather and traffic conditions . . . to have our vehicle always under control . . . to avoid taking chances . . . and to stop, look, and listen at every railroad crossing.

BALANCED BUDGET HELD FIRST NEED

Taxpayers Association Warns U. S. Agencies

In calling upon our lawmakers in Washington to cut big- spending as the first step in balancing the federal budget, the Minnesota Taxpayers association today pointed out the the proposed federal outlay of $35.1 billion for the period July 1946 to June 1947, is more than all the American people spend in a year for food.

But even more startling than that it is more dollars than our 38 million American families spend in a year for their homes; more than our 138 million people spend in a year for clothes; more than all of us in the 48 states spend for any other item in the family budget in 12 months time.

This is not only big spending for peacetime, the taxpayers association reveals in a printed report, but it is at the root of our "unbalanced fiscal policy." Four things are needed to place the country on a sound fiscal basis and to develop a favorable climate for future progress of individual citizens: (1) Federal expenditure should be cut to essential needs; (2) the Federal budget should be balanced; (3) a program of debt reduction should be started immediately; (4) followed by federal tax reduction as an incentive to citizens to make their own forward-looking expansions.

Trunk Highway Traffic Is Near Pre-war Volume

Traffic on Minnesota trunk highways the past winter was close to the pre-war volume, according to ata collected at 25 automatic recorder stations operated by the Highway Planning Survey. Traffic in January was 95.8 per cent of the volume at the same stations in January, 1941, and in February it was 93.4 per cent. Operation of the recorder stations was suspended during the war.

Minnesota at last government census had 6,460 wholesale houses, 40,448 retail outlets, 14,063 service establishments, in each case around 3 per cent of the national figures.

Rice Culture

Rice production and rice milling are very different in the United States and Brazil. In the U. S. rice is grown in irrigated districts, but in Brazil an upland rice is grown during the rainy season. While Brazil grows only one type of rice, the U. S. has several different varieties. Neither does Brazil have huge rice mills such as in the U. S. But rather many small mills scattered about the country.

U MAN TELLS HOW TO CARE FOR LAWN

Gives Suggestions on Creating Velvety Turf

A little attention to the lawn now may give you the lush, velvety turf you have been wanting. Early spring, when the weather is cool, is a good time to rejuvenate the lawn, according to L. E. Longley, assistant professor of horticulture at University Farm.

First on the list of jobs is raking. Rolling the lawn after it has been raked will even it after winter heaving of the crust.

Fertilizing is the next important job. If manure is used, it should be well rotted before it is applied. Spread only a light coating at a time, 5 to 8 bushels for 1,000 square feet. Spread evenly and rake over to break up the lumps.

Sulfate of ammonia is one of the best commercial fertilizers for lawns. Another satisfactory type of fertilizer is 4-12-4. Because the sulfate of ammonia stimulates grass, continued use of this fertilizer for several years will help free the lawn of clover and such weeds as dandelions. Rate of application is 4 pounds to 1,000 square feet of lawn surface. Directions should be taken to scatter it very evenly with a distributor by hand. Or it may be dissolved, about a pound in 2 or 3 gallons of water, and applied with a sprinkling can. The lawn should be well soaked with water after applying any kind of commercial fertilizer, Dr. Longely warns, otherwise there is danger of burning the grass.

Grass seed should be sown a few days after fertilizer has been applied. Before sowing, rake over the lawn to break up the crust; then scatter the grass seed, paying special attention to places where the grass is thin. Rake again to cover the seed.

For the most parts of Minnesota, Kentucky bluegrass is best, Dr. Longley says. He recommends a mixture of 60 percent Kentucky bluegrass; 20 per cent redtop, 10 per cent white Dutch clover and 10 per cent rye grass.

Fabulous Siam

Home of 30-story temples, medieval pageants, and medicines made from dragons and snake galls, fabulous Siam lends itself easily to popular fallacies — the so-called white elephant is not white, but albino; musty straw hats represented as "made in Bangkok" were fashioned elsewhere; and the much-publicized Siamese twins were born of Chinese parents.

Because of smaller size of families and increasing average age of Americans, the number of families in the United States is increasing at about twice the rate of the population.

Minnesota Jaycee Chief Files Against Schmahl

Henry W. S. Tillman, treasurer of the Minnesota Junior Chamber of the city of Virginia and retiring president of the Minnesota Junior Chamber of Commerce, has filed for treasurer of the state of Minnesota on the Republican ticket. He will compete with veteran Julius Schmahl and Jerry A. Bohwab of Minneapolis in the primary, election July 8.

Manufacturing accounts for 23.4 per cent of U. S. employment, agriculture 18.8 per cent, trade, transportation, and service 45.8 percent government 12 per cent.

THE FINEST OIL MONEY CAN BUY

New Varcon Motor Oil is the "detergent" type which provides a washing action in removing varnish, ring-sticking and sludge-forming materials.

Once again necessity was the mother of invention. During the war it became necessary to develop an oil that would

1. Give service in Arctic cold or jungle heat.
2. Keep engines clean.
3. Prevent piston sticking.
4. Protect against rapid engine wear.
5. Stop corrosion of bearings.

New Varcon Motor oil is that kind of oil. It really is different. It is outstanding. It is marvelous. A-N-D, mile for mile it doesn't cost a penny more than the old type of oils.

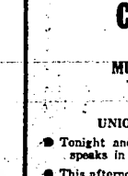
THANKS



To all, related herewith, who remembered me with greeting cards; letters and gifts, during my illness and convalescence, Dr. W. W. Johnstone, physician and surgeon, other doctors of the staff of the Bratrud Clinic, and to the nurses and personnel of the St. Luke's hospital, my deep appreciation of every kindness and for each efficient service rendered in my behalf, while I could not "help myself."

Having been a patient locally, I feel with recommend local facilities for our professional in time of need. I am grateful for work done through medical institutions in Thief River Falls.

Most of all I'm indebted to Christ Jesus, my personal Saviour and Lord, the Great Physician, in whom is adequate help in every time of need. I commend and recommend Him to you, whatsoever your need be. To Him belong my spirit, soul and body. I desire that He may use me to the fullest extent possible.

Thank you, friends! God's best, through Christ to all of you.

If there are 60 million jobs

Leading figures in public life have predicted gainful employment for 60 million persons in the years just ahead. Right or wrong, such forecasts must be judiciously weighed by your telephone company. More jobs mean more businesses, new industries, new communities. All have a direct bearing on the amount of telephone service that will be needed.

Because building telephone "plant" is rather slow, painstaking, costly work; we have always tried to anticipate service demands and to build well in advance of need. The war prevented us from carrying out this policy for a time . . . and we are now busy catching up. To meet accumulated service needs of 3½ years and to plan soundly for the future, we have embarked on a building program that will cost, in the next few years, 100 million dollars in the five states we serve.

Yo r telephone company has no such sum. It must come . . . as it always has . . . from investors attracted by earnings and safety comparable to other investment opportunities.

CITY COUNCIL PROCEEDINGS

Thief River Falls, Minnesota

Pursuant to adjournment the City Council of the City of Thief River Falls, Minnesota, met in the regular session of the Council Chambers in the Arctic Auditorium and Municipal Building on April 15th, 1946. The meeting was called to order at eight o'clock P. M. with all members present.

Representatives of the Park Board of the City were present with regard to the probability of proceeding with the erection of the proposed Recreation Building in Pinkerton Park on which bids had been called for to be opened until 10:00 A.M. on April 9th and of which time no proposals were received. Four estimates covering various stages of construction were considered by the Board who presented and examined and the matter will be laid over to a later meeting for further investigation and discussion.

A comprehensive Daily Injury Liability Policy covering all municipally owned operations except the Municipal Airport was presented by L. C. Dahle, Agent, Shelby Mutual Casualty Company, entailing a premium of $781.00. Alderman Berglund moved that the proposal be accepted and adopted and that the same be filed. The motion was seconded by Alderman Anderson and the same was declared carried.

Alderman Berglund moved that the City rent to the Farm Bureau of the City the room in the basement of the Auditorium and Municipal Building, formerly occupied by the Relief Supervisor, on a rental basis of $40.00 per month beginning on the date of occupation. The motion was seconded by Alderman Anderson and adopted.

Alderman Anderson introduced a resolution combining the duties of the Garbage Collector and the operation of Incinerator for the present and establishing the salary for such service at $250.00 per month effective as of April 1st, 1946, at which time $100.00 is to be considered compensation for the furnishing of motor equipment, and moved the adoption of the resolution. The motion was seconded by Alderman Berge and adopted by the unanimous vote of the Council.

Alderman Engelstad introduced a resolution fixing the compensation of the Chief of the Fire Department effective as of May 1st, 1946, at $300.00 per month, exclusive of salary paid as a member of the Volunteer Fire Department, and moved the adoption of such resolution. The motion was seconded by Alderman Berglund and the resolution was thereupon declared and adopted by unanimous vote.

On motion by Alderman Engelstad, seconded by Berge and carried, the meeting was declared adjourned to April 22, 1946.

ALFRED BRENDSON,
President of the Council.

Attest: P. G. Pederson,
City Clerk.

RESOLUTION

At an adjourned regular meeting of the City Council held April 15, 1946, Alderman Anderson presented the following resolution and moved its adoption:

BE IT RESOLVED, By the City Council of the City of Thief River Falls, that, whereas, H. L. McElwery is at present, and is duly appointed and acting Garbage Collector for the City, receiving a salary of $210.00 per month; and

WHEREAS, by the End of the incinerator has recently been put in satisfactory arrangement having been made in accordance with said bid, that the incineration, it is arranged that the said H. L. McElwery will furnish the labor and equipment to collect the garbage as well as take care of the incinerator until such time as said part of the incinerator may be appointed.

NOW, THEREFORE, said H. L. McElwery is to receive a payment of an additional $250.00 per month for the labor and taking care of the work at the incinerator; such additional payment from his total compensation is to be in payment for the use of his truck and other equipment and the sum of $250.00 is to be his sole claim as wages.

ROLL CALL

Alderman voting Yes: Berglund, Engelstad, Engelstad, Anderson, Berge, Nelson.

Alderman voting No: None.

Resolution declared passed.

ALFRED BRENDSON,
President of the Council.

Presented to the Mayor April 15, 1946.

Approved April 22, 1946.

W. J. DOUVILLE,
Mayor.

Attest: P. G. Pederson,
City Clerk.

RESOLUTION

At an adjourned regular meeting of the City Council held April 15, 1946, the Farm Bureau of the City was granted the use of the room in the basement of the Auditorium and Municipal Building, formerly occupied by the Relief Supervisor, on a rental basis of $40.00 per month beginning on the date of occupation. The motion was seconded by Alderman Anderson and adopted.

Alderman Anderson introduced a resolution combining the duties of the Garbage Collector and the operation of Incinerator for the present and establishing the salary for such service at $250.00 per month effective as of April 1st, 1946, at which time $100.00 is to be considered compensation for the furnishing of motor equipment, and moved the adoption of the resolution. The motion was seconded by Alderman Berge and adopted by the unanimous vote of the Council.

AT WARDS YOU CAN CHOOSE THE Tractor Tires THAT SUIT YOUR SOIL AND CROPS

BAR OR KNOB TREAD?

Both these great tires have all the high quality features which made Wards farm tires famous for extra service!

IF you need extra traction in heavy, wet soils . . . choose POWER TRACS . . . Wards BAR tread tire!

IF you farm in loose, sandy soil or in cover crops . . . choose POWER GRIPS . . . Wards KNOB tread tire!

57.85 10-38 Plus Federal Tax

Only at Wards can you choose either the BAR or KNOB tread! Both Wards tractor tires are famous for *extra* traction, *extra* long life! One of the reasons Wards tires wear so long is because the *extra* anti-oxidant compounded in them gives you *extra* protection against flex-cracking, sunlight and "weathering"! This is just one of the many *extras* that you get in Wards farm tires. Yes, you get many extras, you get *more* for your money with Wards tractor tires ::: *more* traction ::: *more* service!

Uranium Source

Although the sources of the uraniums are needed to make the atomic bombs are generally considered a secret, it is public knowledge that 90 per cent of that ore comes from Central Africa, namely, from the Belgian Congo, the largest deposits being at Chinkolobwe, in the rich mining area of Katanga. Before the war, the ore was shipped to Belgium for the extraction of radium of which some 60 grams were produced per annum. Since the invasion of Belgium, the ore has been shipped to North America for treatment mainly in Canada, which accounts for the statement that most of the uranium is derived from that dominion. Of that Congo ore, 1,071 tons valued at $3,600,000 were sent in 1940 to the United States.

News of R. R. Valley Home for the Aged

We had a beautiful Easter day with balmy sunshine coaxing leaves, grass and birds out in their fresh newness of life, commemorating the resurrection life and power of our Lord. And in our Home we dressed our living room windows in lace panels, and pretty drapes that were presented to us by Mrs. G. O. Vigness. Then on the library table we had a lovely Easter Lily sent to us by Mrs. Jack Riley of Portland, Oregon, in appreciation of the time her father Niels Hansen stayed with us. On the piano we had a bouquet of carnations sent to Mr. T. G. Kleven by his daughter Mrs. Ernest Ostenson of Mcintosh.

As guests for dinner we had the Wilfred Languess family of this city, and Glisers Moe of Brandt and Bernice Anderson of Minneapolis, who both returned to their homes on Monday.

We have celebrated two birthdays in April, Edon Davis who treated us to ice cream on Thursday and Lorraine Moe who treated Sunday afternoon. She had as her special guests Bernice Anderson, Alice Bloomquist, Muriel Johnson and Gloria Ulshafer, classmates from Trinity Seminary of Minneapolis and Wilma Ulshafer of this city.

We received such a beautiful painting of the Lord's supper, for our dining room from Mr. and Mrs. Palmer Thompson, which we enjoy so much, and Mrs. Thompson and Mrs. Alfred Olson also brought us a large box of delicious "fattigmand" which certainly was a delightful treat for all of us, and we are indeed very thankful.

Morris Waldal brought us some books and reading matter last week, and stopped to visit and have coffee with some old friends here.

K. L. Kleveland who has lived in the city for a number of years, moved to the Home on Saturday and will share room on second floor with Joe Rostvold.

Hans Peterson from east of town will stay at the Home this week while attending the special meetings at the First Lutheran Church each evening this week, by Evangelist Joseph Erickson.

Ole T. Stromme went by train to Oklee Tuesday morning to attend to business matters for a few days.

Alf Rostvold came up from Nielsville on Monday to visit with his father here, and together they went to Grygla to visit the John Rostvold family.

We are so thankful to Mrs. Stevens and other friends who are bringing us the eggs that have cracked while being hauled to market. Indeed we can use them. We also received a nice supply of eggs from Carl Cleven of Grygla. It's so nice to have these various friends remember us in so many ways.

We also know that minister's wives are experts at canning, for lately we have enjoyed some lovely fruit given us by Mrs. O. J. Lundell and Mrs. D. K. Olson, and it certainly was very good.

We hope this lovely weather will continue for some time now, as our former friends tell us they are able to be on the friends now, and our own folks enjoy so much to get out to services. The Union services on Good Friday at the auditorium was well attended, and most all were able to get out to Easter services. This week we are interested in the Union Bible Conference to be conducted by Rev. G. T. Johnson of Minneapolis each afternoon at 2:30 at the Covenant Church, and each evening at 8 o'clock at the Ev. Free Church. And we are also interested in the evangelistic services at the First Lutheran Church by Joseph Erickson each evening this week.

The official Board of the Red River Valley Home for Aged met at the Home with Supt. E. F. Rabine, on Monday afternoon. The attendance was good, and a unity of spirit and co-operation was felt all through the meeting, and reports were read and activities reviewed and extensive plans were made for the future. Dinner was served by Mrs. Moe and her helpers for these guests at 12:30, and the business session convened at 2 o'clock. Those who attended were Supt. E. F. Fabine, Rev. and Mrs. V. L. Peterson of St. Paul, Rev. Ray Hanson of Granston, Rev. R. J. Chisholm and Mr. Wetterlund of Karlstad, John Lagger of Lake Bronson, Olaf R. Hagg of Lancaster, Rev. H. L. Larson of Alvarado, J. E. Solmonson, Emil Norquist and Mr. and Mrs. Verner McMahon of this city.

Mrs. Henry Paulson and little grand-daughter Lynette, spent some time here visiting friends on Tuesday afternoon. Her daughter and son-in-law Mr. and Mrs. Bennie Davern, recently left for their home in Chicago after visiting with Paulsons at Highlanding for some time.

Clifford Roller and family have just returned from Portland, Oregon and will look after their farming interests near Mavie. They stopped in to visit with Grandpa Roller when they arrived.

Mr. and Mrs. Albert Bollie of Gatzke visited with their mother Mrs. Amanda Bollis last week and Rev. and Mrs. Peterson and Mrs. McMahon also called on Mrs. Bollie on Tuesday afternoon.

Oscar Hovelson, our efficient janitor, drove out in the country Sunday afternoon and returned with a nice catch of fish which we surely enjoyed for dinner on Tuesday.

AUCTIONEER

If you are planning a sale, list your date now. Graduate of the American School of Auctioneering. Licenced and Bonded.

MIDDLE RIVER

Funeral services were held on Saturday afternoon, April 13th at 2 p. m. in the First Lutheran church for Carl Anton Anderson, a resident of Spruce Valley township for more than fifty years. Rev. J. A. Korshavn officiated at the rites. Interment was in the Woodman cemetery at Middle River. Many beautiful floral offerings and memorials expressed sympathy and the high esteem in which the noble pioneer reposed. Mr. Rodin Hordin accompanied by Mrs. Bordin sang three solos. Mrs. Louann Dakken was organist.

Honorary pallbearers were Roy Ingalls, Andrew N. Moen, L. H. Olson, Emil Peterson, E. M. Evans and Adolph Anderson. Serving as active pallbearers were Earl Torgerson, Ezie Peterson, Melvin Torgen, Joseph Toren Raymond Moen, and Walter Anderson. Mr. Anderson took an active part in civic and church affairs. He commended the respect of the community and it is with deep respect that his many friends offer their condolences to the family in the loss of a good father, a good citizen and a friend to those in need.

The regular monthly meeting of the Central Marshall County *Sportsman's club* was held on Thursday evening, April 18th. Dr. Lloyd L. Smith of the conservation department was the guest speaker. He also showed movies. Routine matters were also discussed pertaining to the club's carnival on Wednesday night.

Miss Alta Holm spent Wednesday shopping in Thief River Falls. She returned that evening with Mrs. Ted Dovre and Gary who visited at the Holm home until Thursday.

Mr. and Mrs. Art Loranger and family were dinner guests at the home of Mr. and Mrs. Joe Meyerchin in Grand Forks on Easter Sunday.

Ruth Elda Lavoid arrived here Thursday evening and spent Friday evening visiting with Mr. and Mrs. Emil Peterson and family. Miss Lavoid is from Moorhead. On Friday evening she left on the bus for Warroad to visit relatives.

Rev. J. A. Korshavn and Sherman left for Morhead on Monday morning. Sherman will return to his studies at Concordia College after spending his Easter holiday at his home. Rev. Korshavn will attend the northern Minnesota district pastoral conference at Trinity Lutheran church in Moorhead Monday and Wednesday. He plans to be home again sometime on Thursday.

Mr. and Mrs. August Johnson and Alfred Troland of Gilbert, Minnesota arrived here Thursday evening to visit with Mr. and Mrs. Mons Troland. They returned to Gilbert early Monday afternoon spending the holidays here.

Mrs. Art Loranger left Monday evening for Minneapolis where she will visit her cousin and also to receive medical attention.

Rev. and Mrs. E. J. Syrness and sons David and Luther were Thursday evening dinner guests at the Korshavn home.

Annabelle, Clerice and Marian Webskowski of Thief River Falls have spent the past ten days with their grandparents, Mr. and Mrs. Mons Troland. They returned home with their father, Allie Webskowski on Monday evening when he came here to get them.

Mr. and Mrs. Lloyd Nelson and family motored to Grand Forks, N. Dak. on Thursday to visit with friends and also to do some Easter shopping.

Mr. and Mrs. Art Loranger and family were supper guests of Mr. and Mrs. Belland in Thief River Falls on Friday evening.

Another whist tournament was started in the Sportsmen's clubhouse on Monday evening. There were many players both from town and surrounding villages such as Holt, Newfolden and Gatzke.

Mr. and Mrs. Al Monceau and boys left Thursday for Nashwauk where they will visit Mr. Monicea. Al's father and his family. They plan to return the early part of this week.

Mrs. Grace Hook left Saturday for Thief River Falls where she visited with her daughter Stella.

Mrs. Angelia Hallquist, Mrs. Laurence Schenkey and dMrs. Squire Holms motored to Thief River Falls on Monday evening.

Mr. and Mrs. Gust Qually, Marilyn Sheldon and Kathy attended a show in Thief River Falls on Sunday evening.

Mr. and Mrs. Carl Sulland of Thief River Falls visited the Archie Presser home on Sunday afternoon.

Lyiah Hanson returned home from Crookston on the bus on Thursday evening after having her eyes tested and visiting with friends and relatives there for a few days.

Myron Knutson left last Saturday evening from Thief River Falls for Wisconsin where he will be married to Jean Kranzle. After the wedding they both left for Chicago where his wife had some of her belongings. They plan to make their home here in Middle River and Myron plans to work in Mr. Blom's tin shop here in town.

Mr. and Mrs. Lee Anderson and family were Sunday dinner guests at the Raymond Moen home.

Mr. and Mrs. Archie Presser and girls motored to Grand Forks, N. Dak on Tuesday to consult an eye specialist and also to do shopping.

Mrs. Roy Nelson and family of Thief River Falls visited at the A. E. Blom, Elmer Rustd and Joe Blom homes on Saturday.

Mrs. Ella Anderson and Linda, Marian Pearson and Bill Vickaryous of Thief River Falls arrived on Saturday evening. They stayed at the Raymond Moen home. Mrs. Anderson and Linda remained for Mrs. Erick Peterson's auction sale on Monday. She returned with Mrs. Squire Holms Monday evening.

Miss Ruby Hanson who is employed by Armand and company in Grand Forks arrived home on Friday evening to spend the Easter holidays with her parents, Mr. and Mrs. Bennie Hanson. She returned to Grand Forks on Monday morning.

Mrs. Leo Anderson went on the bus to Thief River Falls to shop and visit.

Mrs. Gundor Sorter left one day last week for St. Paul where she will attend to business matters.

Mr. and Mrs. Aksel Gormsen and Elwood of Gatzke, Mr. and Mrs. Henry Scramstad of Howell and Harry visited at the Bennie Hanson home on Sunday afternoon. Mr. and Mrs. Gormsen and Elwood were also dinner guests.

Mr. and Mrs. Andrew Hanson and Donald were Easter Sunday dinner guests at the Wm. Lindahl home.

Mr. and Mrs. John L. Anderson and Beverly were shoppers in Thief River Falls on Saturday.

Miss Anna Peterson visited in town one day last week. She planned to leave for the west coast on Tuesday.

New is the cry that goes up from all the community groups when seeking a new play and the senior players believe they have found just that in "His Name Was Aunt Nellie" the New York success which has now been released for amateurs by Samuel French, the well known publisher.

Written by Andrew Jameson this new play is a side splitting farce and tells what happens when Aunt Nellie a gay old lady comes to live with her prim New England relatives the Baldwins.

The play which is being coached by Mrs. Anne Ingvalson is now in rehearsal and will be presented in the village hall on May 2nd and 4th for the benefit of the juniors and seniors.

Mrs. W. H. Duderman returned Thursday evening from Fargo, N. D. where she has spent a few days with her son-in-law and daughter, Mr. and Mrs. C. B. Anderson.

Mr. and Mrs. Norval Nesso and children and Mrs. Casper Ness of Roseau visited at the H. O. Anderson home Tuesday. Larry Ness spent the afternoon with Wayne Anderson.

Holme and Luoto, local trucking firm left Tuesday for the Twin cities with a load of livestock. On their return trip, they will bring back a load of furniture for Emil Petegron and a new press for the Record office.

The first movie "Blondie Plays Cupid" which was shown here in town by Carl Huset was very well attended. An even larger crowd is to be expected next time.

The senior L. D. R. was entertained by Miss Helen Young at the Herman Young home on Tuesday evening.

Big Roses

To produce beautiful, long-stemmed roses it is necessary to disbud the rosea once or twice. Roses can be raised with stems that are five to six feet long and roses as large as saucers, but it takes a year and a half to produce them.

Birds of Prey

Sharp-shinned hawks catch more sparrows than do sparrow hawks.

CROWD GREETS LAGUARDIA AT CLIMAX FRID...

Farmers Respond to Appeal for Wheat for Shipment to Europe

"Wheat on Wheels," a ... trainload of it rolled toward ... eastern seaboard Friday from ... Climax, its final destination the bread pans of starving families in Europe.

Volunteered by farmers throughout the Climax area, the golden grain was the first trickle in a flood which UNRRA Director Fiorello LaGuardia hopes will prevent starvation, disease and death in the war-wrecked nations of Europe.

The 50,000 bushels in the trainload which pulled out of Climax Friday afternoon were the valley folks' immediate response to LaGuardia's fervent plea to pull their grain out of farm storage and ship it while there is yet time to ease Europe's misery in the next 90 critical days.

As LaGuardia spoke, farmers and townspeople who had come from 50 miles around, milled about the speakers' stand in a warm spring sun on this "biggest day in Climax's history."

New York's "Little Flower" put aside his customary wisecracking showmanship and was deadly serious as he mounted a dusty farm wagon and, facing 5,000 dirt farmers, begged for help.

"Please don't hold your wheat any longer," he urged. "Tell your neighbors we have to have wheat and get it into ships. We have the boats. We have the money. Please, I beg of you, help us get the wheat."

As LaGuardia spoke, dozens of trucks and wagons rolled into town with their burdens of grain. The parade continued long after he had departed by plane for Washington.

Accompanied by Secretary of Agriculture Anderson, the UNRRA chief chatted with overalled farmers, congratulating them on their food-producing job brought out the war. He climbed onto trucks and dug into the grain with his hands. He placarded the wheat train with the words "more food for UNRRA famine relief."

LaGuardia expressed his gratitude to M. W. Thatcher, general manager of the Farmers Grain Terminal association "for all the ideas he has offered to aid in the wheat program".

Thatcher, in a talk preceding LaGuardia's broadcast, referred to the UNRRA director as the "best" congressman Minnesota ever had" referring back to the days when LaGuardia, a representative from New York, was a member of the farm bloc in congress.

LaGuardia told the farm gathering "we need wheat and we need all the wheat you can grow this year and in 1947, and possibly in 1948."

Secretary Anderson, speaking to the group before LaGuardia, told the farmers they have done a magnificent job of food production, expressed confidence wheat would be moved to market at a rapid pace and said Friday's demonstration was evidence in itself that the farmers have not been hoarding.

District Governor of Lions Guest of Local Club Wednesday Noon

C. C. Baker of Grand Rapids, Minnesota, district governor of Dist. 5M-N of Lions International, was the guest speaker at the luncheon meeting of the local Lions club Wednesday noon in the Palm Garden Cafe. Introduced by Dr. E. S. Amesbury, international counselor of the organization, he gave an inspirational address relating to the objectives of Lionism. Also present was Harold Groninngen, field executive of the American Red Cross. He discussed some of the peacetime activities of the Red Cross, including home service, safety programs, aid to hospitalized veterans and the Junior Red Cross.

SAFETY IS ROTARY PROGRAM THEME

School Patrol, Sheriff, Police Chief Are Guests

Public safety was the theme of the program presented Tuesday noon at the Rotary club luncheon meeting in the Evelyn hotel.

President Roy J. Oen introduced the eleven members of the school safety patrol, who were guests of the club, and short talks were given by Police Chief Leonard Hanson and by Sheriff Arthur Pambeck, chairman of the Pennington county safety council.

Dr. H. H. Hedemark received numerous incorrect answers when he quizzed club members on matters relating to the proper driving of automobiles.

W. W. Wade, who retired yesterday as superintendent of the local division of the Soo Line, was presented with a billfold by President Oen in behalf of the club, and he responded briefly. His successor, Philip Bryant, also was a guest of the club.

THREE PRESCHOOL CLINICS WILL BE HELD MAY 6, 8, 10

Little Folks Will Be Given Physical Check at 3 Grade Schools

Pre-school clinics will be conducted from 1:00 to 4:00 p. m. at the Northrup school Monday, May 6; Knox school Wednesday, May 8; and Washington school Friday, May 10.

Every child who has his 5th birthday on or before January 1st 1947 is requested to register at one of the clinics. At that time the child's health history will be recorded; his height and weight taken; and his vision will be checked by the school nurse.

The child is then referred to his family physician and dentist for a complete physical examination as well as protective treatment against small pox and diphtheria.

Commenting on the immunization program, Dr. O. F. Melby, city health officer, stated, "If every child above the age of six months was given inoculation and vaccination, we would have no smallpox or diphtheria at all. All parents should consider this fact, and protect their children against two of the diseases of childhood that are the most dangerous to life."

THOMAS DAILEY JR. DIES OF INJURIES

Local Youth Dies after California Accident

Gravely injured April 17 in an automobile-train collision in Sunnyvale, California, Thomas Dailey jr. 18, son of Thomas Dailey of Thief River Falls and a native of this city, succumbed to his injuries Friday, April 19, in San Jose Hospital, it was learned here this week.

The youth, who had lived in California with his mother since last fall, suffered internal injuries in the crash. A companion, William Turner, was in a hospital in serious condition, having sustained a broken leg and back injuries.

Funeral services for Thomas were held April 22, followed by interment in Alta Mesa cemetery. His father left by plane for California after learning of the accident and was present for the funeral rites. Surviving the young man's death, in addition to his parents, is a sister, Mrs. Roberta Pederson of Sacramento.

PLAN CANVASS FOR LUTHERAN HOME FOR AGED

Solicitation to Open in Fall in Parishes of Three Synods

Members of the board of trustees of Lutheran Charity association met at Trinity church on Tuesday to make preliminary plans for the campaign of solicitation which will get under way this fall among the parishes of the synods represented.

The churches of the Augustana Synod, the Lutheran Free church, and the Norwegian Lutheran church of America in this section of the state are cooperating in this venture which looks to the establishment of a Lutheran Home for the Aged in this city and eventually, in other communities centrally located. Between 4000 and 5000 families are estimated to be included in the constituencies of the participating parishes.

Rev. G. S. Thompson, chairman of the board of trustees, and president of the association, announced that tentative plans for a modern plant, with small acreage on the outskirts of the city, to care for from 50 to 75 residents will soon be placed before a competent architect.

Members of the board of trustees of the association are Rev. G. S. Thompson, chairman; Rev. Elmer J. Lindholm, Roseau, vice chairman man; Rev. Walter Pedersen, secretary; Rev. P. E. Elkeland, treasurer, Rev. Carl F. Johnson; Rev. Silas Erickson; Rev. J. M. Runestad, Badger; Rev Irvin Malm, Hallock; and Rev. A. C. Tjelmeland. Mrs. Lloyd Howick was elected assistant secretary of the board of trustees.

LEGIONNAIRES TO GO TO E. G. FORKS

Lincoln Senior Play "Garden of the Moon" Will be Given Tuesday

The Lincoln high school senior class will present its play, "Garden of the Moon", a romantic drama in three acts, in the high school auditorium, Tuesday, May 7, at 8:00 p. m. under the direction of Miss Helen Martin.

In a colorful outdoor setting, the first act opens in Professor Gaylord's garden with the Professor, James Kiland, talking to his friend, Professor Maxim, Jerry Joringdal. It is senior week and the college students will soon be going home.

Among the graduates is Carol Clair, Joan Lynde, her friends, Alice and Gladys, played by Helen Lindland and Arlyne Robinson. Carol Lee, lead in the operetta, composed by her fiance, Brent Carson, a role taken by John Powell. The latter asks Carol to wait for him until he has earned enough including a new marriage, but she is unwilling to do this. In a moment of anger she encourages Brent's rival Leo Saunders, college football hero, played by Robert Melby.

The situation becomes tense until Professor Gaylord, hearing the young people's heated argument in his garden, enters and tells them his own story in order to convince them that a great love can survive the years.

The second act, in a flashback to the professor's youth, enacts his story in a scene laid in the early part of the twentieth century. In the same moonlit garden preparations are in progress for Jerry Gaylord's wedding which is to take place that evening. Katy, his devoted housekeeper, acted by Ardis Stoughton, rushes about clearing the way for the lovers to meet in the garden. A group of young men try enjoying themselves by teasing Katy. The pranksters are Preston Dunn, Dale Larson; Herbert Brown Thornton Anderson; Jasper Robard, Donald Brossoit. Two friends of the bride, Clara and Daisy, played by Agnes Benson and Katharine Sagmoen, are assisting with the wedding preparations.

After all their friends leave the garden, Gaylord's bride, Betty Lou Palmer, played by Audrey Hylden, joins him in the garden, but their happiness is somewhat shaken by the entrance of Gaylord's former sweetheart, Isabelle Freary a role taken by Betty Sandberg. When Gaylord is left alone, he is visited by Betty Lou's father, played by Richard Biddick, who completely shatters all Gaylord's hopes and plans for future happiness.

The third act picks up the scene about an hour after the close of the first act. The professor has finished his story and as a result events move swiftly toward the closing scene, bringing joy to all of them.

Pennington County Red Cross Annual Meeting Is Deferred to May 10

Due to a conflict with the high school music festival, only a small attendance was registered Tuesday evening at the scheduled annual meeting of the Pennington county chapter of the American Red Cross, and it was voted to postpone the meeting until Friday evening, May 10, in the hope that there would be a larger turnout of citizens interested in hearing reports on the activities of the organization. The meeting will be held in the district court room, and Harold Groninngen, Red Cross field man, will give a short talk.

L. O'LAKES PLANT ENGAGES IN NEW ACTIVITY IN CITY

Is Freezing Cream for Shipment to Eastern and Southern Markets

Keeping pace with the current trend in the dairy industry, Land O'Lakes Creameries in this city recently began receiving consignments of sweet cream from creameries in this district, and freezing it for shipment to eastern and southern points, Stuart McLeod, plant manager, announced this week.

The cream, after being separated to fifty per cent butterfat content, is being received from cooperative creameries in Roseau, Greenbush, Middle River, Holt, Lancaster Goodridge and this city. After being frozen in the plant on the Soo right-of-way in the millyard, the cream is packed in 38-pound fibre cartons and shipped in carload lots.

The product is used mainly in the manufacture of ice cream, and the creameries receive approximately 70 cents per pound of butterfat delivered in Thief River Falls. Producers gain about 12 cents a pound by selling in the form of cream rather than butter.

Another operation now under way in the new Land O'Lakes plant is the cracking of eggs, as many as 300 cases per day being handled by a crew of 24 girls under the supervision of Roland Gessner, manager. The eggs are frozen and packed in 30-pound containers for shipment.

SOO FREIGHT CARS DERAILED MONDAY

Ten Cars Leave Track North of Callaway

Ten cars on west-bound Soo freight train 75 were derailed Monday morning at 2:30 a. m., two miles north of Callaway, the situation being made more hazardous by the fact that two of the cars were tanks cars filled with gasoline of which a considerable quantity was spilled.

The cars, however, were replaced on the track without a mishap, and service was restored Monday night. Due to the track being blocked, the Minneapolis-Winnipeg passenger trains 109 and 110 were detoured Sunday night by way of Crookston, train 109 from Minneapolis arriving in Thief River Falls about four hours behind schedule.

New Pasteurization

Milk companies have found that they can pasteurize milk in a few seconds by passing supersonic vibrations through it. The bacteria are then thrown to death by vibration in a few seconds as effectively as they are slain in the conventional method of heat pasteurization, which takes 30 to 40 minutes. Milk can also be homogenized by supersonic vibration, the fat globules are broken up and the resultant fluid is of a single, uniform consistency.

Peaberry Coffee

Peaberry coffee is not a blend as you might think. The word peaberry refers to the single, completely rounded bean occasionally found inside the fruit instead of the usual two beans.

AQUATIC SCHOOLS SPONSORED BY RED CROSS OPEN SOON

Forsee 150 Drownings in Minnesota During Current Summer Season

Approximately 150 Minnesota residents will drown this year and about 7,500 will narrowly escape death from drowning unless the official toll drops below that of recent years, officials of the American Red Cross warned today in announcing schedules of its national aquatic schools for the twenty-fifth consecutive season.

Enrollment in the 27 schools scheduled to open at camp sites throughout the country is expected to exceed greatly the 2,750 students who registered last year. Courses in the ten-day schools include swimming and diving, boat-life saving, first aid and accident prevention, and are open to men and women over 18 years of age who wish to qualify as water safety instructors or as instructors in accident prevention and first aid for Red Cross chapters, summer camps, colleges, schools and other groups.

Many Red Cross chapters and local organizations are sending outstanding students and leaders to attend the nearest school. Nearest schools in the upper midwest will be at Grimes, Iowa, June 12-22; and Brimson, Minnesota, August 18-28.

Red Cross water safety experts believe a majority of accidental drownings could be avoided through application of a few basic rules:

Choose a safe bathing place where there are life guards.

Don't try to demonstrate abilities you don't posses.

Unless you are a seasoned swimmer, don't go beyond your depth.

Don't stay in water too long.

Before diving, make sure the water is deep and free of obstructions.

Never enter the water when overheated or over tired.

Never go swimming alone.

Wait at least two hours after eating before you swim.

Know life saing and artificial respiration by taking a Red Cross course.

Rev. P. Alfred Peterson Attends Chicago Parley

Rev. P. Alfred Peterson, field secretary of the United Temperance movement of Minnesota attended a meeting of the national council in Chicago last week. The new approach to the alcohol problem was discussed.

Twenty-six states and the province of Ontario, Canada were represented by registered delegates. The council revealed a deep concern nationally as to the liquor traffic and that teen-age sons are to be drafted into the army without any protection in the camps from liquor and vice.

John Sundt Succumbs; Had Been Resident Of Community 45 Years

John Sundt, resident of this city for the last 15 years, passed away Saturday, April 25, at the age of 74. Funeral services were held Tuesday in the Gulbranson Funeral Chapel with Rev. J. O. Jacobson officiating and burial was made in Greenwood Cemetery.

John Sundt was born March 24, 1872 in Vaaler, Norway. He came to Minneapolis in 1893 and stayed there about a year. He then moved on to Dawson, Minnesota and took up farming. He was married July 16,1901 in Madison, Wisconsin to Sena Helseen and they came to Thief River Falls, where he was employed in the saw mill up to 1905. He then homesteaded in Silverton township until his eyesight became impaired. In 1931 he moved into the city where he has since resided. He served as a trustee of the Silverton Lutheran church for 11 years.

He is survived by his wife, Mrs. John Sundt, three sisters, Mina Jensen of LaCrosse, Wisconsin, and two sisters and two brothers in Norway, also several nieces and nephews.

He was preceded in death by his parents, one sister, and one brother.

THIS LITTLE PIGGY WENT PROSPECTING

Glencoe—Peter Moravec had a local locker plant dress one of his hogs for storage. The head he took home for immediate use. Consternation and speculation were rife when several of the teeth were found to be gold filled. Only reasonable conclusion seems to be that a lost gold ornament got mixed up with the porker's feed.

News of R. R. Valley Home for the Aged

We have enjoyed the special meetings of the past week and were very glad to have Pastor Johnson and Evangelist Erickson here together for a service on Saturday afternoon Rev. Jacobson led the meeting, and we were also glad to welcome Rev. Lunholm in our midst again after his illness. Special numbers in song were given by Lorraine Moe and Wilma Ulshafer.

Mrs. Andrew Klach treated us all to ice cream on Sunday afternoon, the occasion being her father's birthday. She also brought a specially decorated cake for the occasion. Mr. Peterson has been our guest the past week, so he could attend the meetings.

We extend our sincere sympathies to Mrs. John Subdi, in the recent loss of her husband. She has called on us often and been a real friend to the Home.

Mrs. Tobina Ofterdahl and Mrs. Thea Nygaard visited with Mrs. Moe one afternoon recently, and other callers have been Mrs. Emma Hinsmon, Mrs. Ida Anderson, Mrs. Mork, Mrs. Craig, Mrs. Flan and Mrs. Mostue.

Mrs. Augusta Carlson hasn't been so well for a few days, but is better and Mrs. Ed. Erickson is also some better.

Rev. E. F. Rabine and family have been out of the city on a short vacation, but are expected home for Sunday.

Mrs. Hans Sande of Nummedal is one of our most welcome visitors, for she brings a large quantity of the best cottage cheese and also cream We surely appreciate her kindness.

We have had beautiful flowers recently in memory of Mrs. John D. Harnish of Chicago, and we are very thankful to the family, for this kindness.

We regret the Salvation Army girls were unable to be with us as usual on Tuesday evening, and as Rev. G. R. Carlson is out of town, he won't be here until the first of next month.

We have received the following memorials this month:

Sent in by Thos. Vollem of Erskine, Minn., in memory of Mrs. Swan Hanson.

Sent in by Justin Hanson of Goodridge, in memory of Mrs. Gladys Longroy and given by relatives and friends.

Sent in by Rev. J. K. Lerohl of Oklee, Minn., in memory of Mrs. Gunvor Nesland.

Sent in by Rev. Walter Pederson in memory of Mrs. Mary Morstad, and given by Mr. and Mrs. Gust Iverson, Nils Iverson, Mr. and Mrs. Harold Iverson and Mrs. Nels Stallrud.

Sent in by Trinity Lutheran Church in memory of Mrs. Ingeborg Legvold.

Amos Dyrud visited with his uncle John A. Hanson on Sunday and had supper with us. They also attended the service by Joseph Erickson in the evening.

Tile for drainage purposes should be durable.

CHURCH GROUP TO BANQUET FRIDAY

Plan Memorial Center at St. Paul Concordia

A banquet will be given at the Palm Garden Friday evening for representatives of the surrounding congregations of the Missouri Synod in the interest of a Lutheran memorial center to be erected on the campus of Concordia College, St. Paul.

The chief speaker of the evening will be "Dick" Siebert, son of Prof. E. G. R. Siebert of Concordia, former first baseman of the Philadelphia Athletics and the St. Louis Browns; at present broadcasting games played by St. Paul in the American Association, and serving Concordia as athletic coach.

Elaine Bessler, Mrs. Flora Douville, Mrs. Max Jensen, and Mildred Schroeder will render a number of vocal selections. Albert Koop is in charge of the arrangements.

Looking Backward

1916—THIRTY YEARS AGO

Thirteen local residents were arrested on bootlegging charges following undercover work by two detectives.—E. O. Mogenson of Minneapolis took over the ownership of the Jerdee and Reedy store in this city.—Attorney G. Howard Smith was appointed special municipal judge by Governor J. A. A. Burnquist.—A Boy Scout troop of thirty members was organized with W. A. Reynolds as scoutmaster.

1926—TWENTY YEARS AGO

Louis Hanson, associated with the Hanson & Barsen Milling company, died at his home in Minneapolis.—Edmund Pennington, former president of the Soo Line after whom the county was named, succumbed April 30 in Minneapolis.—O. A. Naplin, local attorney, was endorsed for the state senate post by the 65th district Farmer-Labor convention.

1936—TEN YEARS AGO

Donald Chalmers was elected president of the local Parent-Teacher association, succeeding A. M. Senstad.—In recognition of the Larson Company's radio sales record, Milton Larson was awarded a free trip to Cuba by the Philco Radio Corporation.—John W. Taylor, local manager for the Resettlement administration, has received offers of 500 tracts for purchase by the agency.—The Pennington county board has received a total of 388 applications for old-age assistance.—Alfred Longren was elected a director of the T. R. Falls Production Credit association; succeeding S. E. Hunt; while Mr. Hunt succeeded Stuart McLeod as appraiser.

Police Program For Traffic Safety

Since the end of gas rationing, traffic deaths have mounted alarmingly. In 1945, 28,500 persons were killed, 1,000,000 injured. There will be a much higher toll in 1946 unless all car owners drive safely and carefully in cars that are in safe mechanical condition. To curb the slaughter, the International Association of Chiefs of Police will launch a six week Traffic Safety Check program on May 16. The program will be conducted in all parts of the United States and Canada, with police officers checking the brakes, lights, tires, windshield wipers and horns of cars involved in accidents or traffic violations. Drivers are urged by the police to drive safely and courteously in cars that are mechanically sound, in order to reduce the shameful toll of automobile accidents.

LABORATORY ON WHEELS SERVING 400 CREAMERIES

Land O'Lakes Brings Testing Apparatus to Individual Plants

To safeguard the quality of butter, cream, cheese, dried milk, and other dairy foods produced by approximately 400 member dairy plants of Land O'Lakes Creameries Inc. a laboratory on wheels— first of its kind in the middle west—is now in operation.

The mobile laboratory will bring right to the door of every member dairy plant all the latest scientific tests employed in the main Land O'Lakes laboratory at Northwest Terminal, Minneapolis.

"It has a dual purpose," explained Ben Zakarisen, chief chemist and manager of Land O'Lakes laboratories and field service.

"First, it will serve as a trouble-shooter in any creamery where the operator needs help in locating the cause of a sag in the quality of his product. Second, it will serve as insurance to maintain high quality where no troubles have been encountered."

Springtime, with its warm weather and increase in milk production, always demands extra care in handling of dairy produce. The mobile laboratory was designed to meet this need.

In its compact interior are instruments to test samples of products at each plant, plus others so delicate they may be used to check the accuracy of scientific equipment employed by the individual plant operators.

Charles Holcomb, special fieldman for Land O'Lakes, and Roy Hedtke, laboratory technician, are in charge of the laboratory on its travels around Minneso, Wisconin and the eastern Dakotas.

The United States News, presenting the result of an extensive survey on the outlook for raw materials, offers a discouraging picture for the immediate future. Many essential raw materials will be scarce for several years. A continuous deficit in most building items will extend into 1948, it is predicted. Under these conditions there certainly is urgent need for effective price control. The demand for goods of all kinds is now so great that without controls we would explode into a runaway inflation. Whether or not the inflation cycle we are already in can be checked even with controls is a big question. It will not be checked with controls as we now have them.

Uncle Sam's army is due for an overhauling if recommendations of investigators bear fruit, and they probably will. By and large these investigators recommend a breaking down of the officer caste system and a liberalization of court martial procedure. Our armies of the future will be more democratic—if, in the meantime, we are able to bring our civil democracy intact through the rough waters of the adjustment period that is ahead of us.

Not everything in the prospect is dark and gloomy. "Perils of Pauline", movie thriller of the early days of the flickers, is going to be revived, and that should do a lot to revive the spirits of the country. In another period of stress someone said that what the country needed was a good 5c cigar. A good tonic for all of us now might be a good old Keystone Comedy with an extra heavy exchange of custard pies. Maybe the things that gripe us are not nearly as important as they seem.

Just as well that you hold up for a while on that television set you were going to buy. Color tests have now proven themselves satisfactory, according to an announcement by one of the big companies. Gadgets that will print a summary of the news during the hours of the night you should be sleeping and give you a radio newspaper for the breakfast hour are also ready for marketing—when the market is ready for them. It will be an interesting world when we get back to some kind of a normal again.

Most of today's troubles are due to yesterday's foolishness and many will agree that we probably would be better off today if we had made more of a sacrifice in paying for the war during the war years. We did deny ourselves in one way. We spent less but with the assurance that we would be able to spend more later on. We took due bills that were to enable us to live better than we had ever lived before—when the war was over. The war was going to make us rich. We would enjoy our riches at some future date. Now, when we look back upon it, it all sounds kind of silly. We still have our farms and factories and railroads and mines and oil wells. We still have our due bills. But now we know that our due bills have little value unless we work our farms and factories and railroads and mines and oil wells. In other words, in spite of our bundles of due bills, we still have the things we want only as we produce them. We still must work and produce if we are to enjoy the things we want. If we had a great fire and burned up all the due bills we would be no poorer and no richer than we were before. Until they are taxed back into the federal furnaces and destroyed, these due bills will be a source of mischief.

Topics of the Times

By M. A. H.

One of the candidates for Minnesota railroad and warehouse commissioner is a persistent fellow. He is making the race for the sixth time.

In view of world food shortages, the successful outcome of crops now being seeded is more important than ever before. Let's keep our fingers crossed until after the harvest.

Things have come to a pretty pass when the histrionic ability of a movie actress is gauged by her pectoral development.

Detroit Lakes, we hear, is toying with the idea of installing parking meters. Thief River Falls merchants and their employees could help stall off a similar move by parking their cars off the streets.

It is to be hoped that LeGuardia's, showmanship, as demonstrated by his Climax visit, will produce results in the form of increased shipments of wheat overseas.

A neighboring paper claims to be published in "the world's finest community". Evidently Thief River Falls is out of this world.

The ladies now have to worry not only about a run in their stockings but also a run after them.

After reading a couple of Hjalmar Petersen's speeches, we get the impression his opponent for the governorship is Harold E. Stassen.

When it comes to small change a St. Paul girl is named Penny Nickle.

Cleanup Week is currently in progress here. That is one special week all citizens should wholeheartedly support.

Now that the city is getting a new police car, we may expect the police force to catch up with more fast drivers.

And did you get your May-basket yesterday?

The National Association of Manufacturers evidently interprets OPA to mean "Our Pet Aversion".

We know it was coming. Druggists now are reporting a shortage of aspirin.

Union leaders interested in currying the favor of the farmers could help a lot by bringing to an end the strikes plaguing the farm equipment industry.

Fowl Fare

Muskrat meat, fed to baby chicks in Louisiana, gave results superior to ordinary meat scraps, shrimp and fish meals. On a chemical basis, 6 pounds of muskrat meat has the same amount of crude protein as 10 pounds of meat meal and it gave greater gains per chick up to 8 weeks old. Broilers fed rations containing dried muskrat were served to 26 families who found no objectionable flavors in the meat.

39,000 Acres on a Ship

The equivalent of nearly 30,000 acres of grain were carried aboard the "Col. J. M. Schoonmaker" when she set a Great Lakes cargo record this season, reports Ships magazine. She carried 525,000 bushels in a single trip. Based on a yield of 18 bushels to the acre, that represents the total harvest of 29,200 acres—more than 45 square miles—of land.

OLE E. ENGELSTAD NAMED PRESIDENT SOFTBALL LOOP

Six-team League Is Organized at Meeting Last Friday Evening

At a well-attended meeting in the Civic & Commerce room at the Auditorium Friday evening, the city's soft-ball organization elected a permanent staff of officers. Ole Engelstad was named president of the organization, with Ernie Heliquist vice-president, and Charles Dostal as secreary-treasurer. On the important rules committee, the following were selected: Howard Holum, Wally DuChamp, and Gordy Reierson.

The league, which will have six teams, will begin play on its schedule on May 20th. The schedule, which will be a double round- robin, each team playing the other league teams twice, will call for games on Mondays, Tuesdays, and Fridays.

Team managers are requested to furnish secretary Dostal with a tentative team roster, with not more than twelve members on the squad, by Saturday, May 4th; and by June 8th the team managers must list their permanent team roster with the league secretary. Entry fees for membership in the league was set at $10.00, and the team managers or sponsors are asked to make their payments to the secretary.

Players wishing to tryout for one recently completed Pennington county Charles Dostal at the Arena or Stan Larson at Poppler's Furniture and they will arrange an opportunity for trying out with one of the squads.

An all-city team will be chosen to represent the city in a pair of all-star games on July 3rd and 4th, as one of the features of the Jay-Cee's Water Carnival. Gordy Reierson and Walt Larson will schedule the teams that are to meet the all-city squad.

Local Man Given Watch from Hiroshima, Japan

J. W. McGilvrey, who recently returned from an extended stay at Richmond, Virginia, brought back with him a watch that, much the worse for the experience, came thru the atomic bomb explosion last summer at Hiroshima, Japan. Given him by his stepson, Pvt. Fred Harlson, who had visited the scene of the explosion while stationed in Japan, the inner works of the watch are fused with extraneous matter into one solid mass.

Mrs. Roy O. Storvick Is Speaker at Trinity Aid

Mrs Roy Storvick, of Wadena, the former Helen Weeks, a graduate of Lincoln high school and the sister of Mrs. William Sponheim, spoke at Trinity Lutheran church ladies aid Thursday, April 26. Her topic was "Consecration". Mrs. William Gilbertson rendered several vocal solos.

Mrs. Storvick is a graduate of St. Olaf college and went to China as a missionary, but due to ill health returned to the United States. She taught English at Concordia college, but has recently been making speeches and holding various offices in the Women's Missionary Federation.

BJORKMAN'S TOGGERY

Lincoln Prowler Track Squad Places First in G. Forks Sioux Relays

Coach Quentin Jones' well-balanced Lincoln high school track squad, gathering points in ten events, racked up 34 points Saturday afternoon to win the first annual Sioux Relays, which were held in Memorial Stadium of the University of North Dakota The Maroons of Grand Forks Central were the runners-up with 28 points; while Mahnomen earned thire place with 14 points

Other squad totals were Crookston, 12; Fort Totten, 11; Gilby, 10; Cavalier, 8; Fertile and East Grand Forks, 7; Devils Lake 3; and Hoople and Portland, 2. The Prowlers will participate in the fourth annual Beaver Relays, which will be held on the B. S. T. C. field at Bemidji on Friday.

In Saturday's Sioux Relays, the Prowlers were able to collect but one first place, and that was won by captain Phil Beadle, who won the 440-yard run; but the locals notched second place points in the 100-yard dash, 220-yard dash, 120-yeard high hurdles; discus, pole vault, high jump, and half mile relay.

Rain and heavy track accounted for the slow time in the dunning events. Robertson of Fort Totten, N. D. was the meet's high point performer, having 11 points. Robertson won the 880-yard run, finished second in the 440-yard run, and was second in the shot put.

The summaries:

State Political Group Files Change in Title

An ammendment to the articles of incorporation of the Minnesota Peoples Political Action Committee was filed Wednesday with Secretary of State Mike Holm changing the name of the organization to the Minnesota Peoples Political Federation, according to Richard S. Wilcox, secretary, who stated, "We are changing the name because of insistence of many of our members that "Political Action Committee" has a bad connotation to it, that most people believe it refers to an undesirable and un-American type of political activity. Therefore the executive board decided to change the name".

Juvenile Musicians to Compete at Minneapolis Aquatennial July 19-28

Minnesota's youthful musicans will be invited to compete in six different contests at the eight day music festival which will be an important part of the 1946 Aquatennial.

Last year's music festival with its statewide competition was so successful that Aquatennial directors are planning a more comprehensive music program this year, for the week of July 19-28.

Young amateur musicans from all over the state are invited to enter competition in piano, violin, trombone, trumpet, voice and accordion. Winners in each division will be sent to the Chicago Music Festival in August to represent Minnesota in national competition there.

Preliminaries will be conducted through the the weeks preceding Aquatennial and eight nights of music programs will be given at Lake Harriet pavilion in Minneapolis. Instrumental finals will be conducted during Aquatennial week.

Former Trail Man Is Stevens County Agent

Leif H. Lie, native of Polk county graduate of the University of Minnesota, and a veteran of five years of service in the naval air corps, last week was elected county agent for Stevens county and assumed his new duties at Morris. Mr. Lie was reared on a farm near Trail, Polk county. He graduated from the University of Minnesota in 1940 with a degree in agricultural economics. While at the University he was a member of the Gopher wrestling team.

Oklee Soldier Is Given His Honorable Discharge

Pfc. Earl F. Woods, son of Mr. and Mrs. Harvey Woods of Oklee, returned home on Sunday night.

Inducted into the army June 21, 1944 at Fort Snelling, Woods was sent overseas on April 6, 1945 landing in LeHavre, France. He trucked supplies to the front lines in the battle of Central Germany. Here Woods received a battle star serving in the 45th Tank Battalion 14th armored Division and General Patton's 3rd army until VE day.

Having earned his points for discharge, Woods left by ship for home April 13. He received his honorable discharge at Camp McCoy, Wisconsin.

Stalin Lives in Class

Premier Stalin has a palatial home a few miles from the Kremlin, built beside the river by a wealthy mine owner, and surrounded by a brick wall. In his spacious office in the Kremlin hang portraits of Marx and Lenin, as well as of himself. Here he may have lunch; dinner is more formal, served in his small Kremlin apartment.

Keeping Score with BUCK OLSON

He's A Coach

Evidence that the Prowlers are again a power in track was given on Saturday afternoon when the locals surprised the experts by winning the first annual Sioux Relays at Grand Forks And it's evidence, too, that Quentin Jones is still able to produce teams that can rack up the points. The Prowlers won only one first place, and that was marked up when hard-running Phil Beadle copped the 440-yard dash; but the locals came in with plenty of seconds and thirds, to gain a 34 to 26 margin over the runner-up Grand Forks Central squad.

Track success for Coach Jones isn't a new sensation, for Joneyy, when he was at Park Rapids, produced district and regional champions nearly every season, and last year he had a district championship here. Jones, in his unobtrusive way, can get the boys to run and jump and can make track attractive. And, while he hasn't had very many occasions to get "tough" with the boys, he can "lay down the law," for Jones insists that the boys on the team are point-getters and not loafers and "tourists."

Beaver Relays Saturday

The Prowlers will be in for more strenuous competition on Friday when they run in the Beaver Relays at Bemidji. That track ovent, which is in its fourth year, and is rapidly developing into one of the top-flight track meets in the northwest, will have boys from seventy or eighty schools participating. The entry list is expected to pass the 300 total which was set at last year's meet. A change is being instituted in the Relays this year, with the teams being divided into Class A and Class B, and with winners being determined in each bracket. High schools having an enrollment of 225 or more in the four upper grades, will be listed as Class A; while the others will be considered as the Class B teams.

That the Prowlers were gifted by a speedy backfield in football last year can be judged by the fact that Phil Beadle, Les Vignes, and Ninak Carlson are cash men on the track squad. And Wes Hovie, the fourth backfield regular, has speed enough to be a track man, too. It'll be a long while before the Prowlers come up with as much all-round backfield speed as they had last fall.

Much Talk

Walt and Stan Larson, the Leo Durocher and Branch Rickey of the city soft-ball league, had their first look at their "Duma" Monday evening. And they are already claiming all the titles that there are in the county. With "Ham" Myhrer pitching and Red Bosaman catching; Blackie Stephens on first base; Bobby Carlson at second base; Wally DuChamp at shortstop; Bud Brossoit at third base; Merle Carlson in centerfield; Nicky Carlson in left field; and Who? in right field, the Poppler's team is all set for the league opening. And, no joking, that's a pretty sharp lineup that Walt and Stan can put on the field.

The Poppler's loud talk will last until Tuesday night when the Vets, under Jesse DuChamp and Johnny Jaramson, have practice session. The Vets, with Jess, Johnny, and aided by Heinie Wasg, are able to out-talk the Poppler's; but whether or not they'll be able to out-play them will be another matter.

And Oen's, with Woody Almquist, the league' Ted Williams, in the lineup, will do some talking, too. Whenever Woody gets up to the bat, the infielders on the other teams are gong to wish to that they were playing in the outfield, or that they were at home weeding the garden.

Wes Hovie on North Squad

It was a boost for Prowler football, and an honor for Wes Hovie, when it was announced that the Prowler captain had been named to the North squad that will play the South team in the annual North vs. South football game in the University of Minnesota stadium on August 24th.

Among the 29 players selected to represent the North, were four players from the eighth region. In addition to Wes, they were Bill Krause and Frits Dalley of Bemidji, at tackle and guard, respectively, and Johnny Noah of Crookston Cathederal, a backfield man. Each of the four northern regions was permitted to choose players in proportion to its population so that each section of the state is represented on a population basis.

AMERICA'S FIRE LOSSES UP 25 PCT. IN PAST 5 YEARS

Minnesota Is One of Only Seven States to Register a Decline

Fire losses in the United States, already 25 per cent higher for the last five years than for the 1935-40 period, threaten to keep mounting for the next 10 years following a tragic war pattern like that after World War I—according to a survey just released by "Fide Engineering" magazine, which cited four key preventive steps.

The national trend to skyrocketing post war loses of life and property by fire is well under way, but new techniques and better equipment for fighting fire are available, the survey reported. The nation's loss for the year ending Jan. 31, 1946 was $30 million more than for the preceding year. Losses in the five-year period ending with 1944 in Minnesota, one of but seven states show a decrease, were $14,640, 946 against $15,803,034 for the last five years of the '30s.

After World War I, the national fire toll rose year by year from $320 million in 1919 to $570 million in 1925. Roy B. Wooley, editor of the magazine, points out that a position of this trend would mean that more than 100,000 persons (most of them the very young and the very old) would lose their lives, thousands of others be crippled or injured, and nearly five billion dollars' worth of property be destroyed by fire in America in the next decade.

The keys to prevention of progressively larger fire losses, Woolley said, are: (1) strict enforcement of building and fire-prevention codes (instead of a relaxation in them that accompany the desperate rush for housing and other building); (2) restoration and maintenance of full-strength fire department manpower; (3) keeping up watchmen's service, and (4) restoration and check up of equipment, taking advantage of new developments.

CAN'T SING WORDS BUT WHISTLES TUNES

South St. Paul—Nearly a year ago, hearing odd sounds from the room of Linda Lou, six-months- old daughter, Mrs. Elmer Larson found her neatly puckered up and clearly whistling. Now at 16 months before she can say the words of the popular songs, Linda Lou can beautifully whistle the tunes. Being still a baby with superb confidence in her own accomplishments, she doesn't wait for general applause after each number, but enthusiastically claps for herself.

LABORATORY ON WHEELS SERVING 400 CREAMERIES

Land O'Lakes Brings Testing Apparatus to Individual Plants

James M. Shields, regional director of the national labor relations board in Minneapolis, announced Saturday that a complaint charging violation of the federal labor relations act had been issued against L. B. Hartz Stores, warhouse division and United Industries of this city.

Hearing on allegations in the complaint will begin next Wednesday morning, March 8, at 10 o'clock before a trial examiner of the board in the district court room.

Shields said the complaint was based on charges filed with him by the Teamsters Union local 581, American Federation of Labor, claiming that the company had attempted to influence its workers against joining the union and had refused to engage in collective bargaining with the union.

Ration Stamp No. 49 Is Validated Wednesday for Purchase of Sugar

Spare stamp 49 in family ration books was validated Wednesday for five pounds of sugar, succeeding stamp 39 which expired for consumer use on April 30, it was announced by Charles L. Hughes, head of the ration section of the district OPA at Fargo. Stamp 49 will expire August 31.

"The same consumer ration of five pounds of sugar for each four-month period can be maintained, according to a report just issued by the combined food board on sugar supply," Hughes declared.

"An indication of bettered sugar supply is contained in an announcement that institutional users —restuarants, schools, state institutions etc.—will be granted an additional 10 percent allotment for the May-June period."

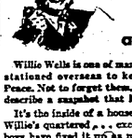
INCREASE IN CIG 14-2

An increase in ceiling prices for cigarettes of ½ cent per pack on sales of two or more packs, was announced by OPA. Economy brands, now under uniform ceilings of 15 cents a pack, two packs for 25, are advanced to a uniform price of 16 cents a pack for all sales. Popular brand cigarettes will cost the same when single packs are bought, but will increase ½ cent on sales of two or more packs.

Highway Department to Give Roadside Tests to New Kinds Weed Killers

Chemicals developed during the war to destroy vegetation in enemy- held territory will be put to better use this summer by Minnesota highway department crews. Poison ivy, poison oak, poison sumac, thistles and other irritating plants will be the first point of attack by the new weed-killers, but other weeds will not be neglected.

Protection of employees is the first aim of using the new weed-killers. Each summer a number of men cutting weeds along the highways suffer seriously from contact with poisonous or prickly plants. The department pays out considerable sums of money each year for protective salves and emulsions, as well as for hospital and medical treatment of those afflicted.



Roadside beautification and reduction of weed cutting costs are other motives. The new chemicals, it is claimed, will destroy all types of leafy weds without damaging desirable grasses. If the claims prove true extensive use will be made of the new weed-killers.

WHO HAS LIVED LONGEST WHERE?

When Litchfield Independent Review took note of the fact that one local family has occupied the same residence for 60 years, a better record was promptly uncovered. Mrs. John Olson occupies the same farm residence today in which she was born 73 years ago, in 1873. Then from Dalton, C. M. Bothun reports to the Fergus Falls Journal that he has lived on the same farm for 77 years.

'AmericaSpeaks'

From where I sit ... by Joe Marsh

Willie Lives in an "Almost" Home

Willie Wells is one of many G.I.'s stationed overseas to keep the Peace. Not to forget them, let me describe a snapshot that he sent.

It's the inside of a house where Willie's quartered . . . except the boys have fixed it up as much as possible to look like a typical American home. They've hung up pictures of their families, cultivated a stray puppy for a house pet.

And the snapshot shows Willie and his buddies sitting by their hearth, drinking friendly American beer and reading the hometown paper. "*Almost* like being back in Clover Corners," says the caption.

From where I sit, that "almost" packs a lot of meaning. Thousands of our boys are still overseas, trying to make their quarters homelike, even to the pet dog and the friendly glass of beer. Let's not forget to write them often—remind them that home is waiting—and it's not an "almost" home either.

MAKE VACATION REQUESTS EARLY

Advance Reservations Necessary This Year

At last there is a definite trend toward reversal of the tendency of Americans to do most of the traveling to foreign lands, and the "foreign lands" are coming to see America with a gratifying proportion of them bent on seeing Minnesota, state tourist bureau director Verne E. Joslin points out.

The Latin American interest is so definite that some resort operators already are having circulars printed in Spanish and Portuguese for distribution in those areas, and airlines, trains and ships already are preparing to make the journeys amazingly fast, or leisurely comfortable, as the visitors may choose. Mean while expansion of resort under way and will swell to substantial volume as soon as materials are available.

The state admittedly is short of shelter, food and recreational facilities to meet the demands of the hundreds of thousands of non-residents who will head this way in 1946, and for this reason early applications for reservations are advised. New construction cannot meet the demand this year but extension of the vacation season at both ends promises to almost double the number of visitors who can be accomodated.

Last fall thousands of visitors from other states lingered in Minnesota through October and many of them found the early autumn one of the most delightful seasons of the entire year. This year many resorts not only will remain open late in the fall but some will continue to operate through the entire winter. Others will operate through the small game and deer hunting seasons in November and most places will be open earlier in the spring.

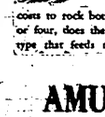
John Deere Sights Were Set High

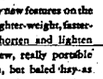
In Designing *New Farm Equipment*

ALL during the war, the experimental departments in John Deere factories continued, without interruption, their development of new and improved machines.

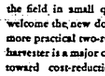
Sights were set high ... designers aimed at new and practical ways of making farm life easier, more profitable. *And shortly, the farmers of America will see a parade of great equipment that will prove their aim was true* ... equipment matched to the 109-year-old John Deere tradition of quality manufacture—more value for the dollar invested.



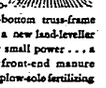
Revolutionary is the new hydraulic power-control on John Deere tractors. A touch of the hand actuates a rock-shaft for integral equipment or a cylinder on drawn and power-driven machines—lifting, lowering, and maintaining them in any desired working position. It truly introduces the lever-less age in implement design.



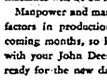
Outstanding are new one-man Quik-Tatch devices for cultivators, bedders, plows, and other integral equipment ... time-savers that mean more hours in the field, less knuckle-scraping in the change-overs—one man does the trick.



There will be a new tractor for the small farm with outstanding new features that put it far ahead of the field.



An important new machine is the John Deere Automatic Hay Baler, destined to cut baling costs to rock bottom. One man, instead of three or four, does the job. It's the only baler of its type that feeds the windrow directly into the baling chamber and ties with wire.



New and improved harvesting machines include a new self-propelled 12-foot combine and many new features on the famous John Deere No. 12-A. Lighter-weight, faster-working corn pickers will shorten and lighten the corn harvesting job. A new, really portable elevator not only handles corn, but baled hay as well. A simple new grain mover that will replace old-style small grain elevators.

Beet growers are enthusiastic about the new John Deere harvesters and loaders already in the field in small quantity. Potato growers will welcome the new double-level-bed digger—a new, more practical two-row machine. The new cotton harvester is a major contribution toward cost-reduction in the growing of cotton.

New integral one- and two-bottom plows ... a new two-bottom truss-frame plow ... a new disk plow ... a new land-leveller ... a six-inch hammermill for small power ...

a low-cost, front-end manure loader ... a plow-sole fertilising attachment ... new low-down, rubber-tired grain drills ... an integral 6-fd cultivator—these and many other new and improved John Deere machines will be on their way to American farms.

Manpower and materials will be the only limiting factors in production during the coming months, so keep in touch with your John Deere dealer—be ready for the new day in farming with new equipment from the John Deere Full Line.

CITY COUNCIL PROCEEDINGS

Thief River Falls, Minnesota

Pursuant to adjournment the City Council of the City of Thief River Falls, Minnesota, convened in the Council Chambers in the Auditorium and Municipal Building on April 22, 1946. The meeting was called to order at eight o'clock P. M. with Alderman Bergland, Bredeson, Anderson, Berge, Nelson present and Alderman Engelstad absent, who however was present shortly after in the meeting.

William Fruitland representing Tupper Motor Company became present and the Board was requested the installation of a street light in the alley of Block 29 of the Original Townsite and the matter was referred to the Committee on Light and Water and the Superintendent.

The Merchants Committee of the Civic & Commerce Association presented a petition with accompanying plans for consideration in regard to the problem of parking in the business section of the City, as follows—Street Parking. Spaces be marked as soon as possible. Buses no men be furnished stickers to indicate cooperation in parking their cars on available parking lots and that they accept cooperation of employees; City place appropriate signs and markings at proper places available. City place "NO TRUCK PARKING" signs where truck parking is prohibited. City install 15 minute parking signs where two cars in front of each of the two banks limiting parking between hours of 9 A. M. and 4 P. M.; reading of signs fronting theatres be changed to indicate that parking is permitted in order that such space may be used when theatre is not operating and that "Loading Zone" signs be provided for establishments which do not have alley loading and unloading facilities. Alderman Berge moved that such recommendations be referred to the Committee on Streets and Walks for appropriate action.

In regard to location of the Park Board, Recreation Committee, Junior Chamber of Commerce Association and others were present, the question being the proposed construction of a field-house for a recreation building on which project proposals were submitted but no definite decisions were at that time reached. After discussion of the matter the Council indicated their approval of the carrying out of the project to proceed with the understanding that the Park Board present to the Council a confirmed bids on material and labor; that the contractor be responsible to the City Council that the Council be satisfied as to legality of the proceeding and that the cost of the project should not exceed $10,000. Alderman Bergland introduced a resolution authorizing the project to be completed by days labor and fixing the limit of the cost thereof at $10,000 and moved adoption of the resolution. The motion was seconded by Alderman Anderson and roll call was called on adoption, as follows: Ayes: Bergland, Nelson, Berge, Anderson. Nayes: None. The resolution was thereupon declared passed and adopted.

A petition was presented and read, being signed by residents adjoining Block 29 of Red Lake Addition, requesting that a street lamp be placed for the transferring of the Diamond Bell Lighting System from the Fair Grounds and the installation of the same on such Block 29 for the purpose of providing recreational facilities with the understanding that such lights would be turned off not later than 11:00 P. M. Other residents of the area were present and registered their objections to such proposal. Alderman Bergland moved that permission be given the petitioners for the moving of such lighting system, which motion was seconded by Alderman Anderson and the same was adopted by unanimous vote.

The Council discussed at length with employees and Board members the management of recreation activities and operation of sports arena with the purpose of possibility of change in method of operation.

Alderman Bergland moved that the Clerk be directed to give notice to be published calling for proposals for the furnishing of a motor car for use of the Police Department, the bids to be opened and considered on May 14, 1946 at 8:00 o'clock and moved by Alderman Engelstad and adopted.

Alderman Nelson introduced a resolution fixing and establishing the salaries of two employees of the Street Department, effective as of May 1st, 1946, at $145.00 per month and moved adoption of the resolution. The motion was seconded by Alderman Berge and the resolution was thereupon by roll call vote duly passed and adopted.

Motion was then made by Alderman Nelson that the meeting adjourn which motion was duly seconded and carried, whereupon the meeting was declared adjourned.

ALFRED BIRKEDSON,
President of the Council.

Attest: P. G. Pederson,
City Clerk.

RESOLUTION

At an adjourned regular meeting of the City Council held April 22, 1946, Alderman Bergland seconded by Alderman Anderson introduced the following resolution and moved its adoption:

BE IT RESOLVED by the City Council of the City of Thief River Falls, Minnesota, that

WHEREAS, the Park Board of the City of Thief River Falls did heretofore present to the City Council plans and specifications for the erection of a brick frame addition to the City Parks, to-wit: Tinsdale Park, at an estimated cost of $10,000.00 and the Council having duly instructed the City Clerk to advertise for bids for the construction of said building and bids having been called for to be received on the 9th day of April, 1946 at 8:00 P. M. and place fixed for the opening of such bids, which bids were received and no bids have since been received, and

IT APPEARING TO THE COUNCIL that it would be useless to readvertise again for bids on said improvement because of the condition of the material and labor markets and the Council deeming it for the best interest of the City that such work be done by days labor,

NOW THEREFORE BE IT RESOLVED, that there be and hereby is appropriated from the General Fund of the City, the sum of $10,000 for the construction of said building and it is determined that such work be done by days labor under the supervision of the Park Board of the City and that such Park Board be and hereby are authorized and required to employ such laborers, mechanics and supervisors as they shall deem necessary and advantageous including construction equipment necessary for the construction of said building; that the labor and material be paid for by verified bills duly presented to and allowed by the City Council.

BE IT FURTHER RESOLVED, that the total cost of said building is in no case to exceed the sum of $10,000.00.

MONTGOMERY WARD

TRAFFIC CHECK STARTS MAY 15

Drivers and Equipment Will Get Once-over

To combat a rising tide of traffic deaths and injuries which started in the closing months of the war, Minnesota sheriffs, police departments and the state highway patrol will cooperate in a nation-wide traffic safety starting May 15.

The traffic check is sponsored by the International association of Chiefs of Police which sponsored the 1945 nation-wide brake emphasis program. The traffic check this year will place greater emphasis on the driver's safety habits, but it will also cover more mechanical features than the brake check.

The traffic safety check will be applied to cars, trucks and busses stopped by police officers. All drivers may not be stopped, but any person may volunteer to have his driving habits and his equipment checked.

The officer, having a motorist, will first ask to see his drivers license. Then the officer will hand the driver a leaflet with a set of questions by which he can check himself to see how good a driver he is. Next the officer will apply a brake check, check the horn, windshield wiper, headlights, tail lights and Stop lights, and note condition of tires. After the check is completed, the officer will inform the operator of any defective or unsafe equipment by giving him a check list. The operator must then have that equipment corrected immediately.

No closing date has been set, since many traffic enforcement agencies may incorporate the traffic check, in whole or in part, in regular procedure.

Soviet Marriage

Russian marriage laws are quaint, judging from our standards. When a couple marries in the Soviet, they assume either the husband's name, the wife's name or if they want, they can retain their own names. Their children are also given a similar choice. As for alimony, the father is not the sole payer, as in this country. Either the mother or the father has to pay alimony, depending on who has the custody of the children. The alimony is a fixed sum of money which varies only with the number of progeny.

Hang Trousers

Best way to hang trousers is upside down, using a hanger with clips. If trousers must be laid over the crossbar of a wire hanger, fasten cardboard or thick paper over the crossbar, to prevent a sharp crease.

SUPERPHOSPHATE AVAILABLE HERE

U. S. Agency Shipping 4 Carloads to Warren

Bills of lading were received this week for four carloads of 20 per cent government superphosphate destined for Middle River, Newfolden, Holt and Thief River Falls, stated A. E. Strandquist, Marshall county committeeman in charge.

The phospate will not arrive for possibly a week or ten days but farmers interested in obtaining some should contact the AAA office in Warren immediately by mail or person in order to allow us a few days to compile the applications before the cars arrive, stated Mr. Strandquist.

It is imperative that the applicants filing applications obtain the phosphate direct from the car as we find it impossible to find sufficient storage space, satisfactory for storing it, Mr. Strandquist said.

The material is available to farmers who wish to apply it to old or new soil conserving crops with intentions of not plowing or cultivating the ground, upon which it was applied, until the following year. The cost to the farmer is $29 per ton with a soil-building credit towards the allowance of $16 leaving a cash outlay of $13 at the time of getting it, said Mr. Strandquist.

We wish peace . . . We wish it because we think it is right. We are not afraid.—Theodore Roosevelt.

Dried Herbs

Dried herbs must be steeped in cold liquid for several hours or overnight to bring out the volatile oils which give them their flavor. Or, if for a last minute affair, they can be heated slightly in the liquid. Using a measurement of one-half teaspoon salad herbs to every cup of vinegar, let stand in the refrigerator overnight. Strain off the herb particles in the morning and the vinegar is ready whenever you want it for your regular salad dressing recipe.

REV. CHAS. CANNON ONCE PRIEST HERE, SUCCUMBS AT 72

Dies Last Thursday in Detroit Lakes After Long Illness

The Reverend Charles Cannon, O. S. B. former local pastor, died April 25 in St. Mary's hospital, Detroit Lakes, after an illness of three months. Father Charles was pastor of St. Michael's Church in Mahnomen, Minnesota at the time of his death. He was 72 years of age.

The funeral mass was offered in St. Michael's church, Mahnomen, Saturday morning. Following the services in Mahnomen the body was transported to St. John's Abbey in Collegeville, Minnesota, where funeral services were again held and interment made.

Father Charles was well known both in Minnesota and North Dakota, both of which states he had served in the Catholic ministry for the past fifty years. He was ordained priest in St. John's Abbey, Collegeville, Minnesota, on September 29, 1890. From 1896 to 1901 he served as pastor in Thief River Falls; and from 1901 to 1906 in Moorhead; from 1907 to 1908 in Tacoma, Washington; from 1909 to 1917 in Detroit Lakes, Minnesota; he was rector of the College of St. John in Collegeville, during the year 1918-1919; from there he went back to parochial work serving in Underwood, North Dakota from 1919 to 1922; in Duluth at St. Clement's parish from 1923 to 1925; Mahnomen from 1926 to 1935; and in Detroit Lakes from 1935 to 1944.

In 1944 Father Charles became seriously ill and retired from active service to his home in St. John's Abbey, Collegeville; but after a year he went again into active service, this time back to his former pastorate in Mahnomen, where he served from September, 1945 until his death.

Father Charles was born in Prairie du Chien, Wisconsin, on November 2, 1873. Five members of his immediate family joined the Benedictine Order, four the Benedictine Convent of St. Scholastica in Duluth, and Father Charles himself who was a monk of the Order of St. Benedict of Collegeville. Father Charles is survived only by one of his sisters, Sister Florentine O. S. B. of St. Scholastica's in Duluth, who is in her 83rd year and lives in Duluth at the Convent.

STEINER and AGDER

Services will be held at the Bethlehem church May 5, at 11 o'clock by Rev. Erickson. The Luther League will present a program on Mother's Day, May 12 in the afternoon. All members as well as others are asked to be present.

LUTHER LEAGUERS MEET AT BEMIDJI

Three-day Convention Opens Friday, May 3d

Ways in which the Christian youth of today will meet problems in the postwar world will receive emphasis at the Young people's Luther League convention of the Northern Minnesota district of the Norwegian Lutheran church which holds its convention in First Lutheran church, Bemidji, on May 3, 4 and 5. The convention theme is: "Christ wants you."

Speakers at this three-day convention will be the Rev. E. S. Hjortland, pastor of Central Lutheran church, Minneapolis; Rev. J. W. Yivisaker, pastor, Our Saviour's Lutheran Church, Minneapolis; Rev. A. E. Hansen, president of the International Young People's Luther League, Brookings, S. D.; and prof. Sidney A. Rand, department of religion, Concordia college, Moorhead. Besides these well-known speakers, Leaguers have been chosen for speaking and rendition of music.

The Concordia college choir, Moorhead, under the direction of Prof. Paul J. Christianson, will appear in several concert numbers and also as part of the choral union on Sunday afternoon.

V. F. W. Auxiliary Notes

Don't forget the V. F. W. auxiliary meeting Monday, May 13 at 8 p. m. All members try to be present.

The following articles have been completed by the auxiliary sewing groups and sent to the Veteran's hospital: one bed jacket, one laundry bag, 30 pairs of slippers and five locker bags; and six lay robes were all pieced and tied.

An uncle of our sewing chairman, Mrs. Anna Nelson, donated five dollars to be used in our work for the veterans. We bought yarn to knit an afghan. We appreciate this gift and we thank Mr. Vastrand very much.

A few of the members met on Sunday night to practice marching. We will have other dates set for this. Please try and attend some of these meetings.

GROWING WITH YOUR CHILD

Institute of Child Welfare, University of Minnesota

"Whenever Joe gets mad, I spank him." "I don't pay any attention to Jane when she is angry. She soon gets over it." "First I scold, then I threaten, and if that doesn't stop his temper tantrums, I put him in his room till he is over it." These represent different methods which parents use to control their children's anger outbursts. One method is successful with one child and not with another. There is no single magic way to stop a child's anger behavior.

The child shows anger when he is thwarted or frustrated in some way. Usually he doesn't know what else to do when he makes such an emotional response. The infant and young child makes generalized bodily responses which are violent in character, such as crying, thrashing about. As he grows older his reactions become more definitely directed toward a given end and the child "retaliats" in some manner toward the adult or the object which appears to be the source of the frustration.

It is the adult's task to help the child learn better methods of control than more emotional response. First, the child should know what standards of behavior are set for him. These standards should be readily achieved without undue strain. They should be required consistently so that the child learns what is expected of him and always acts in an acceptable way. Naturally as the child grows older more will be expected of him but he will also be gaining more specific ways of acting, more skills and better verbal methods of controlling anger.

At the same time, the adult should recognize the needs of the child and not make the child follow the adult's whims in regard to behavior. Consistency is important here as it is in any learning situation. Inconsistency prevents the child from learning easily. The parent himself must look upon anger outbursts with tolerance and calmness. He must consider the cause of the anger in the child, give the child definite ways of acting in a above all set an example of self-control himself.

Ambitious Andrew

Andrew Carnegie, when he was 18, worked on three jobs at once during the day, did two other things at night. Although this made it necessary for him to get along with only three hours sleep a night, he admitted 40 years later that he had cheated on time on every one of the positions.

Good Whipping

Egg whites whip best when they are at room temperature—that is about 70 degrees F., but cream whips best when cold, according to the department of agriculture.

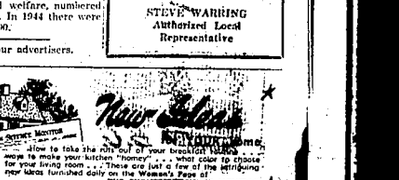
Lemon Juice Recipe Checks Rheumatic Pain Quickly



If you suffer from rheumatic aches and pains, you'll welcome this simple home recipe that thousands say relieves stiffness, soreness and pain in a marvelously short time. Mix it in your own home. It costs little. Here's what you do: Into a pint bottle put the juice of 2 lemons (or 4 tablespoons of lemon juice from concentrate). Add enough water to fill bottle. Then add 2 tablespoons of Sweetex Liquid Concentrate and shake well. Sweetex is the new sugar substitute you've heard about. Obtainable at drug stores. Now take 4 tablespoonfuls of this delicious mixture 3 times a day. Often within 24 hours, but usually in a few days, if the pain is caused by rheumatic acids, you should enjoy wonderful relief. Sweetex is a product of Merck & Co., Inc. Try this recipe today.

Symbolic Globe

The Chinese believe jade to be a combination of the five cardinal virtues — charity, modesty, courage, justice, wisdom. As Confucius explained, "In the eyes of wise men, its polish and brilliancy represent virtue and humanity; the angles of jade which seemingly sharp, yet do not cut, represent justice; the defects under the surface, yet apparent, represent sincerity; the impossibility for the bad shades to hide the beautiful, or the beautiful the bad, represents loyalty."

PENNINGTON TO GET INCREASED STATE ROAD AID

State Allotment Bill Sets Aside Total of $74,500 for County

Pennington county will receive $12,000 for state aid roads and $62,500 for county aid roads in regular allotments from the increased state road and bridge fund.

The county will also receive a special allotment of $10,000 in connection with construction of the new First St. bridge in this city, provided requirements are met.

Marshall county gets $12,000 in regular state aid and $105,000 in county aid. Red Lake receives $12,000 state aid, $52,500 regular county aid and $10,000 in special aid.

Allotments from the state road and bridge fund to all counties totalling $8,200,000 have been made by the allotment board, consisting of Julius A. Schmahl, state treasurer; Stafford King, state auditor; and M. J. Hoffman, commissioner of highways.

This is an increase of $2,510,000 over the 1945 allotments. The increase will come partly from a balance of 1945 gas tax receipts over the 1945 allotments, due to increased gasoline consumption in the latter part of the year, and partly from an anticipated increase in 1946. Receipts in the first four months of 1946 were 29 per cent higher than in the same months in 1945.

County aid roads will get the net gas tax receipts credited to the state road and bridge fund, plus minor receipts from interest on internal improvement land fund investments and delinquent payments of the 1-mill state road tax repealed in 1941. The balance in the state road and bridge fund, after deducting the state aid appropriation, goes to county aid roads.

Special allotments totaling $71,900 were granted to 25 counties for improvement or maintenance of state aid parkways under a 1945 law which permits any county to designate as a state aid parkway any road connecting a state trunk highway with a state institution, public park or public recreational area, including portions within the park or institution grounds. Designation is subject to approval of the commissioner of highways and the commissioner of conservation.

Regular allotments for state aid roads totaled $1,185,000 and special allotments $15,000. Regular allotments for county aid roads totaled $6,726,100, and special allotments for county aid roads and federal aid secondary projects total $302,000. County aid road allotments are paid in two installments, August 1 and February 1. State aid road allotments are paid to the counties after construction or maintenance is satisfactorily completed.

DISTRICT PARLEY OF FREE CHURCH IN CITY MAY 10-12

Sessions to Get Under Way Friday Evening in Zion Lutheran Church

The district conference of the Thief River Falls district of the Lutheran Free church will be conducted in Zion Lutheran church in this city from Friday to Sunday, May 10-12, it was announced today by Rev. Walter M. Pedersen, in charge of local arrangements.

The first session will be held Friday evening at 8 o'clock, with an address by Rev. John Strand of Grafton, N. D. On Saturday Rev. Ernest Raaum will speak at 10:30 a. m., and in the afternoon at 2:30 the speaker will be Chaplain-Freeman Swoon.

On Sunday morning Rev. G. Ronholm will address the Sunday school children and adults at 9:40, while at 10:30 Rev. Karsten Kristiansen will speak, and a special tribute will be paid to mothers in connection with Mothers' Day. Rev. Silas Erickson will speak at the closing session at 8 o'clock.

The Zion Ladies aid will serve dinner at noon, to which the public is invited. Supper also will be served.

Jack Melby arrived home Sunday after receiving his discharge from the navy.

Dale McMahon, Age 5, Drowns in River Pool

Tragedy visited a local family Wednesday evening when Dale McMahon, five year old son of Mr. and Mrs. Harvey McMahon, was drowned in the Red Lake river pool at the south end of the Soo Line railroad bridge.

The child was playing with several companions in a boat at the river bank when he fell into deep water shortly before 8 o'clock. Forty-five minutes later his body was recovered by the fire department not far from the spot where he fell in. Dr. O. F. Mellby and Dr. C. M. Adkins were called to the scene, but failed in their efforts to resuscitate him.

In addition to his parents, Dale is survived by three brothers and three sisters. His father is employed as a brakeman on the Soo Line. Funeral services will be conducted in the First Baptist church Saturday afternoon at 2 o'clock, Rev. E. F. Rabine officiating.

Mrs. W. W. Prichard Files as Candidate for School Board Position

Mrs. W. W. Prichard Wednesday entered her name as a candidate for one of the two positions on the board of education to be filled in the Thief River Falls school district election Tuesday evening, May 21. With the filing period closing tonight, the only other candidates to date are the two incumbents, Dr. A. E. Jacobson and Otis L. Wold. Mrs. Prichard, a longtime resident of the city, is a former teacher in Lincoln high school, is a member of the Carnegie library board and has been active in Woman's club affairs.

ZION CHURCH GETS NEW BUILDING SITE ON MAIN AT FIFTH

To Erect New Church as Soon as Materials Become Available

The Zion Lutheran church congregation has secured a site for its projected new church structure at the corner of Main av. and Fifth st., Rev. Walter M. Pedersen, pastor, announced this week.

The new site embraces four lots of full depth, and the houses now on the premises will be moved off, one of them, the Peter Larson residence, to be removed during the summer months.

With an acute need for additional church and Sunday school facilities, Reverend Pedersen stated, the church structure will be erected as quickly as materials become available. He added that arrangements will be made shortly with an architect to prepare plans for the project, for which financial arrangements have been in the making the past several years.

LARGE AUDIENCE ENJOYS LINCOLN SR. CLASS PLAY

Young Actors Perform Well under Direction of Miss Helen Movius

The largest audience to attend a similar program in recent years assembled Tuesday evening in the Lincoln high school auditorium to enjoy the presentation of the senior class play, "Garden of the Moon", under the direction of Miss Helen Movius.

The play, which was replete with interesting situations that worked up to a logical climax, employed in the second act the flash-back technique, carrying the action back to the preceding generation. Members of the cast successfully met this difficult test of their acting ability.

Principal roles in the production were ably executed by James Kiland and Joan Lynde, who were well supported by other members of the cast.

VFW POST TO SELL BUDDY POPPIES ON SATURDAY, MAY 18

Proceeds to Provide Rehabilitation for Men Wounded in War

"Honor the dead by helping the living". That's the slogan of the 1946 annual Buddy Poppy sale which the Veterans of Foreign Wars of the United States will sponsor on a nationwide scale the week preceding Memorial Day, May 30.

Participating in the sale will be V. F. W. Post No. 2793 here in Thief River Falls, of which Wallace Ballingrud is commander. The poppies will be offered to buyers locally Saturday, May 18. The distribution of some 5,000 blossoms on that day will afford men, women and children of this community an opportunity to show their gratitude to those who have sacrificed so much for their country.

"Every cent collected through the sale of Buddy Poppies will be used in providing rehabilitation for men wounded in World War II as well as those who were fought under the Stars and Stripes in previous wars," Commander Ballingrud declared. "Funds from the sale also make possible the V. F. W. program of assistance to veterans' dependents, their orphans and widows," he added.

The national goal in this 25th annual campaign is the distribution of 16 million Buddy Poppies—an all-time record in the history of the nationwide program, Commander Ballingrud emphasized.

Purchase price of the poppies is any amount of money the buyer desires to contribute to the fund which is used exclusively for the benefit of needy and disabled veterans and their families.

RAILROADS HIT BY SHORTAGE IN COAL SUPPLIES

Passenger, Freight Service Is Curtailed Effective on Friday

The national coal shortage resulting from the prolonged strike of miners led by John L. Lewis is already having its effect on this community, it was learned this week with the announcement that Soo Line passenger train and freight service will be curtailed effective Friday, May 10, with further restrictions to take effect to resuscitate him. Wednesday, May 15.

Division Superintendent Philip R. Bryant stated that, effective May 10, Train 64 from Thief River Falls to Duluth will leave this city only three days a week on Tuesday, Thursday and Saturday, while the westbound train will leave Duluth Monday Wednesday and Friday. After May 14, however, the trains will be discontinued entirely with service provided only by a mixed train.

Also effective May 15, trains 109 and 110 between Winnipeg and Minneapolis will operate only six days a week, Saturday's schedule being canceled. Additional curtailments in service are being made on other Soo Line divisions. Thus far no restrictions on service on the Great Northern railway in this district have been reported.

As a further result of the coal shortage, the Office of Defense Transportation ordered an embargo effective at midnight tonight on virtually all freight with the following exceptions:

1. Livestock, live poultry and perishable freight.

2. Coal, coke and charcoal, petroleum, gasoline, fuel oil, kerosene and lubricating oils.

3. All food for human consumption including wheat, oats, rye, barley, rice, cereal products, salt, canned goods, sugar and land substitutes. Feed for animals and poultry, not including hay and straw.

4. Printing paper and printing ink.

5. Medicines, drugs, surgical instruments and surgical dressings, hospital and sick room supplies.

6. Mail, the mails administration at Washington Tuesday issued an order prohibiting soft coal deliveries except to:

Public utilities, railroads, laundries, hospitals, food processing plants and refrigeration plants which certify they have less than a 10-day supply.

Steamships and tugboats for bunker or galley fuel, if engaged in moving grain or coal.

Domestic consumers who have less than five days' supply.

A retail dealer who needs coal to supply the foregoing needs.

Deliveries to domestic consumers are limited to a minimum truckload.

N. H. Holzknecht, former manager of the Thief River Grocery company here and now manager of the Nash-Finch branch at St. Cloud, last week was elected president of the St. Cloud Rotary club.

Numerous Cases of Vandalism in City Parks Are Reported

An improvement being made this week in the city tourist park that will be a material convenience to the public is the installation by the water and light department of six street lights along the roadway and in the parking area.

In addition to improving facilities for picnics and archery, Roy Baron, president of the park board expressed the hope that the lights would reduce the instances of vandalism, which recently have resulted in the destruction of reinforced concrete tables, benches and fireplaces, as well as the almost nightly destruction of the archery stands.

Vandals last week destroyed two concrete benches in the west side park. Mr. Barzen announced that the park board offers a $10 reward for information regarding the identity of persons destroying park property.

RED CROSS WILL HOLD ITS ANNUAL MEETING FRIDAY

Officers to be Named and Reports Read in District Court Room

Chairman Herman A. Kjos of the Pennington county chapter of the American Red Cross today voiced the hope that there would be representative attendance of citizens at the annual meeting of the chapter Friday evening, May 10, at 8 o'clock in the district court room.

Mr. Kjos stated that at the meeting, which was postponed from Tuesday, April 30, a slate of officers will be elected to serve the chapter during the coming year, and annual reports covering the last year of wartime activities in 1946 will be submitted by officers and committee chairmen.

Harold Grominger, of Detroit Lakes, field man for the American Red Cross, also will give a short talk.

Postmaster Anderson Says Some Rural Mail Boxes Need Attention

Inspection of rural mail routes out of Thief River Falls, suspended during the war years, was resumed this spring by Postmaster Andrew Anderson, who reports that some boxes and supports are in need of repair. He stated that the postoffice department's requirements are reasonable, including the following points: Boxes should have a lid that opens and closes easily, a signal flag that will stay in position, owner's name should be lettered on both sides of box; supporting post should be painted white and placed at the proper height so that the carrier can see inside the box from his car; and the approach to the box should be level and graveled.

MEMBERS OF ELKS LODGE PLAN DANCE SATURDAY

Members of the local Elks lodge will enjoy a dance in the club rooms Saturday evening, May 11, with music supplied by Bob Sjulstad and his orchestra, Ole E. Engelstad, secretary, stated today.

Pennington Board Awards Graveling and Grading Jobs

The Pennington county board at its May session Tuesday and Wednesday awarded to Oscar Schenkey of Middle River the contract for approximately fifty miles of road graveling and patchwork on his bid of $17,394, the only bid received covering the entire letting.

Four-mile grading job on county Aid Road 54 was awarded to Wichterman and Kaupilla on their bid of $6,047.60.

Action was taken to call for bids to be opened June 4 on another heavy duty Diesel motor patrol unit and one and one-half ton truck for the highway department. Bids also will be opened at that time on grading four miles on the line between Rocksbury and Smiley townships and one one-fourth miles in Rocksbury and one mile in Black.

The commissioners voted an increase in hourly wage rates for skilled workers on the highway department payroll from 70 cents to 80 cents per hour, and for unskilled workers from 60 cents to 60 cents.

The board voted an appropriation of $750 for the maintenance of the county library system, and $400 to the Pennington County Agricultural society, sponsor of the county fair. Both amounts were the same as those voted last year.

Appearing before the board were road delegations representing River Falls, May field, North, Wyandotte, Kratka and Smiley townships.

EAGLES LODGE TO HEAR REV. O'TOOLE ON MOTHER'S DAY

Local Aerie Arranges Program Sunday, May 12, at the Lodge Home

Thief River Falls Eagles, members of their families and visiting friends will observe Mothers' Day with a special program sponsored by the local Aerie home, No. 2268, at 2:30 Sunday afternoon at the Aerie home, it was announced yesterday by Harvey R. Helle, president of the Thief River Falls Aerie.

The program will be one of thousands to be held by The Fraternal Order of Eagles throughout the United States and Canada to pay tribute to mothers and to commemorate the movement started by the Eagles for a national Mothers' Day more than four decades ago.

The local program will include an address by Rev. John O'Toole of St. Bernard's church; an address of welcome by the president, Harvey Helle; the reading of a Mothers' Day poem by Worthy Secretary Gordon Trythall; and a Mothers' Day prayer by Worthy Chaplain Donald Toomey. Plans are under way for other program events to commemorate the observance of Mother's Day.

TO RECRUIT FARM WORKERS LOCALLY

Employment Office to Aid Extension Service

Edward Stonich, manager of the United States employment service office in Thief River Falls this week announced a recruitment plan to keep farms in this area supplied with sufficient farm help during the present season.

The plan includes the active participation of the county agent, the employment service and volunteer representatives in smaller communities.

Farmers are urged to submit their orders for workers to the employment service office or to the county agent's office. An interchange of openings between the employment office and extension service will be made to have available all possible openings for those interested in farm work.

Farm workers are urged to contact either the USES or the county agent for work on farms.

PARK BOARD GETS 4,000 TREES FROM THE RESERVATION

Small Trees Obtained at Trifling Cost from Reservation Nursery

After procuring a large quantity of white pine, Norway pine and white spruce trees six years old from the government nursery on the Red Lake Indian reservation, the Thief River Falls park board currently is engaged in setting out 4,000 of the small trees on park and city property, as well as in a nursery on a plot of ground leased by Mrs. Anna Barzen adjoining the park board greenhouse and sewage treatment plant.

As conditions permit, stated Roy Barzen, president of the park board, trees will be taken out of the nursery and placed in park areas, along the river banks and in other favorable spots.

It is believed by those in charge of the project that the trees will thrive in this locality, altho the planting is in the nature of an experiment. The trees were obtained on the reservation early last week by Wm. LaFave and Bernard Barzen at cost to the park board of one cent each.

OFFER PLAN FOR SENDING FOOD TO NEEDY IN EUROPE

Cooperative Agency to Handle Shipments to Relatives and Friends

Persons living in this area can now send food direct to relatives, friends and others in war-devastated Europe by sending $15 to a non-profit organization recently set up for that purpose. This organization, the Cooperatives for American Remittances to Europe, otherwise known as CARE, was formed by religious, labor, welfare and other groups interested in foreign relief.

It has the approval of the President's war relief control unit and has a program for direct aid to famine conditions existing in persons in Norway, Finland, Poland, France, Czechoslovakia, Italy and the Netherlands. With near famine conditions existing in many parts of Europe food is desperately needed and this is an opportunity to help those distressed peoples.

An advertisement in another part of the Times gives more details, and the additional information can be obtained from local banks and the cooperatives in Thief River Falls sponsoring the program.

97 Delegates at RRV Augustana Conference Meeting at Evansville

Ninety-seven delegates attended the annual convention of the Red River Valley Lutheran Augustana conference, which closed Sunday, May 5 at Evansville.

Guest speakers were Rev. Elmer Danielson, missionary to Africa, and Rev. Thorsten A. Gustafson, Minneapolis, director of stewardship, Augustana Synod. Officers reelected were Dr. O. O. Gustafson, Alexandria, Minn., president; Rev. G. W. Sanstead, Valley City, N. Dak., vice president; Emil Gahlon, Alexandria, Minn., treasurer; Rev. G. A. Johns, Bismarck, N. Dak., secretary.

A constitutional amendment, providing for a full-time conference president, was defeated. However, the office of stewardship secretary was established, to be carried by the president of the conference. Convention delegates voted to start an ingathering of $100,000 in 1947 to expand the work of the Board of Charities.

Austin—No one questions, much, the aphorism that Dog Is Man's Best Friend. RITES MONDAY FOR N. B. LUNSETTER

Longtime Resident of Gatzke Died April 30

Funeral services were held for Norman B. Lunsetter Monday, May 6, at the Landstad church at Gatzke, Pastor J. Kronlokken officiated and was assisted in Norwegian by Pastor T. C. Hanson of Roseau.

Mr. Lunsetter was born at Brookings, S. Dak., November 22, 1896. With his parents, when one year old, he came as a pioneer into what now is the Gatzke community and had spent his life there.

On November 5, 1923 he was united in marriage to Gilma Lian of the Gatzke community and they have three children. It was but a year ago that the family had moved to their own farm and were just nearing the completion of their new house. He had noticed signs of failing health but his death came suddenly while he was doing field work on his farm. He died April 30, and at the time of his passing was 49 years of age.

Besides his wife, Gilma, and his three children, Eleanore, (Mrs. Eugene Zacharis, of Minneapolis Glen and Gloria at home; he is survived by his parents Mr. and Mrs. H. A. Lunsetter of Gatzke, and brothers and sisters Melvin, Walter, and Mrs. John Olufson of Gatzke; Mrs. Martin Aune of International Falls, Mrs. Jens Greenli of Dutton, Montana and Mrs. Arthur Nelson of Minneapolis. Two sisters preceded him in death: Selma, who died in infancy, and Mrs. Oscar Thompson of Halton, N. D. There are also nieces and nephews and other relations, and a host of friends who mourn his passing.

Mr. Lunsetter was active in work of the church and in those activities promoting the welfare of the community. He had served as a member of the town board for many years.
